The Meaning of Protestant Theology Phillip Cary, 2019-06-18 This book offers a creative and illuminating discussion of Protestant theology Veteran teacher Phillip Cary explains how Luther's theology arose from the Christian tradition particularly from the spirituality of Augustine Luther departed from the Augustinian tradition and inaugurated distinctively Protestant theology when he identified the gospel that gives us Christ as its key concept More than any other theologian Luther succeeds in carrying out the Protestant intention of putting faith in the gospel of Christ alone Cary also explores the consequences of Luther's teachings as they unfold in the history of Protestantism

Married to Christ Milton J Fletcher, 2012-10-01 Examine the foundation of union with Christ's death and resurrection as a source of salvation Explain the idea that as ordinary death alters legal relationships death in Christ alters the believers legal obligations The penalty that the law exacts is death but those who have died through union with Christ have already suffered this penalty the law has no authority to condemn them further Discuss the law of marriage when one partner dies the law governing the relationship ceases to apply and remarriage is not sin Convey that believers rose to new life through union with Christ in the resurrection and are free to belong to Christ for the purpose of bearing fruit to God Illustrate that the old Adamic marriage to the law ceased to exist believers are no longer under law but are released from it Describe the new marriage an entry in to a new life dominated by the Holy Spirit who gives new power to fulfill the holy laws of God

A Lutheran's Case for Roman Catholicism Robert C. Koons, 2020-09-23 After thirty years of study and reflection Lutheran philosopher Robert Koons joined the Catholic Church in 2007 This book articulates his reasons for abandoning the church of his ancestors for the Roman communion reasons that centered on a deep and systematic rethinking of the central issue of the Reformation the Lutheran doctrine of justification by faith alone Koons draws on a broad knowledge of the Scriptures the Church Fathers and the most prominent theologians of the Lutheran movement from the time of the Reformation until the present including Luther Melancthon Chemnitz and Robert Preus Since Jesus clearly intended for the church to remain visibly united the burden of proof on any theological innovation is heavy and Koons demonstrates that the Lutheran doctrine was innovative and he argues relying on the best New Testament scholarship that the Bible passages cited by the Reformers do not support the innovative features of the Lutheran doctrine Koons seeks to eliminate widespread misunderstandings of the Catholic doctrine of justification on the part of many Protestants emphasizing the christocentric character of that teaching Koons argues that in contrast the Lutheran doctrine is inconsistent He also points out serious logical problems with the principle of sola scriptura

Reading Paul with the Reformers Stephen J. Chester, 2017-07-11 In debates surrounding the New Perspective on Paul the sixteenth century Protestant Reformers are

often characterized as the apostle's misinterpreters in chief In this book Stephen Chester challenges that conception with a careful and nuanced reading of the Reformers Pauline exegesis Examining the overall contours of Reformation exegesis of Paul Chester contrasts the Reformers with their opponents and explores particular contributions made by such key figures as Luther Melancthon and Calvin He relates their insights to contemporary debates in Pauline theology about justification union with Christ and other central themes arguing that their work remains a significant resource today Published in the 500th anniversary year of the Protestant Reformation Chester's Reading Paul with the Reformers reclaims a robust understanding of how the Reformers actually read the apostle Paul **"In Christ" in Paul** Michael J.
