John Medhurst

Main Currents Of Marxism The Founders The Golden Age The Breakdown:

Main Currents of Marxism Leszek Kołakowski, 2005 The commanding study of Marxism now in one masterful volume with a new preface and epilogue by the author **Main Currents of Marxism - The Founders, The Golden Age**, Leszek Kołakowski, 2008 Main Currents of Marxism: The breakdown Leszek Kołakowski, 1981 *Red Plenty* Francis Spufford, 2012-02-14 Spufford cunningly maps out a literary genre of his own Freewheeling and fabulous The Times London Strange as it may seem the gray oppressive USSR was founded on a fairy tale It was built on the twentieth century magic called the planned economy which was going to gush forth an abundance of good things that the lands of capitalism could never match And just for a little while in the heady years of the late 1950s the magic seemed to be working Red Plenty is about that moment in history and how it came and how it went away about the brief era when under the rash leadership of Khrushchev the Soviet Union looked forward to a future of rich communists and envious capitalists when Moscow would out glitter Manhattan and every Lada would be better engineered than a Porsche It s about the scientists who did their genuinely brilliant best to make the dream come true to give the tyranny its happy ending Red Plenty is history it s fiction it s as ambitious as Sputnik as uncompromising as an Aeroflot flight attendant and as different from what you were expecting as a glass of Soviet champagne *An Invitation to Social Theory* David Inglis, 2024-11-05 Social theory is a crucial resource for the social sciences It provides rich insights into how human beings think and act and how contemporary social life is constructed But often the key ideas of social theorists are expressed in highly technical and difficult language that can hide more than it reveals The new edition of this popular book continues to cut to the core of what social theory is about Wide ranging in scope and coverage it is concise in presentation and free from jargon Covering key themes and schools of thought from the classical thinkers up to the present the third edition features a new chapter dedicated to post colonial sociological theory With updated literature and examples throughout the book also includes refreshed pedagogical features to connect theory to readers own life experiences Showing why social theory matters and why it is of far reaching social and political importance the book is ideal for readers seeking a clear crisp mapping of a complex but very rewarding area Ernst Bloch's Speculative Materialism Cat Moir, 2019-12-09 In Ernst Bloch s Speculative Materialism Ontology Epistemology Politics Cat Moir offers a new interpretation of the philosophy of Ernst Bloch The reception of Bloch s work has seen him variously painted as a na ve realist a romantic nature philosopher a totalitarian thinker and an irrationalist whose obscure literary style stands in for a lack of systematic rigour Moir challenges these conceptions of Bloch by reconstructing the ontological epistemological and political dimensions of his speculative materialism Through a close historically contextualised reading of Bloch s major work of ontology *Das Materialismusproblem seine Geschichte und Substanz* The Materialism Problem its History and Substance Moir presents Bloch as one of the twentieth century s most significant critical thinkers Culture Wars Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological

polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today

No Less Than Mystic John Medhurst, 2017-08-22 Published in the centenary year of the 1917 Russian Revolution No Less Than Mystic is a fresh and iconoclastic history of Lenin and the Bolsheviks for a generation uninterested in Cold War ideologies and stereotypes Although it offers a full and complete history of Leninism 1917 the Russian Civil War and its aftermath the book devotes more time than usual to the policies and actions of the socialist alternatives to Bolshevism to the Menshevik Internationalists the Socialist Revolutionaries SRs the Jewish Bundists and the anarchists It prioritises Factory Committees local Soviets the Womens Zhenotdel movement Proletkult and the Kronstadt sailors as much as the statements and actions of Lenin and Trotsky Using the neglected writings and memoirs of Mensheviks like Julius Martov SRs like Victor Chernov Bolshevik oppositionists like Alexandra Kollontai and anarchists like Nestor Makhno it traces a revolution gone wrong and suggests how it might have produced a more libertarian emancipatory socialism than that created by Lenin and the Bolsheviks Although the book broadly covers the period from 1903 the formation of the Bolsheviks and Mensheviks to 1921 the suppression of the Kronstadt rebellion and explains why the Bolshevik Revolution degenerated so quickly into its apparent opposite it continually examines the Leninist experiment through the lens of a 21st century de centralised ecological anti productivist and feminist socialism Throughout its narrative it interweaves and draws parallels with contemporary anti capitalist struggles such as those of the Zapatistas the Kurds the Argentinean Recovered Factories Occupy the Arab Spring the Indignados and Intersectional feminists attempting to open up the past to the present and points in between We do not need another standard history of the Russian Revolution This is not one

Anxiety and Lucidity Leszek Koczanowicz, 2020-07-20 This book explores the nature of modern culture as a culture of anxiety analyzing the modes in which such anxiety presents itself Drawing on sociological and philosophical concepts of modernity the author builds on the work of Marx Nietzsche and Freud to offer an understanding of modern anxiety culture as the reverse side of risk culture which stabilizes itself by concealing or making familiar the social phenomena of risk society Through explorations of memory politics art clairvoyance notions of national community and identity this volume sheds light on the fissures in our culture where anxiety appears thus revealing its underlying volatility A study of the ruptures in our modern culture Anxiety and Lucidity will appeal to scholars of sociology social theory anthropology and philosophy with interests in late modern culture

Sustainability Beyond Technology Pasi Heikkurinen, Toni Ruuska, 2021 Current debates on sustainability are building on a problematic assumption that technological advancement is a desired phenomenon

creating positive change in human organizations This transdisciplinary book develops a new way to conceptualize and examine technology and outlines feasible alternatives for sustainability beyond technology
