## Ross Dane:

*Aksel Sandemose and Canada* Aksel Sandemose, University of Regina. Canadian Plains Research Center, 2005 Aksel Sandemose 1899 1965 is considered by many Nordic scholars to be one of the most significant Scandinavian writers of the 20th century He is widely read in Denmark Norway and Sweden and it is virtually impossible to get through secondary in those countries without having read some of his work In addition he has been translated into other languages such as English French German and Polish though he is still not particularly well known outside of Scandinavia In 1927 Sandemose made a trip to western Canada sponsored in part by the Canadian Pacific Railway The idea was that he would write about conditions in the Danish settlements there and consider advantages in immigrating to the country The result was a series of articles and stories about Canada and three novels This volume is an English translation of most of Sandemose's articles and stories that deal with or are set in Canada and a critical introduction starting with a survey of Danish immigration to Canada then covering Sandemose's early years up to his immigration to Norway and stressing the role Canada played in his life **This Comic Kills** greg studley, 2017-06-28 Take a look inside the twisted mind of a serial killing comedian as he stalks his prey all across the country With law enforcement on his tail and the bodies piling up he must stay one step ahead because the show must go on **S.I.B.lings** Iris Bolling, 2023-09-23 In a world where mortal connections are believed to be separated by six degrees The Society of Intellectual Beings challenges this notion Within their intertwined bloodlines the degrees of separation are blurred A young man bestowed with divine powers holds the key to saving humanity from its own destructive path When Wade Tyson's biological parents tragically passed away within a day of each other a dark conspiracy unravels before him and his brothers Through his mother's journals Wade discovers a realm of inexplicable abilities that lie dormant within him Supported by his adopted brothers Wade delves deeper into his newfound powers and uncovers a link to The Society of Intellectual Beings Their investigation leads them to a scientist who plans to infiltrate the government using genetically engineered beings Wade's brothers along with other individuals who are connected to powerful positions within the government were unwitting participants in the same experiment As they strive to identify their siblings and thwart the sinister scheme the burden falls on Wade and his untested abilities to prevent the scientist's murderous plans As evil forces grip the nation the boundaries between reality and the supernatural become increasingly blurred Time is of the essence leaving no room for hesitation Will the siblings unite to save themselves and dismantle the designs of their creator before it's too late The fate of their world hangs in the balance Creating Societies Dirk Hoerder, 2000 The birth of Canada as a society and a nation has often been told from the narrow perspective of the founding nations These versions have left little room for the everyday experiences of a wide variety of individual immigrants who have had to adjust **The Literary History of Alberta Volume One** George Melnyk, 1998-04 Alberta's contradictory landscape has fired the imaginative energies of writers for centuries The sweep of the plains the thrust of the Rockies and the long roll of the woodlands have left

vivid impressions on all of Alberta's writers both those who passed through Alberta in search of other horizons and those who made it their home. The Literary History of Alberta surveys writing in and about Alberta from prehistory to the middle of the twentieth century. It includes profiles of dozens of writers from the earnestly intended to the truly gifted and their texts from the commercial to the arcane. It reminds us of long forgotten names and faces, figures who quietly or not so quietly wrote the books that underpin Alberta's thriving literary culture today. Melnyk also discusses the institutions that have shaped Alberta's literary culture. The Literary History of Alberta is an essential text for any reader interested in the cultural history of western Canada and a landmark achievement in Alberta's continuing literary history.

**The Rugged Danish Settlement** Pass Lake Historical Society, 2024-04-18. In 1924 Sibley and McTavish Townships were set aside for settlement by Danish homesteaders. They were eager to take advantage and the opportunity to own land in this new country. The Danish immigrants underwent great trials to clear the land for farming and build houses in the region. Despite many hardships and setbacks due to fires and the economy, the clearings and buildings emerged. Logging in the area became a main source of income along with farms and the well-known strawberry farms. As the settlers began to realize their dreams, the colony started to thrive, thus establishing the community of Pass Lake. This being our 100-year celebration, it is the goal of the Pass Lake Historical Society that we commemorate this occasion by compiling stories from our early pioneers to the present. We acknowledge where we started and continue to embrace as we move forward in the future. This community has roots even though many have moved away; they hold this Rugged Danish Settlement deep in their heart.

