The Modern Anthropology of India Peter Berger, Frank Heidemann,2013-06-03 The Modern Anthropology of India is an accessible textbook providing a critical overview of the ethnographic work done in India since 1947 It assesses the history of research in each region and serves as a practical and comprehensive guide to the main themes dealt with by ethnographers It highlights key analytical concepts and paradigms that came to be of relevance in particular regions in the

recent history of research in India and which possibly gained a pan Indian or even trans Indian significance. Structured according to the states of the Indian union, contributors raise several key questions including: What themes were ethnographers interested in? What are the significant ethnographic contributions? How are peoples, communities and cultural areas represented? How has the ethnographic research in the area developed? Filling a significant gap in the literature, the book is an invaluable resource to students and researchers in the field of Indian anthropology, ethnography, regional anthropology and postcolonial studies. It is also of interest to students of South Asian studies in general as it provides an extensive and critical overview of regionally based ethnographic activity undertaken in India.

Gender and Feminist Theory in Law and Society Madhavi Sunder, 2017-11-30. This volume chronicles a quarter century of feminist theorizations on equality and liberty. The essays demonstrate a continuing commitment to feminist method, a democratic notion that all people have a right to participate in the production of knowledge of the world, including legal knowledge, and manifest feminism's continuing critical tradition, namely, theorists' willingness to see multiple factors, including feminism itself, as obstructing enlightened constructions of the world. Taken together, the essays suggest that liberty to make the world is not just a means to an end, equality, but is a substantive end in itself.

Persisting Patriarchy Kochurani Abraham, 2019-08-08. This book examines the operational dynamics of patriarchy that is deeply woven into the Indian cultural fabric and its persistence in spite of women advancing in Human Development Indices. In studying the situation of women of the Catholic Syrian Christian community of Kerala, South India, as a case of analysis, Kochurani Abraham identifies caste consciousness and religious prescriptions of this community as the main factors that intersect with gendered identity construction and succeed in keeping women within its patriarchal confines. While women do engage in negotiating patriarchy through what can be termed simulative, tactical and agentic bargains, this remains a politics of survival as it does not challenge the established gender order. In this context, making a shift from politics of survival to a politics of subversion is imperative for challenging persisting patriarchies.

Tradition and Transformation in Mohiniyattam Dance Justine Lemos, 2022-06-28 Tradition and Transformation in Mohiniyattam Dance An Ethnographic History demonstrates how Mohiniyattam a form previously stigmatized was reinvented as a sign of traditional Keralite

womanhood The book traces how the emergence of Mohiniyattam as a traditional form of dance based on a feminine aesthetic was synchronistic with the outlawing of polyandrous marriage practices and devadasi practices as well as changes in matrilineal inheritance and the outlawing of and reforms in women's dress customs in Kerala India These layers of history and cultural meaning permitted Mohiniyattam's renaissance as a sign of female grace and tradition Throughout Lemos argues that practicing and learning movement is a gateway to understanding a system of semiosis Danced movement itself can be a locust a bellwether and even an agent of social change **Ayyankali** M. Nisar, Meena Kandasamy, 2007 On the life and activities of Ayyankali 1863-1941 social reformer and Dalit leader from Kerala India *Indian Sisters* Madeline Healey, 2014-08-07 Health and medicine cannot be understood without considering the role of nurses both as professionals and as working women In India unlike other countries nurses have suffered an exceptional degree of neglect at the hands of state a situation that has been detrimental to the quality of both rural and urban health care Charting the history of the development of nursing in India over 100 years *Indian Sisters* examines the reasons why nurses have so consistently been sidelined and excluded from health care governance and policymaking The book challenges the routine suggestion that nursing's poor status is mainly attributable to socio-cultural factors such as caste limitations on female mobility and social taboos It argues instead that many of its problems are due to an under-achieved relationship between a patriarchal state on the one hand and weak professional nursing organisations shaped by their colonial roots on the other It also explores how the recent phenomenon of large-scale emigration of nurses to the West leading to better pay working conditions and career prospects has transformed the profession lifting its status dramatically At the same time it raises questions about the implications of emigration for the fate of health care system in India An important contribution to the growing academic genre of nursing history the book is essential reading for scholars and students of health care the history of medicine gender and women's studies sociology and migration studies It will also be useful to policymakers and health professionals

