Routing The Opposition Social Movements Public Policy And Democracy:

Routing The Opposition David S. Meyer, Valerie Jenness, Helen M. Ingram, 2005 Explores the crucial nexus of policy makers and social movements for the first time

Handbook of Social Movements Across Disciplines Bert Klandermans, Conny Roggeband, 2009-12-18 This book aims to revisit the interdisciplinary roots of social movement studies Each discipline raises its own questions and approaches the subject from a different angle or perspective The chapters of this handbook are written by internationally renowned scholars representing the various disciplines involved They each review the approach their sector has developed and discuss their disciplines contributions and insights to the knowledge of social movements Furthermore each chapter addresses the unanswered questions and discusses the overlaps with other fields as well as reviewing the interdisciplinary advances so far

Strategies for Media Reform Jonathan A. Obar, Cheryl Martens, Robert W. McChesney, 2016-08-04 Media reform plays an increasingly important role in the struggle for social justice As battles are fought over the future of investigative journalism media ownership spectrum management speech rights broadband access network neutrality the surveillance apparatus and digital literacy what effective strategies can be used in the pursuit of effective media reform Prepared by thirty three scholars and activists from more than twenty five countries Strategies for Media Reform focuses on theorizing media democratization and evaluating specific projects for media reform This edited collection of articles offers readers the opportunity to reflect on the prospects for and challenges facing campaigns for media reform and gathers significant examples of theory advocacy and activism from multinational perspectives

Conflict Resolution and the Scholarship of Engagement Cheryl Lynn Duckworth, Consuelo Doria Kelley, 2012-03-15 As the field of conflict analysis and resolution continues to grow scholars and practitioners increasingly recognize that we can learn from one another Theory must be informed by practice and practice must draw on sound theory Above and beyond this lies a further recognition without at least attempting to actually engage and transform entrenched conflicts our field cannot hope to achieve its potential We will merely remain in a more diverse multi disciplinary ivory tower This edition breaks new ground in explicitly connecting the Scholarship of Engagement to the work of conflict resolution professionals including those in the academy those in the field and those who refuse to choose between the two The text explores a wide variety of examples of and thinking on the Scholarship of Engagement from participatory action research to peace education and from genocide prevention to community mediation and transitional justice

Social Movements in Chile Sofia Donoso, Marisa von Bülow, 2017-01-21 This book presents rich empirical analyses of the most important movements in Chile s post transition era the Student Movement the Mapuche Movement the Labor Movement the Feminist Movement and the Environmental Movement The chapters illuminate the processes that led to their emergence and detail how actors developed new strategies or revisited old ones to influence the political arena The book also offers contributions that situate these cases both in terms of the general trends in protest in Chile as well as in comparison to other countries in

Latin America Emphasizing various facets of the debate about the relationship between institutional and non institutional politics this volume not only contributes to the study of collective action in Chile but also to the broader social movement literature Special Issue: Social Movements/Legal Possibilities Austin Sarat,2011-02-22 Social movements provide the engine of legal change and law itself spurs social movement activity This issue includes articles on social movements in several different nations including France South Africa and Canada asking us to consider the way context is reflected in movement activities *Civil Rights and the Making of the Modern American State* Megan Ming Francis,2014-04-21 Did the civil rights movement impact the development of the American state Despite extensive accounts of civil rights mobilization and narratives of state building there has been surprisingly little research that explicitly examines the importance and consequence that civil rights activism has had for the process of state building in American political and constitutional development Through a sweeping archival analysis of the NAACP s battle against lynching and mob violence from 1909 to 1923 this book examines how the NAACP raised public awareness won over American presidents and secured the support of Congress In the NAACP s most far reaching victory the Supreme Court ruled that the constitutional rights of black defendants were violated by a white mob in the landmark criminal procedure decision *Moore v Dempsey* This book demonstrates the importance of citizen agency in the making of new constitutional law in a period unexplored by previous scholarship **Handbook of Constructionist Research** James A. Holstein,Jaber F. Gubrium,2013-10-21 Constructionism has become one of the most popular research approaches in the social sciences But until now little attention has been given to the conceptual and methodological underpinnings of the constructionist stance and the remarkable diversity within the field This cutting edge handbook brings together a dazzling array of scholars to review the foundations of constructionist research how it is put into practice in multiple disciplines and where it may be headed in the future The volume critically examines the analytic frameworks strategies of inquiry and methodological choices that together form the mosaic of contemporary constructionism making it an authoritative reference for anyone interested in conducting research in a constructionist vein *The Oxford Handbook of Political Participation* Marco Giugni,Maria Grasso,2022-06-16 The Oxford Handbook of Political Participation provides the first comprehensive up to date treatment of political participation in all its varied forms investigates a wide range of topics in the field from both a theoretical and methodological perspective and covers the most recent developments in the area It brings together research traditions from political science and sociology bridging the gap in particular between political sociology and social movement studies contributions also draw on crucial work in psychology economics anthropology and geography Following a detailed introduction from the editors the volume is divided into nine parts that explore political participation across disciplines core theoretical perspectives methodological approaches modes of participation contexts determinants processes outcomes and current trends and future directions The book will be a valuable reference work for anyone interested in understanding political participation and related themes

