**Art, Education, and African-American Culture** Mary Ann Meyers, 2017-09-08 A physician who applied his knowledge of chemistry to the manufacture of a widely used antiseptic Albert Barnes is best remembered as one of the great American art collectors The Barnes Foundation which houses his treasures is a fabled repository of Impressionist post Impressionist and early modern paintings Less well known is the fact that Barnes attributed his passion for collecting art to his youthful experience of African American culture especially music Art Education and African American Culture is both a biography of an iconoclastic and innovative figure and a study of the often conflicted efforts of an emergent liberalism to seek out and showcase African American contributions to the American aesthetic tradition Mary Ann Meyers examines Barnes's background and career and the development and evolution of his enthusiasm for collecting pictures and sculpture She shows how Barnes's commitment to breaking down invidious distinctions and his use of the uniquely arranged works in his collection as textbooks for his school created a milieu where masterpieces of European and American late nineteenth and early twentieth century painting along with rare and beautiful African art objects became a backdrop for endless feuding A gallery requiring renovation a trust prohibiting the loan or sale of a single picture and the efforts of Lincoln University known as the black Princeton to balance conflicting needs and obligations all conspired to create a legacy of legal entanglement and disputes that remain in contention This volume is neither an idealized account of a quixotic do gooder nor is it a critique of a crank While fully documenting Barnes's notorious eccentricities along with the clashing interests of the main personalities associated with his Foundation Meyers eschews moral posturing in favor of a rich mosaic of peoples and institutions that illustrate many of the larger themes of American culture in general and African American culture in particular

[On Line](#) Cornelia H. Butler, M. Catherine de Zegher, 2010. [On Line](#) Drawing Through the Twentieth Century explores the radical transformation of drawing that began during the last century as numerous artists critically re-examined the traditional concepts of the medium. In a revolutionary departure from the institutional definition of drawing and from reliance on paper as the fundamental support material, artists instead pushed the line into real space, expanding the medium's relationship to gesture and form and connecting it with painting, sculpture, photography, film and dance. Published in conjunction with an exhibition at The Museum of Modern Art, [On Line](#) presents a discursive history of mark making through nearly 250 works by 100 artists including Aleksandr Rodchenko, Alexander Calder, Karel Malich, Eva Hesse, Anna Maria Maiolino, Richard Tuttle, Mona Hatoum and Monika Grzymala among many others. Essays by the curators illuminate individual practices and examine broader themes such as the exploration of the line by the avant-garde and the relationship between drawing and dance.

[Roy Lichtenstein](#) Carolyn Lanchner, 2009. Survey of important works in the collection of the Museum of Modern Art.

[The Fauves](#) Nathalia Brodskaya, 2012-01-16. Born at the dawn of the 20th century, Fauvism burst onto the artistic scene at the 1905 Salon d'Automne with great controversy by throwing bright vibrant colours in the face of artistic convention. Fuelled by change, artists like Matisse, Derain and Vlaminck searched for a new chromatic language by using colour out of its habitual context. Freed from the strict technique advocated by the *cole des Beaux Arts*, they used blocky colours as their main resource, saturating their stunning paintings. The author invites us to experience this vivid artistic evolution that although encompassing a short amount of time, left its mark on the path to modernity.

With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.
