You are the Weather Roni Horn, 1997 *The Photograph as Contemporary Art* Charlotte Cotton, 2021-02-16 A new edition of the definitive title in the field of contemporary art photography by one of the world's leading experts on the subject Charlotte Cotton In the twenty first century photography has come of age as a contemporary art form Almost two centuries after photographic technology was first invented the art world has fully embraced it as a legitimate medium equal in status to painting and sculpture *The Photograph as Contemporary Art* introduces the extraordinary range of contemporary art photography from portraits of intimate life to highly staged directorial spectacles Arranged thematically the book reproduces work from a vast span of photographers including Andreas Gursky Barbara Kasten Catherine Opie Cindy Sherman Deana Lawson Diana Markosian Elle P rez Gregory Halpern Lieko Shiga Nan Goldin Paul Mpagi Sepuya Pixy Liao Susan Meiselas and Zanele Muholi This fully revised and updated new edition revitalizes previous discussion of works from the 2000s through dialogue with more recent practice Alongside previously featured work Charlotte Cotton celebrates a new generation of artists who are shaping photography as a culturally significant medium for our current sociopolitical climate A superb resource *The Photograph as Contemporary Art* is a uniquely broad and diverse reflection of the field **Proximity and Distance in Northern Landscape Photography** Darcy White, Chris Goldie, 2020-07-02 Northern landscapes are both real places and representations imagined spaces notions which are bound to collide in landscape photography In this book photographers academics curators and archivists from Germany Finland Scandinavia the US and the UK address urgent questions about environmental degradation globalization consumerism and the role of new technologies of representation in relation to landscape Wide ranging case studies examine the interpretation experience and appropriation of landscape in northern Europe northern England Scotland and the Nordic countries The book explores tensions in landscape photography between an emphasis on proximity and the embodied experience of place and space and an advocacy of distance and critical engagement and a questioning of the primacy of direct experience **Roni Horn** Nora Burnett Abrams, Jarrett Earnest, Anne Carson, Roni Horn, 2025-09-09 A comprehensive look at the celebrated work of contemporary artist Horn whose innovative exploration of water as a medium and metaphor has established her as a vital voice in the discourse on identity perception and the environment This book is a captivating exploration of Horn's decades long fascination with water both as a material and a metaphor Known for her provocative approach to perception identity and the mutability of form Horn uses water to mirror human experience and emotion Born in 1955 in New York Horn has spent decades pushing the boundaries of art to explore the complexities of identity perception and nature Horn's body of work spans photography cast glass and installation consistently returning to the theme of fluidity Her iconic series *You Are the Weather* 100 photographs of Icelandic artist Margr t Haraldsd ttir Bl ndal submerged in water reveals how water can both obscure and define identity Similarly her liquid glass sculptures play with the tension between solidity and fluidity their colors ranging from turquoise to black In an era

marked by climate change and water scarcity Horn's works pose urgent questions about water as a shared resource and a symbol of impermanence and survival This volume not only offers a retrospective of her water centered works but also connects them to broader global challenges with critical and poetic texts by Nora Burnett Abrams Jarrett Earnest Anne Carson and the artist herself *American/Medieval Goes North* Gillian R. Overing, Ulrike Wiethaus, 2019-10-07 One of the great virtues of *American/Medieval Goes North* is its wide range of contributors with fascinatingly diverse relationships to the main terms of analysis There are academic scholars poets filmmakers tribal elders teachers at various levels there are Indigenous people people from settler colonial cultures expats immigrants Their analytic and imaginative encounters with the North catch at the intensely symbolic and political charge of that locus At a time when Medieval Studies cannot afford to ignore the period's popular uptake cannot continue with business as usual in the face of white supremacists brazen appropriations of the Middle Ages this volume points to new possibilities for grappling with the uneasy relationships between the American and the medieval Prof Carolyn Dinshaw New York University

The Sharing Economy Sophie Berrebi,2023-03-02 Three Women meets Crudo a frank and fresh literary debut about the dawn of dating apps in Amsterdam Sexual infidelity is unavoidable for whatever reasons in long monogamous relationships so why not give the other sexual freedom as a gesture of love of communication maybe Amsterdam in 2014 is an historic city situated at the heart of the future One of the biggest hubs for internet traffic in the world it has become a favourite testing ground for the new internet platforms that form the vanguard of what has been coined the sharing economy Gabrielle Bloom is a woman in her mid 40s working as an exhibition curator She is happily married to Anton and loves her son Victor They have a circle of sophisticated friends and enjoy the life of two successful and respectable professionals living in one of the world s most beautiful and culturally rich cities There is though one crucial difference between their relationship and those of their friends Gabrielle and Anton enjoy an open marriage When Gabrielle is introduced during a visit to a feminist art collective to a new dating app that has recently launched in the city

fresh horizons open up With an almost unlimited number of potential partners suddenly available to her she quickly develops a taste for the thrill of a brief sexual encounter Moving from one assignation to the next things at first seem exhilarating and uncomplicated But the human heart has not evolved at the same rate as the silicon chip and when attachments start to form things rapidly become less simple Set during one intense and transformative year and suffused with art sex and philosophy The Sharing Economy is at once a uniquely radical reappraisal of the way we view relationships and a tender and moving depiction of the many ways in which the human heart is capable of love Monument Culture Laura A.