**Historical Dictionary of Scandinavian Literature and Theater** Jan Sjøvik, 2006-04-19. The literature of Scandinavia is amazingly rich and varied, consisting of the works produced by the countries of Denmark, Norway, Sweden, Finland, and Iceland, and stretching from the ancient Norse Sagas to the present day. While much of it is unknown outside of the region, some has gained worldwide popularity, including the fairy tales of Hans Christian Andersen, the stories of Isak Dinesen, and the plays of Henrik Ibsen and August Strindberg. While obviously including the area's most famous works, the Historical Dictionary of Scandinavian Literature and Theater also provides information on lesser-known authors and current trends, literary circles and journals, and historical background. This is accomplished through a list of acronyms, a chronology, an introductory essay, a bibliography, and several hundred cross-referenced dictionary entries, which together make this reference the most comprehensive and up-to-date work of its kind related to Scandinavian literature and theater, available anywhere.

**A History of Norwegian Literature** Harald S. Næss, 1993-01-01. Volume 2. **Philosophy of Antifascism** Devin Zane Shaw, 2020-06-11. On January 20th, 2017, during an interview on the streets of Washington, D.C., white nationalist Richard Spencer was punched by an anonymous antifascist. The moment was caught on video and quickly went viral, and soon punching Nazis was a topic of heated public debate. How might this kind of militant action be conceived of or justified philosophically? Can we find a deep commitment to antifascism in the history of philosophy? Through the existentialism of Simone de Beauvoir, with some reference to Fanon and Sartre, this book

identifies the philosophical reasons for the political action being enacted by contemporary antifascists In addition using the work of Jacques Rancière it argues that the alt right and the far right aren't a kind of politics at all but rather forms of parapolitical and paramilitary mobilization aimed at re-entrenching the power of the state and capital Devin Shaw argues that in order to resist fascist mobilization contemporary movements find a diversity of tactics more useful than principled nonviolence Antifascism must focus on the systemic causes of the re-emergence of fascism and thus must fight capital accumulation and the underlying white supremacy Providing new incisive interpretations of Beauvoir existentialism and Rancière he makes the case for organizing a broader militant movement against fascism **Wes Craven** John Kenneth

Muir,1998-01-01 Filmmaker Wes Craven has consistently and imaginatively scared movie audiences since the early 1970s His films encompass a variety of styles elements and themes from the nihilistic existentialism of *The Last House on the Left* to the successful *A Nightmare on Elm Street* which sent horror in a bold new direction to the hallucinatory dreamscapes of *The Serpent and the Rainbow* And in the nineties Craven returned with the *Scream* films which were simultaneously funny clever and scary films that overturned the horror clichés of the eighties The present work provides a history of Craven's film career since 1972 examining all the themes and techniques the filmmaker explored For each film a synopsis cast and credits historical context and critical commentary are provided Also covered in detail are Craven's forays into television including movies such as *Stranger in the House* and work on such series as *The New Twilight Zone* **The Werewolf** Aksel

Sandemose,2002 *The Werewolf* is a boldly drawn novel of the tyranny of love over men and women and the unending trials of strength between good and evil in human nature Its main characters are of heroic stature yet deeply flawed moving against the backdrop of Norwegian society from World War I to the 1960s Over the novel broods the symbol of the Werewolf which for Sandemose represents all the forces hostile to a full free life the thirst for power over others lives the lust to destroy what cannot be possessed or controlled In their private encounters with the Werewolf few can claim total victory Sandemose's characters all bear the scars of lost battles **Siskiyou National Forest (N.F.), Silver Fire Recovery Project** ,1988

S.I.B.s Iris Bolling,2021-10-19 In the mortal world it is believed that there are six degrees of separation That number diminishes within *The Society of Intellectual Beings* The bloodlines are intertwined blurring the degrees of separation Network Executive Wade Tyson gets a story that is a little too close to home His biological parents who were convicted of multiple murders thirty years ago die suspiciously within 24 hours of each other Wade investigates their deaths which leads to questions surrounding the original crime During the investigation Wade opens the door to a multiple generational experiment to create a community of exceptionally intelligent humans To complicate matters these beings have been immersed in mainstream society What if a society of children were conceived to rule the world based on intellectual logic Wade discovers he is connected to the Society of Intellectual Beings in more ways than one Through a series of journals from his now deceased mother Wade has the experience of not only reading her words but absorbing her thoughts Each time he

reads one of her journals certain powers are bestowed upon him The powers come without instructions or warnings but he needs them to complete the task of stopping evil forces from populating the world with S I B s He with the help of his adopted brothers is the only ones who can save the humans from themselves What if the society s disposable children rise up to confront the new world order Wade finds himself conflicted when he discovers each of his adopted brothers were created in the Society of Intellectual Beings but were disposed of as children Doors to a different world open as Wade tries to find answers to questions that will impact not only his life but the world At one point Wade is forced to ask himself What if the S I B s who are directed by their evil creator infiltrated the highest level of government What if
