**Now and After** Alexander Berkman, 2025-04-15 A

compelling work to be studied and applied to new conditions each generation An exposition of anarchism by one of its greatest propagandists and clearest thinkers In a conversational style Berkman discusses society as it now exists the need for anarchism and the methods for bringing it about His primary goal for writing the book was to dispel the misinformation concerning the aspirations of anarchists in the minds of average people The secondary goal was to reexamine the movement after the Russian Revolution and to promote the fact that authoritarian methods cannot lead to liberty indeed methods and aims must be identical to ensure lasting equality and freedom *Zaragoza Bound* Roberto Martínez Catalán,2025-10-21 The first English language book dedicated to the story of the Durruti Column during the Spanish Civil War On July 24 1936 one week after the Spanish working class took up arms against General Franco s fascist coup an armed column comprised primarily of partisans from the anarcho syndicalist CNT left Barcelona Leading this militia was Buenaventura Durruti the most famous anarchist in Spain Durruti and his compatriots had just participated in the street fighting that temporarily defeated Franco s military uprising Now they were heading to Zaragoza an important CNT stronghold whose liberation would represent a decisive advance for the war and the revolution On the way the Column sought to establish free communes outside the control of the brittle Republic while confronting the fascist advance The roughly seven thousand members of the column were organized without traditional military hierarchy thus establishing a true anarchist military formation based on solidarity and common purpose Zaragoza Bound chronicles the column s battles membership and organization From its creation to its dissolution and integration into the Popular Army of the Republic in 1937 heroic episodes of the Durruti Column are recounted without shying away from hardship and controversies **Evolution of Communism** Tarkan Özhan,2018-06-25 The beginning story of the communism was like this A ghost walks in Europe the ghost of communism All the forces of old Europe entered into a sacred alliance to defeat this ghost the Pope and the Tsar Metternich and Guizot French radicals and German police agents Where is the opposition party not being accused of being communist by its opponents Where is the opposition which has not thrown this blightful communism accusation back to its reactionary adversaries as well as to the more progressive opposition parties Two things come out of this phenomenon I Communism itself has already been recognized as a force by all European powers II It is already time for the Communists to openly react to the whole world to publish their views their aims their tendencies and their Manifestos of the Party to this ghost of Communism THE BOOK in your hand not only reveals the historical direction of communism but also reveals an evolutionary history that extends to present and even to future years In this study discussed Ukraine Spain and Bolivia and so on the other small Countries how your current revolutionary mobility will shape this century in the recent times or near future **EARLY HISTORY OF COMMUNISM** So far history is the history of all societies class struggles Free people and slaves patriarchs and plebes gentlemen with serfs guild masters and kalfa one word one oppressed with oppression have always faced each other uninterrupted occasionally covered sometimes open Either by a totally revolutionary reestablishment of the society or by the

collapse of the conflicting classes In earlier periods of history almost everywhere we find a complicated social order a wide range of social position grades in various clusters Patriarchs knights plebs slaves in ancient Rome From the serfs of the Middle Ages came the distinguished urbanites of the first cities The first items of the bourgeoisie also developed from these urbanites The discovery of America the circumnavigation of Cape of Good Hope opened new fields for the emerging bourgeoisie The East Indian and Chinese markets the colonization of America the exploitation of commerce the increase in the means of exchange and in general the commodities the commercial the shipping the industrial the unprecedented breakthrough and thus the rapid development of the revolutionary element of feudal society in its collapse The feudal industrial system in which industrial production was monopolized by closed lonces was no longer sufficient for the growing needs of new markets His manufacturing system took his place Guild master craftsmen were pushed to an edge by the middle class The division of labor between different guild units has disappeared in the face of the division of labor within each individual workshop Meanwhile the markets continued to grow steadily demand continued to rise steadily Even the builder was not enough anymore On top of that steam and machine revolutionized industrial production Manufuction took its place in the giant modern industry the industrial middle class the industrial millions the leaders of all industrial armies the modern bourgeoisie Modern industry has established a world market in which America has laid its foundations for exploration This market has made great progress in trade shipping and road transport This development also affected the spread of industry And the bourgeoisie has developed in the same direction in proportion to the expansion of industry commerce shipping and railways has increased its capital and has pushed all the classes from the Middle Ages into the background

**Makhno and Memory** Sean Patterson, 2020-04-09 Nestor Makhno has been called a revolutionary anarchist a peasant rebel the Ukrainian Robin Hood a mass murderer a pogromist and a devil These epithets had their origins in the Russian Civil War 1917 1921 where the military forces of the peasant anarchist Nestor Makhno and Mennonite colonists in southern Ukraine came into conflict In autumn 1919 Makhnovist troops and local peasant sympathizers murdered more than 800 Mennonites in a series of large scale massacres The history of that conflict has been fraught with folklore ideological battles and radically divergent cultural memories in which fact and fiction often seamlessly blend conjuring a multitude of Makhnos each one shouting its message over the other Drawing on theories of collective memory and narrative analysis Makhno and Memory brings a vast array of Makhnovist and Mennonite sources into dialogue including memoirs histories diaries newspapers and archival material A diversity of perspectives are brought into relief through the personal reminiscences of Makhno and his anarchist sympathizers alongside Mennonite pacifists and advocates for armed self defense Through a meticulous analysis of the Makhnovist Mennonite conflict and a micro study of the Eichenfeld massacre of November 1919 Sean Patterson attempts to make sense of the competing cultural memories and presents new ways of thinking about Makhno and his movement Makhno and Memory offers a convincing reframing of the Mennonite Makhno

Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period **The Historical Dictionary of the Russian Civil Wars 1916 1926** covers the history of this period

through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War **Direct Action** David Graeber,2009 A radical anthropologist studies the global justice movement What is Anarchism? some of the most fundamental and pressing questions with which all radicals must engage He does this by revisiting and attempting to draw lessons from the history of the revolutionary movement from the French Revolution through the conflicts between anarchists and Marxists in the International Workingmen s Association and the Russian and Spanish revolutions to the social revolution of 1968 These are not just abstract theoretical reflections but are informed by the experiences of a lifetime of revolutionary commitments and by his constant willingness to challenge orthodoxies of all kinds Far from allowing ourselves to sink into doubt inaction and despair the time has come for the left to begin again from zero to rethink its problems from their very foundations The failure of both reformism and Stalinism imposes on us the urgent duty to find a way of reconciling proletarian democracy with socialism freedom with Revolution
