Migration, Mobility and Place in Ancient Italy Elena Isayev, 2017-08-31

Migration Mobility and Place in Ancient Italy challenges prevailing conceptions of a natural tie to the land and a demographically settled world It argues that much human mobility in the last millennium BC was ongoing and cyclical In particular outside the military context the foreigner in our midst was not regarded as a problem Boundaries of status rather than of geopolitics were those difficult to cross The book discusses the stories of individuals and migrant groups traders refugees expulsions the founding and demolition of sites and the political processes that could both encourage and discourage the transfer of people from one place to another In so doing it highlights moments of change in the concepts of mobility and the definitions of those on the move By providing the long view from history it exposes how fleeting are the conventions that take shape here and now

three issue subscription covering the current year or as an annual cumulation covering the past year The Mysterious and the Foreign in Early Modern England Helen Ostovich, Mary V. Silcox, Graham Roebuck, 2008 The essays collected in this volume explore many of the most interesting and some of the more surprising reactions of English people in the early modern period to their encounters with the mysterious and the foreign In this period the small and peripheral nation of English speakers first explored the distant world from the Arctic to the tropics of the Americas to the exotic East and snowy wastes of Russia recording its impressions and adventures in an equally wide variety of literary genres Nearer home fresh encounters with the mysterious world of the Ottoman Empire and the lure of the Holy Land and of course with the evocative wonders of Italy provide equally rich accounts for the consumption of a reading and theatergoing public This growing public proved to be in some cases naive and gullible in others urbanely sophisticated in its reactions to otherness or frankly incredulous of travelers tales BOOK JACKET **Revival: The Common People of Ancient Rome (1911)** Frank Frost Abbott, 2018-01-16 This book like the volume on Society and Politics in Ancient Rome deals with the life of the common people with their language and literature their occupations and amusements and with their social political and economic conditions We are interested in the common people of Rome because they made the Roman Empire what it was They carried the Roman standards to the Euphrates and the Atlantic they lived abroad as traders farmers and soldiers to hold and Romanize the provinces or they stayed at home working as carpenters masons or bakers to supply the daily needs of the capital The other side of the subject which has engaged the attention of the author in studying these topics has been the many points of similarity which arise between ancient and modern conditions and between the problems which the Roman faced and those which confront us **New York Magazine** , 1991-04-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Athenaeum** James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1914 *The Athenaeum* , 1863 **John O' London's** , 1961 **New York Times Book Review and Magazine** , 1969 **The national encyclopædia.
