Gould, Michael Barkun, 2015-03-08 This bibliography is a companion volume to *International Law and the Social Sciences* One of the aims of the earlier work by Wesley L. Stagg vs. Yost John Kryk, 2015-07-16 Corruption scandals and reports of wrongdoing in college football are constantly in the news From Penn State s Joe Paterno to Ohio State s Jim Tressel we have come to learn that some of the most lauded coaches don t always live up to their saintly reputations Perhaps no era of college football was ever more emblematic of this than the early 1900s a time when coaches worked the system with merciless flair to recruit the best players and then keep them eligible to play even while other coaches were trying to steal already enrolled players from rival universities Amos Alonzo Stagg of the University of Chicago and Fielding H Yost of the University of Michigan were no exception and their bitter rivalry is one for the ages In *Stagg vs Yost The Birth of Cutthroat Football* John Kryk

brings to life a story that is both timeless and familiar to all football fans indeed to all sports fans one man's obsession to end the pain of a long losing streak to a hated rival This is the story of how Amos Alonzo Stagg covertly punted many of the principles he espoused in order to dismantle one of the most powerful machines the game has known Fielding Yost's Michigan Wolverines Kryk reveals the extent to which Stagg schemed to achieve victory against the Point a Minute Wolverines and the lengths Yost went to prevent that from happening In addition this book provides insight into college athletics corruption as a whole during this time from under the table payments to recruits to contracted loans from wealthy boosters and why the current NCAA rulebook contains page after page of recruiting and eligibility regulations Featuring never before published internal correspondences of UM athletic leaders Stagg's surviving letters and notes and reports from newspapers of the day Stagg vs Yost brings fresh insight into two legends of college football who would do almost anything to win This book is a noteworthy and fascinating narrative for football fans historians and anyone interested in seeing where cutthroat college recruiting and coaching all began [External Research List](#) ,1968 **Historical Dictionary of Sweden** Elisabeth Elgán,Irene Scobbie,2015-09-17 Sweden's transformation in the last century was brought about not by the military prowess of exceptional Swedes indeed neutrality has been a key element in Swedish policy for almost two centuries but by the creative ability of its people Sweden has emerged as a model welfare state and a well ordered democracy to which economists sociologists feminists architects and scientists from sophisticated nations have paid study visits Sweden now depends on international trade to preserve its high standard of living and in a world of harsh international competition often has to struggle to maintain its welfare system and its reputation Despite its present difficulties however it remains one of the world's most advanced and affluent democracies This third edition of Historical Dictionary of Sweden contains a chronology an introduction appendixes an extensive bibliography and a dictionary section with more than 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Sweden [Subject Access to Scandinavian Fiction Literature](#) Nordic Council Of Ministers Staff,1997 On cover Culture In English and Danish **The Scandinavian Prison Study** Stanton Wheeler,Hugh F. Cline,2019-12-28 This book presents the formerly unpublished manuscript by Wheeler and Cline detailing the landmark comparative prisons study they conducted in the 1960s which examined fifteen Scandinavian prisons and nearly 2000 inmates across four Nordic countries At the time it was the largest comparative study of prisons and inmate behavior ever undertaken and despite 15 years of analysis and write up it was never published but it influenced many other important prison studies that followed This book engages with the functionalist perspectives that were widespread in the 1960s and tries to answer some of the classical questions of prison sociology such as how prisoners adapt to imprisonment and the degree to which prisoner adaptations can be attributed to characteristics of prisoners and prisons It examines the nature and structure of prisons the effect of that structure on individual prisoners and the other factors that may influence

the way that they respond to confinement It also includes discussion about the prisoners considerations of justice and fairness and a explanation of the study design and data which was highly unique at the time The Scandinavian Prison Study brings Wheeler and Cline s pioneering work into the present context with a preface and an introduction which discuss the questions and claims raised in the book still relevant to this day

Exploring NORDIC COOL in Literary History

Gunilla Hermansson, Jens Lohfert Jørgensen, 2020-11-15 How did Nordic culture become associated with the fuzzy brand cool as by default In Exploring NORDIC COOL in Literary History twenty one scholars in collaboration question the seemingly natural fit between Nordic and Cool by investigating its variegated trajectories through literary history from medieval legends to digital poetry At the same time the elasticity and polysemy of the word cool become a means to explore Nordic literary history afresh It opens up a rich diversity of theoretical and methodological approaches within a regional framework and

reveals hitherto unseen links between familiar and less familiar tracks and sites Following diverse paths of Nordic cool in respect to among other things nature survival love whiteness style economics heroism and colonialism this book challenges all too recognisable narratives and underlines the sheer knowledge potential of literary historical research The A to Z of Sweden Irene Scobbie, 2010-05-11 Once part of the Kalmar Union along with Denmark and Norway the Kingdom of Sweden broke free in order to govern itself in the early 1500s and for more than a century afterwards it was a force to be reckoned with At its peak it was twice the size that it is today but with the secession of Finland in 1809 and the rise of Russia Sweden changed its path and instead turned toward neutrality and a peaceful existence Today Sweden boasts a healthy economy and it is an important member of the European Union as well a major contributor to international activities The A to Z of Sweden relates the history of Sweden through a chronology a list of acronyms and abbreviations an introductory essay a bibliography appendixes and hundreds of cross referenced dictionary entries on significant persons events and institutions this dictionary provides information ranging from politics to economics from education to religion and from music to literature
