Roots Of Psychotherapy:

Roots Of Psychotherapy Carl A. Whitaker, Thomas P. Malone, 2014-05-12 First published in 1994 This monograph proposes a scientific formulation of the art of psychotherapy The recent recognition of this treatment process as a separate discipline makes imperative the understanding of its nature and the comprehension of those features common to all forms of psychotherapy regardless of differences in technique or in school orientation The book is divided into three sections 1 Foundation deals with the relationship of psychotherapy to general biology especially to growth and adaptation and with the common features as well as the differences in the major approaches to psychotherapy 2 Process presents a formulation of the essential phases and the dynamics of any psychotherapeutic relationship and 3 Techniques presents some techniques which the authors have found useful in their own work as psychotherapists

Jacob Boehme and the Spiritual Roots of Psychotherapy Glenn J. McCullough, 2025-04-14 Jacob Boehme 1574 1624 was a wildly creative mystical writer whose extraordinary revelations of God the soul and the universe have been consigned to obscurity In this original book Glenn J McCullough argues that Boehme is the ultimate source of a key modern movement psychotherapy Bringing clarity to Boehme s revelations McCullough shows how he anticipates the pioneering concepts of Sigmund Freud and C G Jung including their ideas of the unconscious mind and its remarkable potentials At the centre of Boehme s thought is the figure of Sophia divine Wisdom and her seven drives which guide the soul on a journey of expanded awareness and rebirth While Boehme has been dismissed as an esoteric outsider McCullough situates him in the mainstream Western tradition of Augustine and Luther while highlighting his unique approach to the ecstatic dream world of Wisdom

The Person of the Therapist Edward W.L. Smith, 2010-06-28 The techniques of psychotherapy are often given undue emphasis slighting the importance of the psychotherapist Research suggests that the same techniques are differently effective when used by equally trained and supervised therapists Not only are some therapists more effective irrespective of the type of therapy they practice but some because of their personal qualities may actually harm those with whom they work This research reflects the vast importance of the personality of the therapist evoking the question of how a therapist may develop personhood Aimed at training as well as practicing psychotherapists social workers counselors psychologists and psychiatrists this scholarly exploration of personhood includes various models for classifying the types of psychotherapy and the place of personhood in this context as well as a review of existing theory and research literature on specific personal therapist variables as they relate to therapy outcome The role of traditional spirituality in the development of personhood is given particular emphasis

Dimension of Counselling Geetanjali Srivastava, 2022-10-15 Human beings are the most intelligent creation of god The creative and imaginative capability of human beings is immeasurable and cannot be controlled by any mean Hence every human being is the source of creativity and power to change the whole world The prosperity and well being of human society is highly dependent on the deeds of every member of society Every act of ours is the result of our thought process The process of human evolution is the result of the generation of thoughts stimulated by the given objects Our five senses receive the stimulation from our surroundings and responds in form of thoughts expressed verbally and non verbally Therefore we can say that a balanced and appropriate thought process is essential for the normal behavior of a human being
