Steward,1972 **Hidden Secrets of Millionaires** B.B Goldsmith,2017-02-01 The Hidden Secrets of Millionaires reveals ten secrets strategies and steps that millionaires and those who have created wealthy beyond millions use again and again to accumulate wealth and more wealthy Most of the wealthy people in this world have used these secrets and are still using them today This new edition the first since 2016 includes an amazing foreword for the twenty first century by The Secret Millionaire This book will change the way you think about money bad debts jobs careers and owning your own business It will inspire the reader to learn the hidden secrets of money that the rich use to create and accumulate their wealth and continue to create more If you follow B B Goldsmith s strategies carefully and thoughtfully you will definitely make it to the millionaire status As you do this you need to focus on making more and more money Never ever focus on your lack of money or predict or make an assumption of any financial hardship You need to stay positive all the time Close your eyes and open your mind and heart to receiving Let the motion roll down to your hands while you keep receiving collecting and keeping what is yours Sow it invest it let it grow out of proportion then harvest your riches when they are ripe not prematurely Your goal should be to reach out to more customers and to retain old customers so they devote to your monthly subscription or pay you higher than your expected monthly target of profits The more money your customers pay the less people you will need to reach out to in order to make your million The lesser the amount you charge the more people you will need to buy your products or services If your product calls for a lesser amount of money then you need to target a wider geographic area Targeting the whole globe like Mark Zuckerberg and Bill Gates did is nothing but a genius thought To conquer the world financially get almost everyone but at least 75% of the people in the world to buy your products or services This strategy is not about ending ways to ask for a pay raise from your boss but to raise the bar you created for yourself in sales in order to create the million dollars you desire
