**Selected Military Writings of Mao Tse-Tung** Mao Tse-tung, 2011-04-02      **First Globalization** Geoffrey C. Gunn, 2003-06-05 First Globalization presents an original and sweeping conceptualization of the grand cultural civilizational encounter between Asia and Europe Now largely taken for granted the exchange resonates in multiple ways even today Offering a metageography of the vast Eurasian zone Geoffrey C Gunn shows how between 1500 and 1800 a lively two way flow in ideas philosophies and cultural products brought competing civilizations into serious dialogue and mostly peaceful exchange In Europe the interaction was reflected in missionary reporting cartographic representations literary productions and intellectual fashions alongside the business of commerce and plunder when it reached the Americas and peripheries In Asia notably China India and particularly Japan European ideas and their bearers received a remarkably positive hearing

when they did not challenge reigning orthodoxies Ranging from discussions of the natural world livelihoods and religious and intellectual encounters to language play crime and punishment gender and governance this book replays the themes of enduring hybridity and creolization of cultures dating from the first great encounter between Europe and Asia The Eclectic Review Samuel Greatheed, Daniel Parken, Theophilus Williams, Josiah Conder, Thomas Price, William Hendry Stowell, Jonathan Edwards Ryland, Edwin Paxton Hood, 1860 This periodical is comprised mainly of book reviews The majority of the books reviewed are religious in nature however books with various topics most notably books on historical topics and books of poetry are also reviewed Facing Reality Esmé Wingfield-Stratford, 1922 **The Elizabethan Conquest of Ireland** James Charles Roy, 2021-06-09 Queen Elizabeth's bloody rule over Ireland is examined in this richly textured impressively researched and powerfully involving history Roy Foster author of *Modern Ireland 1600-1972* England's violent subjugation of Ireland in the sixteenth century under Queen Elizabeth I was one of the most consequential chapters in the long tumultuous relationship between the two countries In this engaging and scholarly history James C Roy tells the story of revolt suppression atrocities and genocide in the first colonial failed state At the time Ireland was viewed as a peripheral theater a haven for Catholic heretics and a potential back door for foreign invasions Tormented by such fears lord deputies sent by the queen reacted with an iron hand These men and their subordinates including great writers such as Edmund Spenser and Walter Raleigh would gather in salons to pore over the Irish Question But such deliberations were rewarded by no final triumph only debilitating warfare that stretched across Elizabeth's long rule **Whose India Is It Anyway?** Brigadier K Kuldip Singh, 2020-12-28 *Whose India Is It Anyway?* This book is an exploration of the abiding idea of India through the blend of a true to life story of a principled son of the soil and the author's own experience and research on the subject The first part of the book takes the reader through the life and times of one Hira who despite a battle hardened stint in World War II followed by facing the horrors of the partition and grave personal loss continued to live a resiliently progressive life symbolising the vicissitudes of India's irrepressible life story The second part investigates the idea of India rooted in its scriptures and literature crystallizing into recommendations on how to build an invulnerable and abundant India fit to play her destined global role before eventually touching on pertinent angles of the theme to help the reader arrive at a plausible answer to the title query A must read book both for foreign and indigenous booklovers For the foreigners wanting to know India and for Indians to better understand themselves **Pacifying the Homeland** Brendan McQuade, 2019-08-06 The United States has poured over a billion dollars into a network of interagency intelligence centers called fusion centers These centers were ostensibly set up to prevent terrorism but politicians the press and policy advocates have criticized them for failing on this account So why do these security systems persist *Pacifying the Homeland* travels inside the secret world of intelligence fusion looks beyond the apparent failure of fusion centers and reveals a broader shift away from mass incarceration and toward a more surveillance and police intensive system of social regulation Provided with unprecedented

access to domestic intelligence centers Brendan McQuade uncovers how the institutionalization of intelligence fusion enables decarceration without fully addressing the underlying social problems at the root of mass incarceration The result is a startling analysis that contributes to the debates on surveillance mass incarceration and policing and challenges readers to see surveillance policing mass incarceration and the security state in an entirely new light **Greed and Guns** Atul

Kohli,2022-11-17 This Element studies the causes and the consequences of modern imperialism The focus is on British and US imperialism in the nineteenth and the twentieth centuries respectively The dynamics of both formal and informal empires are analyzed The argument is that imperialism is moved mainly by the desire of major powers to enhance their national economic prosperity They do so by undermining sovereignty in peripheral countries and establishing open economic access The impact on the countries of the periphery tends to be negative In a world of states then national sovereignty is an economic asset Since imperialism seeks to limit the exercise of sovereign power by subject people there tends to be an inverse relationship between imperialism and development the less control a state has over its own affairs the less likely it is that the people of that state will experience economic progress **The Absolutely Indispensable Man** Kal Raustiala,2023

In this political biography Kal Raustiala tells the life story of famed diplomat scholar Nobel prize winner and civil rights leader Ralph Bunche Raustiala argues that his most lasting achievement was his work against the European empire across the globe As a high ranking United Nations official in the 1950s and 1960s Bunche saw decolonization as a project of global racial justice From marching with Martin Luther King to advising presidents and prime ministers Bunche is one of the most prominent Black Americans of the twentieth century This definitive biography gives him his due It also reminds us that the end of empire had a powerful impact on America s own civil rights struggle **In Chains for My Country** N.

Nfor,2014-12-01 In Chains for My Country is an account of the struggle of the Southern Cameroons National Council SCNC a nonviolent liberation movement to wrestle British Southern Cameroons from the colonial claws of la Rpublique du Cameroun It is an epic and thrilling account of the life of British Southern Cameroons which passed from colonial rule to foreign domination through annexation and attempted assimilation into neighbouring la Rpublique du Cameroun Under British trusteeship British Southern Cameroons graduated to self government in 1954 with all hopes of independence Instead the Trust Territory was doomed to subservience in a contested union with la Rpublique du Cameroun Failure to implement United Nations Resolution 1608 of April 1961 to establish the envisioned federation of two states equal in status facilitated la Rpublique du Camerouns annexation and colonial occupation of a defenseless United Nations Trust as Britain withdrew all its personnel and forces The territory has been reduced to two provinces of la Rpublique du Cameroun under the rule of proconsuls backed by an imperial occupation force with an agenda of nipping in the bud any resistance Empire and Identity Stephen H. Gregg,2005-10-16 This anthology of primary material brings together literary and non literary texts from the 18th century focusing on issues including commerce and colonialism Britons sense of identity in the 18th century see
