level where the member states come to negotiate and seek compromises to accommodate their different national preferences towards a deployment. The strength of this multi level collective action approach is demonstrated by four in depth military case studies which analyse the preference formation of France Germany and the UK towards the deployments of Operation Althea in Bosnia and Herzegovina Operation Artemis and EUFOR RD Congo in the Democratic Republic of the Congo DRC and Operation Atalanta off the coast of Somalia respectively. The author draws on a wealth of primary sources including over 50 semi structured interviews conducted with national and EU officials during 2011-15 and provides an up to date overview and critique of the existing theoretical literature on the deployment of ESDP CSDP military operations.
