Convicts and the Arts

Professor Max Howell, Dr Lingyu Xie, 2013-11-01 There are a considerable number of books on the art of the convicts so Convicts Art has been covered reasonably well but art is only one facet of the arts that has been examined to any extent This book concerns itself with Convicts the Arts This book then endeavors to look at the convicts contribution to the arts and demonstrates without doubt that the convicts made a significantly broader contribution to the culture of Australia than previously thought There is a common misconception that all convicts were immediately institutionalised in a cell and convict culture was solely a prison culture It needs reinforcing that when the First Fleet arrived there were no prisons in Australia no cells where they could put the convicts The early governors and principal authorities quite logically endeavoured to use whatever skills the convicts had So artists generally forgers were placed with those who were interested in recording a visual history of this new land Among the convicts were bricklayers house painters jewelers silversmiths goldsmiths and so on and some of them made significant contributions to the emerging society Some of these contributions will be developed herein This work endeavors to examine the convicts contribution to the arts in Australia in areas like the writing of novels poetry autobiographies sculpture theatre music architecture jewelry the press decorative arts and pottery Australian Sculptors

The Endless Thread

Gerald Makin, 2013-08-15 The Endless Thread is a clearly written account of the discovery of a very ancient and hitherto secret Celtic oral tradition dating back to a time long before the Celts became known to history This tradition is a cornucopia of knowledge and beliefs which are relevant to the present time and demand a total re evaluation of our most cherished beliefs This knowledge was held in secret because in historical times it could not have been understood Church and state would have sought to extinguish it seeing it as a threat to their power Western culture has now reached a stage at which what has been so carefully preserved can be considered by minds not burdened by dogma religious or scientific Important aspects of the ancient knowledge are encoded in the Book of Kells now in the keeping of Trinity College Dublin A detailed explanation is given here Other sources are described and illustrated The author has made a major discovery hidden for millennia in the prehistoric Glastonbury Zodiac This too is illustrated Other discoveries are also described What was the deluge remembered in the lore of many peoples throughout the world An explanation is suggested here Although the existence of Atlantis is usually denied as a geological impossibility the Celtic tradition sidesteps this view with a radical alternative also accounting for the fabled continent of Mu Personal experiences of the author and others are interwoven with the main theme of this book some surprising some harrowing and some humorous The Endless Thread commends itself to those seeking answers but not to the gullible or to sensation seekers *A Biographical Register,*

1788-1939 Herbert James Gibbney, Ann Gertrude Smith, 1987 Essentially a supplement to the Australian dictionary of biography containing brief biographical information on people who were short listed but not finally included in the work
