Montgomery Clift Michelangelo Capua, 2015-09-16 At the peak of his career in the 1950s Montgomery Clift was the symbol of a very talented yet rebellious generation of movie stars His acting combined the personal and the professional and his seventeen movies show his superb craft and extraordinary sensitivity Yet there was much more to his life than his talents as an actor more than most people knew This book is a biography of the extremely handsome acutely intelligent but tormented Montgomery Clift His life has been described as the longest suicide in the history of Hollywood and this biography shows the accuracy of that description It covers Clift's sheltered childhood his discovery at the age of 12 the early critical acclaim that brought attention from such noted directors as Elia Kazan and Antoinette Perry his development as a professional actor and work with many of Hollywood's greatest directors including Kazan Fred Zinneman Alfred Hitchcock and John Huston and the devastating car accident that disfigured his face and caused him to turn to drugs and alcohol Throughout the book attention is given to Clift's self destructive personality which created problems that even close friends

like Elizabeth Taylor could not help him solve and his closet homosexuality which contributed to his intense insecurity Richly illustrated Montgomery Clift P. Bosworth,1980 *The Original Method Actors* Charles River Editors,2025-05-01 It would be no exaggeration to say that James Dean has been more mythologized than any other actor in history a development due more to his off screen personality and conduct than the films he actually starred in Much of Dean s appeal derives from his humble and ordinary origins and audiences are drawn to the romance of the Indiana farm boy who catapulted to the top of the motion picture industry in a single year the same year that would see him die Of course James Dean remains well known for being anything but humble and ordinary As famous as his films are Dean s story is inextricably tied to his love for racing cars and his death in a high speed car crash And though Dean was already wildly famous at the time of his death there is no question that his death only enhanced his fame One study found evidence of a James Dean effect which concluded that a star s popularity benefits if the star dies young instead of living longer and losing luster By dying young Dean actually ensured that his name would remain famous and his appeal has transcended generations Marlon Brando Few names in the acting profession evoke such a strong almost visceral reaction Over the course of his long prolific career he was considered perhaps the greatest actor of the 20th century as well as one of the most complicated and misunderstood Uniquely able to be both emotionally charged and technically constrained in the same performance he single handedly changed the direction of not only the American style of acting influencing successors such as Robert De Niro Al Pacino and even Johnny Depp but the acting profession on a global scale His iconic interpretations of characters such as Stanley Kowalski A Streetcar Named Desire Terry Malloy On the Waterfront and Vito Corleone The Godfather have been forever burned into the collective memory of film and theatre aficionados scholars and critics for their immense passion rage love defiance vulnerability cruelty and tenderness basically the full spectrum of the human condition With several Oscars and Golden Globes to his name Brando s contributions remain the gold standard of the acting craft and the American Film Institute has listed him as the 4th greatest screen legend in history Brando was one of his generation s sex idols its most versatile actors and a political activist but who was the person behind the legend What propelled a young man from the Midwest to become such a powerful capricious and dominating force in the acting arena How was he able to penetrate the human condition replete with all its multilayered emotional baggage and convey its strengths weaknesses and delicate nuances so successfully often while plagued by his own personal tragedies and demons In Edward Montgomery Clift the public not only discovered an unusually gifted actor but a persistent and stoical anti authoritarian an extreme non conformist in a conformist age and a personal enigma who has remained the target of prying Hollywood reporting since his death Described as the first method actor in Hollywood he was to co create and develop this lonely unwilling and uncertain American hero filled with deep personal ambiguities a conflicting will vulnerable and sensitive In his eventual arrival to Hollywood following a lengthy period of resistance he not only embodied this new male model but inspired the next generation of fascinating characters who didn t fit

in such as friends Marlon Brando and James Dean He added to this screen persona a sexual dualism that while not apparent on the surface changed the way leading men were perceived by the late 1940s A first rate stage actor Clift approached Hollywood on his own terms and permanently upset the ruling order of the studio to star system in which long term contracts guaranteed corporate ownership of the artist The Passion of Montgomery Clift Amy Lawrence,2010 The art and legend of Montgomery Clift tortured soul and triumphant talent is brought into extraordinarily sharp focus in Amy Lawrence s discerning sympathetic and highly readable examination of a brilliant beautiful haunted performer Lee Server author of Robert Mitchum Baby I Don t Care The Hollywood Book of Extravagance James Robert Parish,2011-01-06 Savor the inside scoop on over the top superstars I m not a paranoid deranged millionaire I m a billionaire Acting is an empty and useless profession Good girls go to heaven Bad girls go everywhere else I m interested in being provocative and pushing people s buttons Which screen icons gave us the quotes above How do stars get away with self indulgent unrestrained behaviors or do they In The Hollywood Book of Extravagance longtime industry insider and Hollywood historian James Robert Parish gives you a provocative look behind the scenes at the lavish indulgences and larger than life egos of Tinseltown s rich and famous The featured celebrities range from heartthrobs to industry tycoons and from yesterday s matinee idols to today s hottest celebs The stars are grouped according to their excesses ego neurosis partying power rich living and romancing You ll devour little known details on the excesses and exploits of notables ranging from Mae West to Madonna Greta Garbo to Marilyn Monroe and Marlon Brando Bela Lugosi to John Belushi Zsa Zsa Gabor to Paris Hilton Errol Flynn to Jude Law and many more **Deborah Kerr** Michelangelo Capua,2014-01-10 Blessed with a natural beauty Scotland born actress Deborah Kerr 1921 2007 provided the cinema with memorable studies of English gentility A star in British pictures before she was 21 and a Hollywood fixture from 1946 on she projected a cool reserve and stoic nobility often hinting at passion and insecurity beneath the surface Frequently portraying selfless sympathetic women she was brilliant in such roles as Anna Leonowens in The King and I 1956 And in a fascinating departure from her normal range her portrayal of the sexually frustrated Army wife in From Here to Eternity 1953 resulted in the screen s most famous clinch the beach scene with Burt Lancaster Though she never won an Academy Award despite six nominations Deborah Kerr received an honorary Oscar in 1994 They Knew Marilyn Monroe Les Harding,2012-09-07 Taking an innovative approach to the life and legend of Marilyn Monroe 1926 1962 this biographical dictionary concentrates on her circle of friends acquaintances and coworkers 1618 in all Distilled from hundreds of celebrity biographies are references to and quotes about the iconic Hollywood sex symbol from such diverse personalities as architect Frank Lloyd Wright Israeli diplomat Abba Eban beat poet Jack Kerouac novelist Somerset Maugham jazz singer Ella Fitzgerald counterculture guru Timothy Leary and evangelist Aimee Semple McPherson to name but a few All of these remarkable people have in one way or another crossed paths with the magnificent Monroe The entries in this volume with source listings for further reading and research confirm the fact that Marilyn Monroe remains a figure of
