**Contributions from the Botanical Laboratory of the University of Pennsylvania**, 1911      **White Lens on Brown Skin** Matthew B. Locey, 2023-02-21 From the earliest accounts of contact with Europeans Polynesians have been perceived as sensual and sexual beings By the late 1800s publications lectures and stage plays about the Pacific became popular across Europe and often contained exotic and erotic components This book details the fusion of truth and fiction in the representation of Pacific Islanders focusing on the sexualization of Polynesians in American cinema and other forms of mass communications and commercial entertainment With messaging almost subliminal to American audiences the Hollywood media machine produced hundreds of tropical film titles with images of revealing grass skirts scanty sarongs female toplessness and glistening exposed male pectorals This critical filmography demonstrates how the concept of sex sells especially when applied on a large scale shaped American social views on Polynesian people and their culture Chapters document this phenomenon and an annotated filmography of sexualized tropes and several appendices conclude the book including a glossary of Polynesian terms and a film index      The Sweet Potato Benno Humbert Alfred Groth, 1911

first rank of marine surveyors As a midshipman Vancouver had been with Cook when he discovered the Sandwich Hawaiian Islands in 1778 They attracted his interest and the attention he devoted to the islands their inhabitants and their political future when he twice later wintered there will surprise many This is the first annotated edition of Vancouver s journal as he revised it for publication in 1798 The original manuscript has disappeared but fortunately no fewer than 25 partial or complete logs or journals by other members of the expedition have survived These supplement Vancouver s narrative at many points It has been possible to identify virtually all the host of islands channels and inlets that Vancouver encountered and the provenance of most of the approximately 400 place names he bestowed nine out of ten of which are still in use is indicated Book 1 of a new and annotated edition of *A Voyage of Discovery* London 1798 The main pagination of this and the following three volumes is continuous The voyage to Australia and Tahiti
