Evolution of Communism Tarkan Özhan, 2018-06-25
The beginning story of the communism was like this A ghost walks in Europe the ghost of communism All the forces of old Europe entered into a sacred alliance to defeat this ghost the Pope and the Tsar Metternich and Guizot French radicals and German police agents Where is the opposition party not being accused of being communist by its opponents Where is the opposition which has not thrown this blightful communism accusation back to its reactionary adversaries as well as to the more progressive opposition parties Two things come out of this phenomenon I Communism itself has already been recognized as a force by all European powers II It is already time for the Communists to openly react to the whole world to publish their views their aims their tendencies and their Manifestos of the Party to this ghost of Communism THE BOOK in your hand not only reveals the historical direction of communism but also reveals an evolutionary history that extends to present and even to future years In this study discussed Ukraine Spain and Bolivia and so on the other small Countries how your current revolutionary mobility will shape this century in the recent times or near future

collapse of the conflicting classes In earlier periods of history almost everywhere we find a complicated social order a wide range of social position grades in various clusters Patriarchs knights plebs slaves in ancient Rome From the serfs of the Middle Ages came the distinguished urbanites of the first cities The first items of the bourgeoisie also developed from these urbanites The discovery of America the circumnavigation of Cape of Good Hope opened new fields for the emerging bourgeoisie The East Indian and Chinese markets the colonization of America the exploitation of commerce the increase in the means of exchange and in general the commodities the commercial the shipping the industrial the unprecedented breakthrough and thus the rapid development of the revolutionary element of feudal society in its collapse The feudal industrial system in which industrial production was monopolized by closed lonces was no longer sufficient for the growing needs of new markets His manufacturing system took his place Guild master craftsmen were pushed to an edge by the middle class The division of labor between different guild units has disappeared in the face of the division of labor within each individual workshop Meanwhile the markets continued to grow steadily demand continued to rise steadily Even the builder was not enough anymore On top of that steam and machine revolutionized industrial production Manufuction took its place in the giant modern industry the industrial middle class the industrial millions the leaders of all industrial armies the modern bourgeoisie Modern industry has established a world market in which America has laid its foundations for exploration This market has made great progress in trade shipping and road transport This development also affected the spread of industry And the bourgeoisie has developed in the same direction in proportion to the expansion of industry commerce shipping and railways has increased its capital and has pushed all the classes from the Middle Ages into the background

Makhno and Memory Sean Patterson, 2020-04-09 Nestor Makhno has been called a revolutionary anarchist a peasant rebel the Ukrainian Robin Hood a mass murderer a pogromist and a devil These epithets had their origins in the Russian Civil War 1917 1921 where the military forces of the peasant anarchist Nestor Makhno and Mennonite colonists in southern Ukraine came into conflict In autumn 1919 Makhnovist troops and local peasant sympathizers murdered more than 800 Mennonites in a series of large scale massacres The history of that conflict has been fraught with folklore ideological battles and radically divergent cultural memories in which fact and fiction often seamlessly blend conjuring a multitude of Makhnos each one shouting its message over the other Drawing on theories of collective memory and narrative analysis Makhno and Memory brings a vast array of Makhnovist and Mennonite sources into dialogue including memoirs histories diaries newspapers and archival material A diversity of perspectives are brought into relief through the personal reminiscences of Makhno and his anarchist sympathizers alongside Mennonite pacifists and advocates for armed self defense Through a meticulous analysis of the Makhnovist Mennonite conflict and a micro study of the Eichenfeld massacre of November 1919 Sean Patterson attempts to make sense of the competing cultural memories and presents new ways of thinking about Makhno and his movement Makhno and Memory offers a convincing reframing of the Mennonite Makhno

some of the most fundamental and pressing questions with which all radicals must engage He does this by revisiting and attempting to draw lessons from the history of the revolutionary movement from the French Revolution through the conflicts between anarchists and Marxists in the International Workingmen s Association and the Russian and Spanish revolutions to the social revolution of 1968 These are not just abstract theoretical reflections but are informed by the experiences of a lifetime of revolutionary commitments and by his constant willingness to challenge orthodoxies of all kinds Far from allowing ourselves to sink into doubt inaction and despair the time has come for the left to begin again from zero to rethink its problems from their very foundations The failure of both reformism and Stalinism imposes on us the urgent duty to find a way of reconciling proletarian democracy with socialism freedom with Revolution
