Rome In The East:

Rome in the East Warwick Ball, 2000 Warwick Ball argues that the story of Rome is the story of the East more than the story of the West BOOK JACKET *Rome in the East* Warwick Ball, 2016-06-10 This new edition of *Rome in the East* expands on the seminal work of the first edition and examines the lasting impact of the near Eastern influence on Rome on our understanding of the development of European culture Warwick Ball explores modern issues as well as ancient and overturns conventional ideas about the spread of European culture to the East This volume includes analysis of Roman archaeological and architectural remains in the East as well as links to the Roman Empire as far afield as Iran Central Asia India and China The Near Eastern client kingdoms under Roman rule are examined in turn and each are shown to have affected Roman and ultimately European history in different but very fundamental ways The highly visible presence of Rome in the East mainly the architectural remains some among the greatest monumental buildings in the Roman world are examined from a Near Eastern perspective and demonstrated to be as much if not more a product of the Near East than of Rome Warwick Ball presents the story of Rome in the light of Rome's fascination with the Near East generating new insights into the nature and character of Roman civilisation and European identity from Rome to the present Near Eastern influence can be seen to have transformed Roman Europe with perhaps the most significant change being the spread of Christianity This new edition is updated with the latest research and findings from a range of sources including field work in the region and new studies and views that have emerged since the first edition Over 200 images most of them taken by the author demonstrate the grandeur of Rome in the East This volume is an invaluable resource to students of the history of Rome and Europe as well as those studying the Ancient Near East *Rome in the East. The Transformation of an Empire*, 2000 *Rome in the East* Warwick Ball, 2002 **Rome in the East** Warwick Ball, 2000 In this work archaeologist Warwick Ball presents a comprehensive account of the history architecture and archaeology of the Eastern provinces of the Roman Empire and explores the influence of Roman fascination with the East **Rome's Eastern Trade** Gary K. Young, 2003-10-04 Utilising new archaeological research the author questions the traditionally held view that the imperial government had a strong political interest in eastern trade Instead he argues that their primary motivation was the tax income *Discovering Rome's Eastern Frontier* Timothy Bruce Mitford, 2021-11-30 The eastern frontier of the Roman Empire extended from northern Syria to the western Caucasus across a remote and desolate region 800 miles from the Aegean It followed the great Euphrates valley to penetrate the harsh mountains of Armenia Minor and south of the Black Sea along the Pontic coast to the finally reach the foothills of the Caucasus Though vast this terrain has long remained one of the great gaps in our knowledge of the ancient world barely visited and effectively unknown until now Here Timothy Bruce Mitford offers an account of half a century of research and exploration over sensitive territory in challenging conditions to discover the material remains of Rome's last unexplored frontier The geographical framework introduces frontier installations as they occur fortresses and forts roads bridges

signalling stations and navigation of the Euphrates The journey is enriched with observations of consuls and travellers memories of Turkish and Kurdish villagers and notes and photographs of a way of life little changed since antiquity The process of discovery was mainly on foot staying in villages with local guides following ancient tracks and conversing with great numbers of people provincial and district governors village elders and teachers police and jandarma farmers and shepherds and everyone in between This came with its perils and pleasures encounters with treasure hunters and apparent bandits tales of saints and caravans arrests and death threats bears and wild boars rafts and fishing earthquakes all amid the tumultuous events of the second half of the twentieth century Richly illustrated with large scale maps photographs and sketches this is an account of travel and discovery set against a background of a disappearing world encountered in the long process of academic exploration

The Limits of Empire Benjamin H. Isaac, 1990 For more than seven centuries most of the Near East was part of the Roman empire Yet no work exists which explores the means by which an ancient power originating in the western Mediterranean could control such a vast and distant region What was the impact of the army presence on the population of the provinces How did Rome respond to the challenge posed by the desert and its nomadic population Isaac here offers answers to these questions in the first comprehensive treatment of the Roman military presence in the Near East Using both well known and neglected sources he reassesses the means by which Rome achieved and maintained its control over the region His study now revised and updated to reflect recent research findings casts new light on an important issue which has far reaching implications for the understanding of ancient and modern imperialism
