The Complete Index to Literary Sources in Film Alan Goble, 2011-09-08 No detailed description available for The Complete Index to Literary Sources in Film      **The Motion Picture Guide** Jay Robert Nash, Stanley Ralph Ross, 1996

**Animation: A World History** Giannalberto Bendazzi, 2015-10-23 A continuation of 1994's groundbreaking *Cartoons* Giannalberto Bendazzi's *Animation A World History* is the largest, deepest, most comprehensive text of its kind based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often neglected areas, and introducing over fifty previously undiscovered artists. Full of first-hand, never-before-investigated and elsewhere unavailable information, *Animation A World History* encompasses the history of animation production on every continent over the span of three centuries. Volume II delves into the decades following the Golden Age, an uncertain time when television series were overshadowing feature films; art was heavily influenced by the Cold War, and new technologies began to emerge that threatened the traditional methods of animation. Take part in the turmoil of the 1950s through 90s as American animation began to lose its momentum, and the advent of television created a global interest in the art form. With a wealth of new research, hundreds of photographs and film stills, and an easy-to-navigate organization, this book is essential reading for all serious students of animation history. **Key Features:** Over 200 high-quality headshots and film stills to add visual reference to your research. Detailed information on hundreds of never-before-researched animators and films. Coverage of animation from more than 90 countries and every major region of the world. Chronological and geographical organization for quick access to the information you're looking for.

*TV Socialism* Anikó Imre, 2016-05-19 In *TV Socialism*, Anikó Imre provides an innovative history of television in socialist Europe during and after the Cold War. Rather than uniform propaganda programming, Imre finds rich evidence of hybrid aesthetic and economic practices, including frequent exchanges within the region and with Western media, a steady production of varied genre entertainment, elements of European public service broadcasting, and transcultural, multi-lingual reception practices. These televisual practices challenge conventional understandings of culture under socialism, divisions between East and West, and the divide between socialism and postsocialism. Taking a broad regional perspective encompassing Eastern Europe and the Soviet Union, Imre foregrounds continuities between socialist television and the region's shared imperial histories, including the programming trends, distribution patterns, and reception practices that extended into postsocialism. Television, she argues, is key to understanding European socialist cultures and to making sense of developments after the end of the Cold War and the enduring global legacy of socialism.      **Popular Television in Eastern Europe During and Since Socialism** Anikó Imre, Timothy Havens, Kati Lustyik, 2013 This collection of essays responds to the recent surge of interest in popular television in Eastern Europe. This is a region where television's transformation has been especially spectacular, shifting from a state-controlled broadcast system delivering national, regional, and heavily filtered

Western programming to a deregulated multi platform transnational system delivering predominantly American and Western European entertainment programming Consequently the nations of Eastern Europe provide opportunities to examine the complex interactions among economic and funding systems regulatory policies globalization imperialism popular culture and cultural identity This collection will be the first volume to gather the best writing by scholars across and outside the region on socialist and postsocialist entertainment television as a medium technology and institution Bowker's Directory of Videocassettes for Children 1999 R R Bowker Publishing, Bowker, 1999-03 **The Oxford Handbook of Children's Film** Noel Brown, 2022 Offers a comprehensive and wide ranging study of children's film Takes an interdisciplinary approach that encompasses contributions from scholars in the fields of film studies children's education children's media studies children's literature studies animation studies and fandom studies Features an international scope covering iconic films from Hollywood including Disney as well as from Britain France Germany Sweden Norway Hungary Australia China Japan South Korea India Iran and Kenya Includes chapters written from a range of critical approaches to children's film including genre ideology narrative stardom music industry studies and primary research on audiences and reception Book jacket **Bowker's Complete Video Directory 1996** R R Bowker Publishing, 1996 **The International Film Index, 1895-1990: Film titles** Alan Goble, 1991 **The International Film Index, 1895-1990: Directors' filmography and indexes** Alan Goble, 1991 *The Video Tape & Disc Guide to Home Entertainment*, 1985 *New York Magazine*, 1984-01-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Video Movie Guide 1995** Mick Martin, Marsha Porter, 1994 **Video Movie Guide 2002** Mick Martin, Marsha Porter, 2001 This bestselling video guide to films serials TV movies and old TV series available on video is completely updated with the newest releases Containing more than 18 000 listings this revised edition includes 400 new entries that are detailed with a summary commentary director cast members MPAA rating and authors rating **Blockbuster Video Guide to Movies and Videos 1996** Ron Castell, 1995 With over 300 new entries added since the 1995 edition this ultimate video guidebook for all video viewers gives a clear plot summary of each film an MPAA rating and extensive indices From new releases to classics foreign films to children's viewing this reference contains over 20 000 entries of films available on video DVD & Video Guide 2004 Mick Martin, Marsha Porter, 2003 Featuring more than 400 new entries among reviews and ratings of 18 000 movies this guide to films that are available on video and DVD includes brand new DVD listings director and star indexes and much more Original **The Blockbuster Entertainment Guide to Movies and Videos**, 1998 From Blockbuster Video America's number one video source comes the ultimate film guide Each entry provides a clear unbiased plot summary MPAA ratings extensive indices and
