Afro-American Life, History and Culture, 1985 **The Ocean Hill-Brownsville Conflict** Glen Anthony Harris, 2012-05-18 The history of Black Jewish relations from the beginning of the twentieth century shows that while they were sometimes partners of convenience there was also a deep suspicion of each other that broke out into frequent public exchanges During the twentieth century the entanglements of both groups have at times provided an important impetus for social justice in the United States and at other times have been the cause of great tension The Ocean Hill Brownsville

Conflict explores this fraught relationship which is evident in the intellectual lives of these communities The tension was as apparent in the life and works of Marcus Garvey Richard Wright and James Baldwin as it was in the exchanges between blacks and Jews in intellectual periodicals and journals in the 1940s 1950s and 1960s The Ocean Hill Brownsville conflict was rooted in this tension and the longstanding differences over community control of school districts and racial preferences

Resources in Education ,1997 **A Second Chicago School?** Gary Alan Fine,1995-09 From 1945 to about 1960 the

University of Chicago was home to a group of faculty and graduate students whose work has come to define what many call a second Chicago School of sociology. Like its predecessor earlier in the century, the postwar department was again the center for qualitative social research on everything from mapping the nuances of human behavior in small groups to seeking solutions to problems of race, crime, and poverty. Howard Becker, Joseph Gusfield, Herbert Blumer, David Riesman, Erving Goffman, and others created a large, enduring body of work. In this book, leading sociologists critically confront this legacy. The eight original chapters survey the issues that defined the department's agenda: the focus on deviance, race, and ethnic relations; urban life and collective behavior; the renewal of participant observation as a method; and the refinement of symbolic interaction as a guiding theory. The book also discusses the professional and institutional factors that shaped this generation, including the leadership of Louis Wirth and Everett C. Hughes, the role of women, and the competition for national influence. Chicago sociology faced from survey research at Columbia and grand theory at Harvard. The contributors also discuss the internal conflicts that call into question the very idea of a unified school.

Midstream, 1995 **Unwrapping Japan** Eyal Ben-Ari, Brian Moeran, Jim Valentine, 2010-10-18

Recent years have witnessed an explosive growth in the literature published about Japan. Yet it seems that the more that is written about Japan and Japanism, its culture, society, people, the more mysterious it becomes. As well as exploring issues relating to advertising, tourism, women, festivals, and the art world, the book depicts how the study of Japanese society contributes to anthropological theory and understanding. The editors use the term 'unwrapping' to provide insights into Japanese culture and relate these insights to broader problems and questions prevalent in contemporary anthropological discourse. The issues explored include the contribution of applied anthropology to theory, the relationship between tourism and nostalgia, the interplay of marginality and belonging, the role of advertising in gender relations, status in the art world, and the place of Japanese genres of writing within anthropology texts.

Commentary, 1985 [The Contested Murder of Latasha Harlins](#) Brenda Stevenson, 2013-07-23

Helicopters patrolled low over the city, filming blocks of burning cars and buildings, mobs breaking into storefronts, and the vicious beating of truck driver Reginald Denny. For a week in April 1992, Los Angeles transformed into a cityscape of rage, purportedly due to the exoneration of four policemen who had beaten Rodney King. It should be no surprise that such intense anger erupted from something deeper than a single incident. In *The Contested Murder of Latasha Harlins*,
