Mysticism And Philosophy:

Mysticism and Philosophy Walter Terence Stace, 1987 **Philosophy of Mysticism** Richard H. Jones, 2016-03-23 A comprehensive exploration of the philosophical issues raised by mysticism This work is a comprehensive study of the philosophical issues raised by mysticism Mystics claim to experience reality in a way not available in normal life a claim which makes this phenomenon interesting from a philosophical perspective Richard H Jones s inquiry focuses on the skeleton of beliefs and values of mysticism knowledge claims made about the nature of reality and of human beings value claims about what is significant and what is ethical and mystical goals and ways of life Jones engages language epistemology metaphysics science and the philosophy of mind Methodological issues in the study of mysticism are also addressed Examples of mystical experience are drawn chiefly from Buddhism and Advaita Vedanta but also from Christianity Judaism Islam and Daoism This is a significant extension of the seminal work by Walter Stace *Mysticism and Philosophy* That work has stimulated much literature all of which Jones manages to review here He critically extends Stace s universal core and embeds it in a sophisticated discussion of the extent range and metaphysical implications of mysticism Ralph W Hood Jr coauthor of *The Psychology of Religion An Empirical Approach* **Problem of Pure Consciousness** Robert K. C. Forman, 1997 This collection of essays challenges the widely accepted interpretation of mystical experience that received its fullest expression in two volumes edited by Steven T Katz *Mysticism and Philosophical Analysis* and *Mysticism and Religious Traditions*

Mysticism and Philosophy W. T. Stace, 2003 *Mysticism and Morality: Oriental Thought and Moral Philosophy* Arthur C. Danto, 1972 **Exploring Unseen Worlds** G. William Barnard, 1997-03-06 Demonstrates convincingly the extent to which James s psychological and philosophical perspectives also continue to be a rich resource for those specifically interested in the study of mysticism A critically sophisticated yet gripping immersion into the inner worlds of one of America s foremost thinkers Anthology of Mysticism and Philosophy William Kingsland, 1995-02-01 The Philosophy of Mysticism Carl Du Prel, 1889 **Philosophical Mysticism in Plato, Hegel, and the Present** Robert M. Wallace, 2019-12-26 Few twenty first century academics take seriously mysticism s claim that we have direct knowledge of a higher or more inner reality or God But Philosophical Mysticism argues that such leading philosophers of earlier epochs as Plato G W F Hegel Ludwig Wittgenstein and Alfred North Whitehead were in fact all philosophical mystics This book discusses major versions of philosophical mysticism beginning with Plato It shows how the framework of mysticism s higher or more inner reality allows nature freedom science ethics the arts and a rational religion in the making to work together rather than conflicting with one another This is how philosophical mysticism understands the relationships of fact to value rationality to ethics and the rest And this is why Plato s notion of ascent or turning inward to a higher or more inner reality has strongly attracted such major figures in philosophy religion and literature as Aristotle Plotinus St Augustine Dante Alighieri Immanuel Kant Hegel William Wordsworth Ralph Waldo Emerson Emily Dickinson Whitehead and Wittgenstein

