[Workbook for News Reporting and Writing](#) Brian S. Brooks, Missouri Group, George Kennedy, Daryl R. Moen, Don Ranly, 2010-11-10 It s a tumultuous time in journalism as media forms evolve and new models emerge There are few clear answers but no one is more prepared than The Missouri Group to tackle these issues head on and to teach students the core enduring journalism skills they need to succeed whether they write for the local paper a professional blog cable news or even work in public relations

News, Numbers and Public Opinion in a Data-Driven World An Nguyen, 2017-12-28 From the quality of the air we breathe to the national leaders we choose data and statistics are a pervasive feature of daily life and daily news But how do news numbers and public opinion interact with each other and with what impacts on society at large Featuring an international roster of established and emerging scholars this book is the first comprehensive collection of research into the little understood processes underpinning the uses misuses of statistical information in journalism and their socio psychological and political effects Moving beyond the hype around data journalism *News Numbers and Public Opinion* delves into a range of more latent fundamental questions such as Is it true that most citizens and journalists do not have the necessary skills and resources to critically process and assess numbers How do should journalists make sense of the increasingly data driven world What strategies formats and frames do journalists use to gather and represent different types

of statistical data in their stories What are the socio psychological and political effects of such data gathering and representation routines formats and frames on the way people acquire knowledge and form attitudes What skills and resources do journalists and publics need to deal effectively with the influx of numbers into in daily work and life and how can newsrooms and journalism schools meet that need The book is a must read for not only journalists journalism and media scholars statisticians and data scientists but also anybody interested in the interplay between journalism statistics and society

Hold the Press John Maxwell Hamilton, George A. Krinsky, 1996-05-01 Long ago dubbed the fourth branch of government the American press remains to most of the general public an inscrutable enterprise whose influence and behavior are alternately welcomed and maligned yet the proper functioning of a democracy depends upon a media literate populace to act as the ultimate watchdog With wit and authority John Hamilton and George Krinsky lead readers through the whirl of print journalism They offer a curiosity satisfying blend of explanation and interpretation history anecdotes aplenty and statistical analysis to show what s wrong and what works with today s newspapers

The Universal Journalist David Randall, 2021-03-20 Easily the best introduction to being a reporter Press Association This is the only how to book on journalism written by writers and editors who have operated at the top level in national news It has long been the go to book of advice for young reporters This edition includes a chapter on social media and is extensively updated throughout with new content from Jemma Crew an award winning national news journalist The book emphasises that good journalism must involve the acquisition of a range of skills that will empower trainees to operate in an industry where ownership technology and information are constantly changing This handbook includes tips and tricks learned from working at the very top of the business and is an invaluable guide to the universals of good journalistic practice for professional and trainee journalists worldwide

The Murdoch Archipelago Bruce Page, 2013-09-17 Rupert Murdoch is one of the most powerful men in the world today As chief executive of News Corporation he controls a global media empire which boasts some of the major players in newspapers television publishing and the movie business In the English speaking world and increasingly in untapped but potentially lucrative markets such as China he wields an influence as political kingmaker second to none How did he do it How did this empire a loose archipelago of media islands large and small come to be so successful and influential Building on many years research and featuring many previously undisclosed revelations THE MURDOCH ARCHIPELAGO is the most definitive survey yet of Murdoch s life and times how power flows from influence and whether this should or if it can be regulated

Public Affairs Reporting Now George Killenberg, 2012-07-26 Everyday life no whether the issues or events arise next door or a continent away raises questions and concerns that the public counts on journalists to answer and more important confront More than ever before we all rely on the news media for warnings explanations and insights The profession and society cannot afford lazy inept uncommitted journalists Today s reporters must learn how to cover public affairs intelligently and thoroughly First you must learn about the institutions and people who influence the news

understanding how a legislative conference committee functions or how a trial is conducted remain important pre requisites But it is not enough merely to know how to report Journalists must also understand how they see define and influence the news Don t be fooled by the daily dose of fluffy stories about fads fashions or fetishes People love to revel in celebrity gossip or fantasize about extreme makeovers But Donald Trump s love life or the South Beach Diet don t satisfy when people worry about a home invasion in their neighborhood or a rezoning proposal to bring a Wal Mart super center to town or a Department of Education report that their child s school scored bottom most in reading achievement Public Affairs Reporting Now is intended to teach you the best practices and give you the best advice for covering what s generically known as public affairs reporting It s a term that s neither inspiring nor precise but it s long been a convenient way of describing the kind of news coverage that keeps people informed as citizens and keeps our institutions public and private focused on the public good

Journalism Research in Practice Robert E. Gutsche, Jr., Bonnie Brennen, 2020-11-25 Journalism Research in Practice Perspectives on Change Challenges and Solutions is a unique collection of research on journalism written for journalists and wider audiences Based on scholarship previously published in Journalism Practice Journalism Studies and Digital Journalism authors have updated and rewritten their works to make connections to contemporary issues These 28 studies include perspectives on modern day freelancing digitization and partisan influences on the press They appear in four distinct sections Addressing Journalism in Times of Social Conflict Advancements in New Media and Audience Participation Challenges and Solutions in a Changing Profession Possibilities for Journalism and Social Change This book is a collection by leading scholars from the field of Journalism Studies who have revisited their previous work with the intent of asking more questions about

how journalism works and is preparing for the future From coverage on Donald Trump and alt right media to media trust verification and social media this volume is relevant for practicing journalists today who are planning for tomorrow students learning about the field and its debates and scholars and educators looking for approachable texts about complex issues

Statistics and the Quest for Quality Journalism Alessandro Martinisi, Jairo Alfonso Lugo-Ocando, 2020-10-29 This book looks at how numbers and statistics have been used to underpin quality in news reporting In doing so the aim is to challenge some common assumptions about how journalists engage and use statistics in their quest for quality news It seeks to improve our understanding about the usage of data and statistics as a primary means for the construction of social reality This is a task in our view that is urgent in times of post truth politics and the rise of fake news In this sense the quest to produce quality news which seems to require incorporating statistics and engaging with data as laudable and straightforward as it sounds is instead far more problematic and complex than what is often accounted for
