Population Aging and Housing Diversity in Poland Greta E. Garniss, 2024-12-09 This book provides new and original insight on the senior living housing needs in Poland It focuses on housing needs of the 60 74 age group that are generally more mobile and not in need of services offered in care homes The book not only shows that seniors prefer to live independently as long as possible but also touches upon their primary conditions for this such as properties near goods services and social networks in modern buildings that have common amenities that meet their needs as they age The book also discusses the transformation of economic social and cultural changes leading to the creation of a new housing options for younger seniors living in many cities in Poland With the book concluding that there is need for more diverse housing choice for senior living than is currently available it provides an interesting read for academics professionals and local regional and national social service agencies that work with seniors

When Love Is Not Enough Donna Piazza, PHD, 2014-05-22 *When Love Is Not Enough* relates how a multitude of factors the competence of staff the safety nurturing and protective elements of the emotional physical and political setting and all overt and covert organizational dynamics determine whether or not a treatment setting accomplishes its therapeutic aims Authors in *When Love Is Not Enough* continue the emphasis on the group as a whole Group Relation model of organizational and group processes begun with Wilfred Bion s work at the Tavistok Clinic in London in the 1940s This model helps those providing services to children and adolescents evaluate their treatment programs and make the necessary changes toward improvement Chapters in *When Love Is Not Enough* are dedicated to improving the psychological treatment of children and adolescents in postmodern society a society in which life in interdependent communities is becoming increasingly important for the health and survival of all persons Topics covered include the Tavistok approach to understanding group and organizational behavior the emphasis on group as a whole in problem solving and treatment design narrowing the gap between plan and outcome the dynamics involved in the psychiatric treatment of children issues of staff selection training and development in programs designed to treat children countertransference responses in the treatment of children and adolescents revitalizing organizations the subjective experience of school

life When Love Is Not Enough helps organizations realize the ways in which they may inadvertently undermine the emotional and cognitive functioning of the staff or the identified patients and set serious limits on the growth of members of the organization staff and patients alike It urges organizations to conduct an ongoing self scrutiny concerning their rational and irrational processes as this self examination is crucial to the health and vitality of the treatment offered to others The book also promotes thinking of the conscious and unconscious dynamics of the group as a whole to more completely inform organizational decisions concerning changes that may enhance the treatment of children and adolescents When Love Is Not Enough serves as an invaluable guide for mental health professionals who treat children and adolescents group therapists hospital and clinic administrators psychoanalysts nurses social workers psychologists and psychiatrists **Sourcebook of Criminal Justice Statistics** Kathleen Maguire, 2002-04 National Survey Results on Drug Use from the Monitoring the Future Study, 1975-1993 Lloyd Johnston, Jerald G. Bachman, Patrick M. O'Malley, 1994 **National Survey Results on Drug Use from the Monitoring the Future Study, 1975-1995** Lloyd Johnston, Patrick M. O'Malley, Jerald G. Bachman, 1996 Student Drug Use, Attitudes, and Beliefs Lloyd Johnston, Jerald G. Bachman, Patrick M. O'Malley, 1982 Student drug use, attitudes, and beliefs, 1982 **National Survey Results on Drug Use from the Monitoring the Future Study, 1975-1993: College students and young adults** Lloyd Johnston, Patrick M. O'Malley, Jerald G. Bachman, 1994 This report summarizes a national survey of drug use and related attitudes among American college students and young adults Its data were derived from an ongoing national research and reporting program The surveys address two major purposes 1 to serve a social monitoring function so as to characterize trends in certain behaviors in the population and 2 to develop knowledge so as to increase our understanding of changes in behavior Distinctions were drawn among demographic subgroups recorded incidence of first use trends in use at lower grade levels and intensity of drug use Highlighted are key attitudes about illicit drug use along with perceptions of certain aspects of the social environment as potential explanatory factors Attention was focused on frequent drug use rather than simply reporting those who have ever used various drugs This strategy serves to differentiate levels of seriousness or extent of drug involvement The last decade witnessed an appreciable decrease in the use of numerous illicit drugs among high school seniors accompanied by even larger declines in use among college students and young adults However these favorable trends in student populations stalled in 1985 indicating the tenuous nature of these improvements Of particular concern is the possibility of an increased use of specific drugs accompanied by a general increase in drug abuse by younger cohorts RJM National Survey Results on Drug Use from the Monitoring the Future Study, 1975-1994 Lloyd Johnston, Patrick M. O'Malley, Jerald G. Bachman, 1995
