of the original first published in 1875 **The Holy Year of Jubilee** Herbert Thurston, 1900 This historic book may have numerous typos missing text or index Purchasers can download a free scanned copy of the original book without typos from the publisher 1900 06 Not illustrated Excerpt CHAPTER VI The Ceremonies Of The Jubilee In the still unpublished diary¹ of Francesco Mucanzio papal master of ceremonies at the close of the sixteenth century we find that distinguished rubrician in December 1574 discussing at some length the ritual to be used in the unwalling of the Holy Door at the forthcoming celebration of the Jubilee He tells us that as the time for the ceremony drew near he went to his Holiness Pope Gregory XIII and submitted to him a memorandum concerning the preparations to be made and the things to be then observed It appears however that his colleague in the office of master of ceremonies also went to the Pope with a similar programme which he declared to be that which had been followed by Julius III in the year 1550 It differed very little from mine says Mucanzio except in the versicles and responses Those which I had set down were taken from an ancient roll a quodam rotulo antiquo used in the time of Clement VII and of these versicles there was probably no accurate copy forthcoming in 1550 on account of the pillage and disasters to which the city had been subjected he refers presumably to the sack of Rome in 1527 hence they had been somewhat altered My opinion was that out of the two sets which we had before us a third more appropriate than either might have been drawn up but when the matter was proposed in the Congregation of Cardinals appointed for the revision of ceremonies they decided that as regards the versicles 1The copy here quoted is contained in MS Addit 26811 at the British Museum and prayers the precedent of Julius III s time should be adhered to in every particular The fact is adds Mucanzio we have nothing prescribed about this matter in the Book of Ceremonies 1 and on this ac *The Renaissance in Rome* Charles L. Stinger, 1998 From the middle of the fifteenth century a distinctively Roman Renaissance occurred A shared outlook a persistent set of intellectual concerns similar cultural assumptions and a commitment to common ideological aims bound Roman humanists and artists to a uniquely Roman world different from Florence Venice and other Italian and European centers This book provides the first comprehensive portrait of the Roman Renaissance world Charles Stinger probes the basic attitudes the underlying values and the core convictions that Rome s intellectuals and artists experienced lived for and believed in from Pope Eugenius IV s reign to the Eternal City in 1443 to the sacking of 1527 He demonstrates that the Roman Renaissance was not the creation of one towering intellectual leader or of a single identifiable group rather it embodied the aspirations of dozens of figures active over an eighty year period Stinger illuminates the general aims and character of the Roman Renaissance Remaining mindful of the economic social and political context Rome s retarded economic growth the papacy s increasing entanglement in Italian politics papal preoccupation with the crusade against the Ottomans and the effects of papal fiscal and administrative practices Stinger nevertheless maintains that these developments recede in importance before the cultural history of the period Only in the context of the ideological and cultural commitments of Roman humanists artists and architects can one fully understand the motivation for papal policies Reality for Renaissance

Romans was intricately bound up with the notion of Rome's mythic destiny. The Renaissance in Rome is cultural history at its best. It evokes the moods, myths, images, and symbols of the Eternal City as they are manifested in the Liturgy, ceremony, festivals, oratory, art, and architecture of Renaissance Rome. Throughout Stinger focuses on a persistent constellation of fundamental themes: the image of the city of Rome, the restoration of the Roman Church, the renewal of the Roman Empire, and the fullness of time. He describes and analyzes the content, meaning, origin, and implications of these central ideas of Roman Renaissance. This book will prove interesting to both Renaissance and Reformation scholars as well as to general readers who may have visited or plan to visit Rome and have become fascinated and affected by this extraordinary city. There is no other book like it in any language, says Renaissance historian John O'Malley. It presents a coherent view of Roman culture, collects and presents a vast amount of information never before housed under one roof. Anyone who teaches the Italian Renaissance, O'Malley stresses, will have to know this book.

Rome Reshaped Desmond O'Grady, 1999. The year 2000 is the first Jubilee or Holy Year to coincide with a millennium, and it is expected to inspire the world's largest ever pilgrimage, bringing some thirty million visitors to Rome. What might these contemporary pilgrims expect to find other than the world's largest ever traffic jam? In this wise and often witty book, longtime Vatican observer Desmond O'Grady has written a fascinating history of Rome and the papacy seen through the grid of the twenty-five Jubilees that have occurred since the practice was initiated seven hundred years ago. During each Jubilee Year, the Holy See has asserted its centrality, its universal relevance, and responded to various challenges: the Islamic threat, the Reformation, the Enlightenment, and the loss of the Papal States. The story of the Jubilees is told by means of the following coordinates: the state of the city and of the church at the time; the most memorable episodes; and the reactions of the pilgrims, many of them kings, queens, and emperors. These liminal or threshold moments find the church often at its best and its worst. The final chapter analyzes the announced goals and prospects for Jubilee 2000 and explains how the church hopes to ferry humankind into the third millennium with a new sense of history as a meaningful journey.

Book jacket: **The Life and Legacy of Rodrigo Borgia** Charles River Editors, 2025-06-24. Alexander never did what he said; Cesare never said what he did. Italian Proverb. A lot of ink has been spilled covering the lives of history's most influential figures, but how much of the forest is lost for the trees? When historians are asked to pick a point in history when Western civilization was transformed and guided down the path to modernity, most of them point to the Renaissance. Indeed, the Renaissance revolutionized art, philosophy, religion, sciences, and math, with individuals like Galileo, Leonardo, Michelangelo, Raphael, Dante, and Petrarch bridging the past and modern society. In Charles River Editors' *Legends of the Renaissance*, readers can get caught up to speed on the lives of the most important men and women of the Renaissance in the time it takes to finish a commute while learning interesting facts long forgotten or never known. History of the Holy Years through Mass Media (1900-2015) Gianluca della Maggiore, Raffaella Perin, Federico Ruozzi, Dario Edoardo Viganò, 2025-09-29 As soon as Jubilees or Holy Years appeared on the 14th century historical stage they became the papal monarchy's most relevant political and economic instruments Since the 20th century jubilee celebrations have also proved to be extraordinary moments of confrontation though not always easy or unambiguous between the papacy and the rapidly developing mass audiovisual media On the one hand the jubilees have served as catalysts for attention towards the Vatican amplifying the traditional reasons behind the attraction of the Eternal City as a destination for imposing pilgrimages and as a theater for spectacular liturgical ceremonies On the other hand the Holy Years have provided the opportunity for the Holy See to experiment through audiovisual media with new ways of interpreting and unfolding the universal mission of the papacy finally freed from temporal concerns This volume aims to reconstruct this complex and little investigated connection by drawing on a variety of sources from the Vatican archives as well as little known audiovisual sources Focusing on one hundred years of history 1900-2015 the events of both ordinary and extraordinary jubilees are analyzed from the perspective of each of the audiovisual mass media cinema radio and television