Wallace's Philosophical Mysticism brings this central strand of western philosophy and culture into focus in a way unique in recent scholarship *An Anthology of Mysticism and Mystical Philosophy* William Kingsland,1927 *The Philosophy Of Mysticism* E.I. Watkin,2010 *Mystical Theology and Continental Philosophy* David Lewin,2017 8 Eckhart's why and Heidegger's what beyond subjectivistic thought to groundless ground I II III Notes 9 Meister Eckhart's speculative grammar a foreshadowing of Heidegger's Der Satz vom Grund A problem of expression Language in modism Spiral vortex metaphor Concluding remarks Notes 10 Pay attention exploring contemplative pedagogies between Eckhart and Heidegger Paying attention The paradox of intention Intended attention Conclusion Notes PART IV Re readings and new boundaries 11 Mysterium secretum et silentiosum praying the apophatic self The secret prayer of apophasis Breaching the silent sanctuary in Fear and Trembling Exteriority and interiority the scandal of self and other Praying the apophatic self Notes 12 Becoming mystic becoming monster the logic of the infinite in Kierkegaard Cusa and Deleuze Kierkegaard thinking the unthinkable Cusa the repetition of unity Conclusion Notes 13 Non philosophical immanence or immanence without secularization I Immanence and philosophy II Eckhart's unrestrained immanence III Non philosophical immanence Notes 14 Not peace but a sword i ek Dionysius and the question of ancestry in theology and philosophy The sins of the fathers the congenital disorders of Christian Neoplatonism Unto the third and fourth generation i ek and the mutation of Christian inheritance Conclusion miscegenous liaisons Notes Index *The Innate Capacity* Robert K. C. Forman,1998 This book is the sequel to Robert Forman's well received collection *The Problem of Pure Consciousness* Oxford 1990 The essays in the earlier volume argued that some mystical experiences do not seem to be formed or shaped by the language system a thesis that stands in sharp contradistinction to deconstruction in general and to the constructivist school of mysticism in particular which holds that all mysticism is the product of a cultural and linguistic process In *The Innate Capacity* Forman and his colleagues put forward a hypothesis about the formative causes of these pure consciousness experiences All of the contributors agree that mysticism is the result of an innate human capacity rather than a learned socially conditioned and constructive process The innate capacity is understood in several different ways Many perceive it as an expression of human consciousness per se awareness itself Some hold that consciousness should be understood as a built in link to some hidden transcendent aspect of the world and that a mystical experience is the experience of that inherent connectedness Another thesis that appears frequently is that mystics realize this innate capacity through a process of releasing the hold of the ego and the conceptual system The contributors here look at mystical experience as it is manifested in a variety of religious and cultural settings including Hindu Yoga Buddhism Sufism and medieval Christianity Taken together the essays constitute an important contribution to the ongoing debate about the nature of human consciousness and mystical experience and its relation to the social and cultural contexts in which it appears *Philosophy of Mysticism* C. Du Prel,1885 *The Philosophy of Mysticism* Carl Du Prel,1977-03 *Quietism, Agnosticism and Mysticism* Krishna Mani Pathak,2022-01-01 This book presents a unique

collection of papers on various philosophical aspects of the unknown and unvoiced truth and reality of the cosmic world It offers a systematic analysis of the three philosophical theories of Quietism Agnosticism and Mysticism and introduces readers to the fundamentals of mystical knowledge claimed by philosophical schools of the east and the west It discusses debates and deliberates on philosophical issues concerning the acquisition of truth its objectivity and its various dimensions along with the application of thoughts pertaining to Quietism Agnosticism and metaphysical mystic traditions in philosophy It examines and precisely defines the scope and limits of knowledge the respective way of life its expressions and morality mystical revelation ineffability of the ultimate value realism and faith and reason with a primary focus on the classical Indian schools of Hinduism Buddhism Jainism Agnosticism the B uls Greek traditions modern western meta philosophy and contemporary quietist debate in religion and theology This insightful collection should be of great interest to independent researchers students and teachers of philosophy theology Mysticism and Agnosticism cultural studies and religious studies

An Anthology of Mysticism and Mystical Philosophy William Kingsland,2014-03-30 This Is A New Release Of The Original 1922 Edition *The Philosophy of Mysticism* Carl Du Prel,1889 **The Philosophy of Mysticism** ,1942

Wandering Joy Meister Eckhart,2001 In this remarkable work Reiner Sch rmann shows Meister Eckhart the thirteenth century Christian mystic as the great teacher of the birth of God in the soul which shatters the dualism between God and the world the self and God This is an exposition of Eckhar s mysticism perhaps the best in English and because Eckhart is a profound philosopher for whom knowing precedes being it is also an exemplary work of contemporary philosophy Sch rmann shows us that Eckhart is our contemporary He describes the threefold movement of detachment release and dehiscence splitting open which leads to the experience of living without a why in which all things are in God and sheer joy Going beyond that he describes the transformational force of approaching the Godhead the God beyond God A man who has experienced the same no longer has a place to establish himself He has settled on the road and for those who have learned how to listen his existence becomes a call This errant one dwells in joy Through his wanderings the origin beckons
