Moody, 2019-08-01 Do not deceive yourselves God is not mocked for whatever a man sows that shall he also reap For he that sows to his flesh shall of the flesh reap corruption but he that sows in the Spirit shall of the Spirit reap eternal life Galatians 6 7 8 We can't get away from the principle of reaping what we sow If we sow good seed we anticipate a great harvest But if we sow weeds we'll harvest no more than we sowed The same is true spiritually and practically If we want a reward in

Committee on Appropriations, 1963 **From Seed to Harvest** Skhumbuzo Sangweni, 2022-08-01 From Seed to harvest is for every believer in Christ who is searching for the light of revelation that will impart spiritual understanding of biblical principles that manifest increase From the beginning of creation man kind was created to be a creature that increases and multiplies By divine design God created only one man and today the billions around the world are as a result of that one man this is in itself the fulfilment of the increase mandate at work It is very clear in the word of God as demonstrated by our Lord Jesus that God desires to always answer us by fullness abundance and increase And everyone ate until they were satisfied for the food was multiplied in front of their eyes They picked up the leftovers and filled up twelve baskets full Matt 4 20 TPT The kingdom of God is ever increasing therefore those who live in it must themselves know no decline but must walk in spiritual clarity and insight that gives them victory over lack and backwardness The Holy Spirit has given the believer grace to discern and identify spiritual conditions that perpetuate unfruitfulness and spiritual barrenness and equally has distributed the authority and power to break and subdue the demonic forces that resist our increase and multiplication In redemption the Spirit of revelation and understanding has been abundantly supplied to the saints of the Most High God for the manifestation of the new man realities to become the dictates of their lives Ecological characterization of the Sea Island coastal region of South Carolina and Georgia, 1980
