Letters and Miscellanies of Robert Louis Stevenson Robert Louis Stevenson, 1918 **The Novels and Tales of Robert Louis Stevenson: Letters to his family and friends** Robert Louis Stevenson, 1899 **Louis XIV** Anthony Levi, 2004

In the seventeenth century France was Europe's most powerful nation and its monarch the flamboyant and headstrong young Louis XIV was almost an object of worship. Popularly depicted as the sun god Apollo and known as Le Roi soleil he was invested with unprecedented power and privilege. For almost 50 years he was the magnificent public face of an exceedingly rich diverse culture. Louis XIV was also one of the most politically effective European monarchs ever able to present himself within France and throughout Europe as the model of royal absolutism. But as a man he was irredeemably flawed and his reign proved ultimately damaging both to France and its monarchy. At the core of Levi's enthralling biography lies the conflict between Louis' role as custodian of the grandeur of France and his undoubted sense of personal guilt at the effects of his rule on France and its people. It might be said he confused France's glory with his own and this was behind his prodigious expenditure and the lavish brilliance of his court. Levi's attempt to understand this most extravagant of rulers leads him to ask who was his father? Was it really Louis XIII? More likely, Levi claims, it was Cardinal Mazarin, the man with his hands on the reins of power during the regency. A fascinating psychological portrait of the king is explored in the context of this possibility. Levi looks in particular at what created in Louis the unlikely mixture of devotion and promiscuity that was his hallmark. This intricate, controversial and absorbing account fully examines the lengthy and testing role that fate cast for the Sun King in European history.

Barye; Life and Works of Antoine Louis Barye, Sculptor Charles De Kay, 1889

The volume offered by the Barye Monument Association to those interested in the fund for a monument to Antoine Louis Barye at Paris is the memorial of a very uncommon event. The United States has no sentimental feeling with regard to France as the fatherland like that which a large number of Americans cherish toward Great Britain and Ireland. Bonds of amity were knit in the past and others have been formed since France became a republic but the difference of tongue more than offsets these. Therefore great merit must exist in the artist whose work exercises enough fascination to set Americans on the task of gathering funds for a monument that is to stand three thousand miles away across the ocean. It is often said that art has no country. But when

before this has a foreign land raised a monument to a sculptor of modern times Preface note
