Sasanian Society Warriors Scribes Dehqans:

Babylonian Jews and Sasanian Imperialism in Late Antiquity Simcha Gross, 2024-04-11 Offers a radically new account of Babylonian Jewish and rabbinic engagement and negotiation with Sasanian rule *Islamic Gunpowder Empires* Douglas E. Streusand, 2018-05-04 *Islamic Gunpowder Empires* provides readers with a history of Islamic civilization in the early modern world through a comparative examination of Islam's three greatest empires the Ottomans centered in what is now Turkey the Safavids in modern Iran and the Mughals ruling the Indian subcontinent Author Douglas Streusand explains the origins of the three empires compares the ideological institutional military and economic contributors to their success and analyzes the causes of their rise expansion and ultimate transformation and decline Streusand depicts the three empires as a part of an integrated international system extending from the Atlantic to the Straits of Malacca emphasizing both the connections and the conflicts within that system He presents the empires as complex polities in which Islam is one political and cultural component among many The treatment of the Ottoman Safavid and Mughal empires incorporates contemporary scholarship dispels common misconceptions and provides an excellent platform for further study **A Prince Without a Kingdom** Geoffrey Herman, 2012 The Exilarchs professed scions of the biblical Davidic royal line were leaders of the Jews of Babylonia in antiquity They were said to be powerful political figures and to lead a decadent lifestyle Their princely trappings and high handed manner were legend They were reported to be completely assimilated into Persian culture Geoffrey Herman examines the evidence culled mainly from the Talmudic and Geonic literature subjecting the institution of the Exilarchate to literary historical and source critical analysis In addition Herman innovatively utilizes comparative sources from the fields of Iranian studies and Persian Christianity to find the truth underlying the accounts of the historical Exilarchs **Malakut and Other Stories** Bahrām Ṣādiqī, Bahram Sadeqi, 2012 A man who does not recognise his own face an aristocrat who keeps his amputated limbs in jars on the shelf an infant that commits suicide a cat that is secretly writing a novel a rooster that rebels against fate those are some of the characters that make Bahram Sadeqi's stories intriguing incomparable and inimitable Sadeqi is an original story teller who depicts familiar facts and mundane realities in such a way that shocks us to the core and makes us call everything into question With a subtle irony reminiscent of Poe Kafka and Marquez he engages us in an intricate quest to explore the meaning of life death and the cosmos Considering the slight body of work Sadeqi left behind after his untimely death one cannot help but be struck by the impact his work has had on Persian literature nevertheless Sadeqi consistently transgressed established literary ideologies with an easy confidence pioneering an entirely new style of literature and presenting his own unique perspective on the human condition His presence in contemporary Persian prose fiction was like that of a lone meteorite appearing in a blinding flash instantly yet fleetingly illuminating its surroundings then abruptly fading into the darkness leaving only a completely original overwhelming and fantastic trail the remainder of something singularly magnificent that we cannot hope to ever see repeated Ever since he first published his stories in

literary journals as a young writer Sadeqi's works have been widely reprinted finding vast audiences among each new generation of Iranians This collection contains some of Sadeqi's best short stories as well as Malakut his magnum opus a novella that took everyone by surprise in the 1960s still fascinating readers and critics alike Wherefrom Does History Emerge? Tilo Schabert, John von Heyking, 2020-10-26 Powers of chaos accompany any order of the human world being the force against which this order is set Human experience of history is two fold There is history ruled by chaos and history ruled by order History occurs in a continuous flow of both histories The dialectics of life unto nothingness creation struggles for order order achieved is unceasingly actual In exploring it within a wide interdisciplinary and transcultural range this book reaches beyond a conventional philosophy of history It deals with the chaotic as well as the cosmic part of the human historical experience It stages this drama through the tales that religious mythical literary philosophical folkloristic and historiographical sources tell and which are retold and interpreted here From early on humans wished to know where why and wherefore all started and took place Couldn't the dialectics between chaos and order be meaningful Couldn't they assume a productive role as to the world's precarious event Power strife guilt divine grace and revelation literary symbolization as well as storytelling are discussed in this book Philosophy political theory theology religious studies and literary studies will greatly benefit from its width and density *Money, Power and Politics in Early Islamic Syria* John Haldon, 2016-04-22 The transformation of the eastern provinces of the Roman empire from the middle of the seventh century CE under the impact of Islam has attracted a good deal of scholarly attention in recent years and as more archaeological material becomes available has been subject to revision and rethinking in ways that radically affect what we know or understand about the area about state building and the economy and society of the early Islamic world and about issues such as urbanisation town country relations the ways in which a different religious culture impacted on the built environment and about politics This volume represents the fruits of a workshop held at Princeton University in May 2007 to discuss the ways in which recent work has affected our understanding of the nature of economic and exchange activity in particular and the broader implications of these advances for the history of the region Rome and Persia in Late Antiquity Beate Dignas, Engelbert Winter, 2007-09-13 A narrative history with sourcebook of the turbulent relations between Rome and the Sasanian Empire **Sasanian Archaeology: Settlements, Environment and Material Culture** St John Simpson, 2022-12-22 This collection of essays offers an examination of the Sasanian empire based almost entirely on archaeological and scientific research much presented here for the first time The book is divided into three parts examining Sasanian sites settlements and landscapes their complex agricultural resources and their crafts and industries **Борьба Римской (Византийской) империи и сасанидского Ирана за преобладание в Передней Азии (III-VII вв.)** Дмитриев В. А., 2016-01-26 III VII **Sasanian Society** A. Tafazzoli, 2000-01-01
