The Reconquest Kings of Portugal S. Lay,2008-11-28 Examines the political development of Portugal between the eleventh and thirteenth centuries Taking place amid the struggle between Christendom and the Islamic world for control over the Iberian Peninsula the formation of Portugal also depended on the growing European influence felt throughout the peninsula during these centuries **Subject Catalog** Library of Congress, **Forthcoming Books** Rose Army,1993

Paperbound Books in Print 1995 Reed Reference Publishing,R5ference Reed,1995-12 **Paperbound Books in Print** ,1992 *Rome* Henry Turner Inman,1912 **Enrico Dandolo and the Rise of Venice** Thomas F. Madden,2006-09-29 Winner of the 2005 Otto Grundler Award the International Congress on Medieval Studies Between the eleventh and thirteenth centuries Venice transformed itself from a struggling merchant commune to a powerful maritime empire that would shape events in the Mediterranean for the next four hundred years In this magisterial new book on medieval Venice Thomas F Madden traces the city state s extraordinary rise through the life of Enrico Dandolo c 1107 1205 who ruled Venice as doge from 1192 until his death The scion of a prosperous merchant family deeply involved in politics religion and diplomacy Dandolo led Venice s forces during the disastrous Fourth Crusade 1201 1204 which set out to conquer Islamic Egypt but instead destroyed Christian Byzantium Yet despite his influence on the course of Venetian history we know little about Dandolo and much of what is known has been distorted by myth The first full length study devoted to Dandolo s life and times Enrico Dandolo and the Rise of Venice corrects the many misconceptions about him that have accumulated over the centuries offering an accurate and incisive assessment of Dandolo s motives abilities and achievements as doge as well as his role and Venice s in the Fourth Crusade Madden also examines the means and methods by which the Dandolo family rose to prominence during the preceding century thus illuminating medieval Venice s singular political social and religious environment Culminating with the crisis precipitated by the failure of the Fourth Crusade Madden s groundbreaking work reveals the extent to which Dandolo and his successors became torn between the anxieties and

apprehensions of Venice's citizens and its escalating obligations as a Mediterranean power Crusaders, Condottieri, and Cannon Donald Joseph Kagay, L. J. Andrew Villalon, 2003 This collection of eighteen essays focuses on various phases of warfare around the medieval Mediterranean Topics of these essays range from crusading activity to the increasing use of mercenaries to the spread of gunpowder weaponry *Babylon on Hudson*, 1932 *Twelve Future Acts of Napoleon III*. Michael Paget BAXTER, 1872 **Religious Warfare in Europe 1400-1536** Norman Housley, 2008-11-06 Religious warfare has been a recurrent feature of European history In this intelligent and readable study the distinguished Crusade historian Norman Housley describes and analyses the principal expressions of holy war in the period from the Hussite wars to the first generation of the Reformation The context was one of both challenge and expansion The Ottoman Turks posed an unprecedented external threat to the Christian republic while doctrinal dissent constant warfare between states and rebellion eroded it from within Professor Housley shows how in these circumstances the propensity to sanctify warfare took radically different forms At times warfare between national communities was shaped by convictions of sacred patriotism either in defending God given native land or in the pursuit of messianic programmes abroad Insurrectionary activity especially when driven by apocalyptic expectations was a second important type of religious war In the 1420s and early 1430s the Hussites waged war successfully in defence of what they believed to be God's Law And some frontier communities depicted their struggle against non believers as religious war by reference to crusading ideas and habits of thought Professor Housley pinpoints what these conflicts had in common in the ways the combatants perceived their own role their demonization of their opponents and the ongoing critique of religious war in all its forms This is a major contribution to both Crusade history and the study of the Wars of Religion of the early modern period Professor Housley explores the interaction between Crusade and religious war in the broader sense and argues that the religious violence of the sixteenth and seventeenth centuries was organic in the sense that it sprang from deeply rooted proclivities within European society *National Union Catalog*, 1983 **Subject Guide to Books in Print**, 1993 *Cultures of Eschatology* Veronika Wieser, Vincent Eltschinger, Johann Heiss, 2020-07-20 In all religions in the medieval West as in the East ideas about the past the present and the future were shaped by expectations related to the End The volumes *Cultures of Eschatology* explore the many ways apocalyptic thought and visions of the end intersected with the development of pre modern religio political communities with social changes and with the emergence of new intellectual and literary traditions The two volumes present a wide variety of case studies from the early Christian communities of Antiquity through the times of the Islamic invasion and the Crusades and up to modern receptions from the Latin West to the Byzantine Empire from South Yemen to the Hidden Lands of Tibetan Buddhism Examining apocalypticism messianism and eschatology in medieval Christian Islamic Hindu and Buddhist communities the contributions paint a multi faceted picture of End Time scenarios and provide their readers with a broad array of source material from different historical contexts The first volume *Empires and Scriptural Authorities*

examines the formation of literary and visual apocalyptic traditions and the role they played as vehicles for defining a community's religious and political enemies The second volume Time Death and Afterlife focuses on key topics of eschatology death judgment afterlife and the perception of time and its end It also analyses modern readings and interpretations of eschatological concepts *Crusaders of Chemistry* Jonathan Norton Leonard, 1930