Handbook of Politics Kevin T. Leicht, J. Craig Jenkins, 2009-11-28 Political sociology is the interdisciplinary study of power and the intersection of personality society and politics The field also examines how the political process is affected by major social trends as well as exploring how social policies are altered by various social forces Political sociologists increasingly use a wide variety of relatively new quantitative and qualitative methodologies and incorporate theories and research from other social science cognate disciplines The contributors focus on the current controversies and disagreements surrounding the use of different methodologies for the study of politics and society and discussions of specific applications found in the widely scattered literature where substantive research in the field is published This approach will solidly place the handbook in a market niche that is not occupied by the current volumes while also covering many of the same theoretical and historical developments that the other volumes cover The purpose of this handbook is to summarize state of the art theory research and methods used in the study of politics and society This area of research encompasses a wide variety of perspectives and methods that span social science disciplines The handbook is designed to reflect that diversity in content method and focus In addition it will cover developments in the developed and underdeveloped worlds

The Politics of Gay Marriage in Latin America Jordi Díez, 2015-05-05 Díez explores how and why Latin America has become a leader among nations in the passage of gay marriage legislation

Research in Social Movements, Conflicts and Change Patrick G. Coy, 2013-07-01 This volume brings together multi method research on political mobilization in the USA rights in Peru peacebuilding in Croatia and Israel Palestine local forums in the Occupy movement and a crowd behaviors in the context of university party riots

The Media Commons and Social Movements Jorge Saavedra Utman, 2018-11-05 What does it mean to have a voice in a formal democracy operating under neoliberal guidelines and with an almost entirely private media system How can the people gain their voice and engage in a dialogue with hegemonic actors and discourses In this book Jorge Saavedra Utman examines the role of media and communicative practices during one of the largest social mobilizations in Latin America in the last 30 years Chile's 2011 students movement Saavedra Utman observes the eye catching subversive but also intimate practices that in a country with a liberal democracy and neoliberal policies allowed people to speak up and become political actors from grassroots positions Presenting rich qualitative data that is sourced from interviews and focus groups with activists he introduces a fresh perspective on the study of media and communications and social movements Saavedra Utman paints a clearer picture of contentious events since 2011 like the Arab Spring and Occupy to understand the relevance of media and communications in contemporary quests for participation and democracy Promising to be an important book *The Media Commons and Social Movements* represents a significant contribution to our understanding of communicative dimensions of protest and social change

On the Cross Road of Polity, Political Elites and Mobilization Barbara Wejnert, Paolo Parigi, 2016-12-21 This volume discusses the various interrelations that exist within and between social and political phenomena

The Wiley Blackwell Companion to Social Movements David A. Snow, Sarah A. Soule, Hanspeter

Kriesi, Holly J. McCammon, 2023-01-04 The most up to date and thorough compendium of scholarship on social movements This second edition of The Wiley Blackwell Companion to Social Movements features forty original essays from the field With contributions from both established and ascendant scholars the Companion seeks to present current research on social movements in all its diversity It is the most up to date comprehensive volume of social science research on social movements available today The essays address facilitative and constraining contexts and conditions social movement organizations fields and dynamics strategies and tactics micro structural and social psychological dimensions of participation consequences and outcomes and various thematic intersections including the intersection of social movements and social class gender race and ethnicity religion human rights globalization political extremism and more Offers an illuminating guide to understanding the dynamics and operation of social movements within the modern global world Covers a diverse range of topics in the field of social movement studies Offers original state of the art essays by internationally recognized scholars The Wiley Blackwell Companion to Social Movements is recommended for graduate seminars on social movement and for scholars of social movements worldwide It is also an excellent text for college and university libraries especially with graduate programs in the social sciences

Broken Solidarities Felix Anderl, 2024-01-16 Felix Anderl s book is a stimulating analysis of the decline of social movements against the World Bank and the rise of a new form of transnational rule Reflecting on the transnational mobilizations of the 1990s the book examines activists struggles to sustain their momentum It shows how the opening up of world economic institutions contributed to complex rule in global governance creating access for some while weakening their critique and fragmenting the overall movement The book bridges international relations and social movement studies to observe international organizations and social movements in their interaction demonstrating how social movements are divided and ruled in the absence of a ruler

Strangers at the Gates Sidney Tarrow, 2012-03-26 This book contains the products of work carried out over four decades of research in Italy France and the United States and in the intellectual territory between social movements comparative politics and historical sociology Using a variety of methods ranging from statistical analysis to historical case studies to linguistic analysis the book centers on historical catalogs of protest events and cycles of collective action Sidney Tarrow places social movements in the broader arena of contentious politics in relation to states political parties and other actors From peasants and communists in 1960s Italy to movements and politics in contemporary western polities to the global justice movement in the new century the book argues that contentious actors are neither outside of nor completely within politics but rather they occupy the uncertain territory between total opposition and integration into policy

Social Movements and the Transformation of American Health Care Jane C. Banaszak-Holl, Sandra R. Levitsky, Mayer N. Zald, 2010-06-24 This is the first collection of essays to examine dynamics of change in health care institutions through the lens of contemporary theory and research on collective action Gathering scholars from medicine health policy history sociology and political science the book considers health related social

movements from four distinct levels concentrating on movements seeking changes in the regulation financing and distribution of health resources changes in institutions in public health bio ethics and other fields interactions between social movements and professions and the cultural dominance of the medical model and the difficulties for framing and legitimizing new issues in health care it poses At a time when American health care is long overdue for major changes this book takes an essential look at movements policies and institutions to identify the common constraints and opportunities for reform within the health care system *Rich People's Movements* Isaac William Martin,2015-02 Why do protesters sometimes take to the streets to demand lower taxes on the rich In this urgently relevant study sociologist Isaac William Martin examines how these protesters used tactics that they learned in movements of the poor and powerless and sometimes won big *The Politics of Inequality* David Pettinicchio,2021-07-19 For its breadth and depth of research this volume of Research in Political Sociology is essential reading for researchers and students of Politics Sociology and Policy
