Rooted in Spirit Claude Larre, Elisabeth Rochat de la Vallée, 1995 This book is both a translation and interpretation of Chapter 8 of the Huangdi Neijing Ling Shu which described the ancient Chinese view of how the emotions influenced physical health The heart was the center of a living being and the home of Spirit and the peace and health of the heart could be compromised by human emotions Larre s interpretation stresses the communication needed between patient and doctor to design a therapy geared specifically to each patient s authentic nature