Motherhood in India Maithreyi Krishnaraj, 2012-04-27 This book presents an overview of the varied experiences and representations of motherhood in India from ancient to modern times The thrust of the arguments made by the various contributors is that the centrality of motherhood as an ideology in a woman's life is manufactured This is demonstrated by analysing various institutional structures of society language religion media law and technology The articles in this book are chronologically arranged tracing the different stages that motherhood as a concept has traversed in India from goddess worship to nationalism to being a vehicle of reproduction of the sexual division of labour and the inheritance of property via the male line Underlying these stages are the dialectics between them that have been facilitated by agents such as the state the ultimate controller of a woman's reproductive powers The feminist critique of essentialising the role of a woman has been employed to deconstruct and humanise the experiences and lives of mothers This anthology therefore attempts to initiate a meaningful and sensitive engagement with issues pertaining to a woman's autonomy over her body and her role also as a

mother The Trouble with Marriage Srimati Basu, 2015-01-03 The Trouble with Marriage is part of a new global feminist jurisprudence around marriage and violence that looks to law as strategy rather than solution In this ethnography of lawyer free family courts and mediations of rape and domestic violence charges in India Srimati Basu depicts everyday life in legal sites of marital trouble reevaluating feminist theories of law marriage violence property and the state Basu argues that alternative dispute resolution originally designed to empower women in a less adversarial legal environment has created new subjectivities but paradoxically has also reinforced oppressive socioeconomic norms that leave women no better off individually or collectively *Nation and Family* Narendra Subramanian, 2014-04-09 The distinct personal laws that govern the major religious groups are a major aspect of Indian multiculturalism and secularism and support specific gendered rights in family life *Nation and Family* is the most comprehensive study to date of the public discourses processes of social mobilization legislation and case law that formed India's three major personal law systems which govern Hindus Muslims and Christians It for the first time systematically compares Indian experiences to those in a wide range of other countries that inherited personal laws specific to religious group sect or ethnic group The book shows why India's postcolonial policy makers changed the personal laws they inherited less than the rulers of Turkey and Tunisia but far more than those of Algeria Syria and Lebanon and increased women's rights for the most part contrary to the trend in Pakistan Iran Sudan and Nigeria since the 1970s Subramanian demonstrates that discourses of community and features of state society relations shape the course of personal law Ruling elites discourses about the nation its cultural groups and its traditions interact with the state society relations that regimes inherit and the projects of regimes to change their relations with society These interactions influence the pattern of multiculturalism the place of religion in public policy and public life and the forms of regulation of family life The book shows how the greater engagement of political elites with initiatives among the Hindu majority and the predominant place they gave Hindu motifs in discourses about the nation shaped Indian multiculturalism and secularism contrary to current understandings In exploring the significant role of communitarian discourses in shaping state society relations and public policy it takes state in society approaches to comparative politics political sociology and legal studies in new directions **The Politics of Personal Law in South Asia** Partha S. Ghosh, 2012-05-23 It is a political study of the controversy surrounding the issue of the uniform civil code vis vis personal laws from a South Asian perspective At the centre of the debate is whether there should be a centralized view of the legal system in a given society or a decentralized view both horizontally and vertically This issue is entangled within the threads of identity politics minority rights women's rights national integration global Islamic politics and universal human rights Champions of each category view it through their own prisms making the debate extremely complex especially in politically and socially plural South Asia So this book attempts to harmonize the threads of the debate to provide a holistic political analysis
