Secrets of the Maze Adrian Fisher, 2007 *Ancient Egypt* New York Public Library, 1925 *The Librarian and Book World*, 1912 **Florida Public Works**, 1936-06 Field Manual for the Archaeology of Ritual, Religion, and Magic C. Riley Augé, 2022-07-08 By bringing together in one place specific objects materials and features indicating ritual religious or magical belief used by people around the world and through time this tool will assist archaeologists in identifying evidence of belief related behaviors and broadening their understanding of how those behaviors may also be seen through less obvious evidential lines Instruction and templates for recording typologizing classifying and analyzing ritual or magico religious material culture are also provided to guide researchers in the survey collection and cataloging processes The bulleted formatting and topical range make this a highly accessible work while providing an incredible wealth of information in a single volume *Earthly Bodies, Magical Selves* Sarah M. Pike, 2001-01-24 This book incorporates the author's personal experience and scholarly work concerning ritual sacred space self identity and narrative Materijali za istorijata na Makedonija, 1982 *Sacred Darkness* Holley Moyes, 2012-04-15 Caves have been used in various ways across human society but despite the persistence within popular culture of the iconic caveman deep caves were never used primarily as habitation sites for early humans Rather in both ancient and contemporary contexts caves have served primarily as ritual spaces In *Sacred Darkness* contributors use archaeological evidence as well as ethnographic studies of modern ritual practices to envision the cave as place of spiritual and ideological power that emerges as a potent venue for ritual practice Covering the ritual use of caves in Europe Asia Australia Africa Mesoamerica and the US Southwest and Eastern woodlands this book brings together case studies by prominent scholars whose research spans from the Paleolithic period to the present day These contributions demonstrate that cave sites are as fruitful as surface contexts in promoting the understanding of both ancient and modern religious beliefs and practices This state of the art survey of ritual cave use will be one of the most valuable resources for understanding the role of caves in studies of religion sacred landscape or cosmology and a must read for any archaeologist interested in caves Basic Astrology Learn to Interpret your Natal Chart Jideon Francisco Marques, 2024-09-23 This book is not a smorgashbord of astrology You will not find a single word about a sign's signature flower gemstone favorite color or average shoe size in this book Only the essential meanings of the signs planets houses and aspects simply but deeply defined are present not flaky keywords and stereotypes that contain no personalized meaning You will also learn how to quickly get into the nitty gritty of interpreting a chart with skill and insight You will find out how to get to the deepest layers of a natal chart and bring what is most essential and meaningful to the surface Many valuable and interesting topics branch out from these essentials such as the study of asteroids comets fixed stars decanates or transits and progressions All of these topics are worthy of further study and can enrich your knowledge and application of astrology but they all build off of an understanding of the essentials of natal astrology Look Away!
