**Richard W. Woodman, William A.

Organizational Life Learning To Be Self Directed:

Organizational Life Edward Cell, 1998 Many managers learn to harden their hearts and to act against their integrity under the pressures of organizational life They find themselves treated more as means than as persons and learn to treat others in this way In *Organizational Life* Edward Cell endeavors to help managers understand their actions more fully and to determine how they can best learn to be more true to themselves in their work without unduly handicapping their chances for vocational success Cell's observations are grounded in a perspective on human nature that draws from humanism symbolic interactionism and existentialism *Organizational Life* will be of great interest to those who are concerned about the alienating aspects of their own organizational life as well as to those who anticipate facing these conditions in the future

we learn from one another I have written in this spirit drawing on what I have learned from others especially in teaching philosophy religion and psychology working with those who are dying bearing the loss of people I have cared deeply for and centering my life in times with friends and family that have brought deep meaning courage and delight Whatever flourishing we achieve will depend in part on fate all the physical social and psychological things that happen to us and that may work for us or against us This is especially likely to be an important side of our final stage of life Our well being though will also be a matter of how we engage life Some of this will be influenced by how we deal with whatever psychological problems life has brought but this book focuses rather on the creative life affirming uses to which we can put our basic human powers There are two fundamental perspectives those we can think of as secular and transcendental by which we in the West have been helped to experience this affirmative feeling for life I explore both perspectives for the insights they have to offer and ask what it is about life for all of us that can make possible new meaning greater intimacy and deepened belief **Online**
