ORGANIZED CRIME – WORLD PERSPECTIVES¹

Организовани криминалитет – перспективе у свету представља својерасни зборник радова, односно перспектива и приступа разумевању феномена организованог криминалитета у свету. Наиме, аутори су пошлели од чиниенице да организовани криминалитет представља тему која изазива бригу широм света, при чему природа и делатност организованог криминалитета није прецизно утврђена, те су у том контексту пројектовали неколико нацрта истраживања организованог криминалитета у свету, који су презентовани на Трећем међународном полицијском симпозијуму, одржаном у Јапану 1996. године.² На Симпозијуму су учествовали представници 18 земаља, са шест континената, при чему су разматране следеће теме: концепт организованог криминалитета, природа и ширење организованог криминалитета, методе супротстављања организованом криминалитету, са компаративним приказом метода борбе против организованог криминалитета и друге теме. Наредних неколико година аутори су заједно са учесницима Симпозијума радили на евалуацији резултата истраживања, што заправо представља костур ове књиге, која је изашла из штампе крајем 2003. године.

Књига је систематизована кроз шест поглавља, са укупно 20 потпоглавља, укључујући уводна и закључна разматрања, на 482 странице. Књига је писана на јасан и разумљив начин, прегледно и модерним стилем писања, при чему је свако поглавље обрађено на исти начин, тако да обухвата следеће садржаје: увод, природу и ширење организованог криминалитета (типове криминалне делатности, подручје

An Ontology of Organized Crime Stephen Schneider, 2024-11-29 One of the most elusive pursuits in the study of organized crime is developing a definition description or conceptual model that captures its complexity diversity and ever changing nature This book takes a comprehensive approach to unraveling the intricacies and variations of organized crime providing a detailed account of its many attributes Based on a review of the theoretical literature the author has created a holistic typology essential to understanding organized crime The typology comprises 28 attributes divided into five thematic categories associational the relationship among the offenders that leads to some discernible structure commercial revenue generating crimes operational support functions and expenditures institutional factors that sustain a criminal association and activities over time and cultural behavioral the norms values and codes of organized crime and how they affect the actions of offenders These categories are not simply used to classify the different attributes each one represents a structural pillar of an organized criminal association As a meta analytical framework the typology is the first to incorporate the foremost ways in which organized crime has been conceptualized in the literature as an association of offenders the crimes perpetrated how organized crimes are carried out and as a form of underworld governance The book also adapts the static typology into a flexible and testable conceptual model that recognizes the many variations among organized criminal associations and which

can be used to determine when a group of offenders constitutes organized crime Besides their theoretical and empirical purposes the typology and conceptual model have been constructed as applied frameworks for informing strategic enforcement setting priorities tactical enforcement targeting and denigrating the structural pillars of an organized criminal association and policy purposes as a basis for a comprehensive multi sectoral control plan This book is invaluable for students and scholars studying organized crime as well as criminal justice professionals looking for guidance on enforcement strategies and public policies Situational Prevention of Organised Crimes Ronald Clarke, Karen Bullock, Nick

Tilley, 2013-01-11 This collection of case studies by a distinguished international group of researchers documents the application of a situational prevention approach to a variety of organised crimes including sex trafficking drug smuggling corruption and fraud The book will be of interest to those tasked with tackling organised crime problems as well as students of criminology and criminal justice Organized Crime Klaus von Lampe, 2015-07-16 2016 Outstanding Publication Award

The International Association for the Study of Organized Crime Organized Crime Analyzing Illegal Activities Criminal Structures and Extra legal Governance provides a systematic overview of the processes and structures commonly labeled organized crime drawing on the pertinent empirical and theoretical literature primarily from North America Europe and Australia The main emphasis is placed on a comprehensive classificatory scheme that highlights underlying patterns and dynamics rather than particular historical manifestations of organized crime Esteemed author Klaus von Lampe strategically breaks the book down into three key dimensions 1 illegal activities 2 patterns of interpersonal relations that are directly or indirectly supporting these illegal activities and 3 overarching illegal power structures that regulate and control these illegal activities and also extend their influence into the legal spheres of society Within this framework numerous case studies and topical issues from a variety of countries illustrate meaningful application of the conceptual and theoretical discussion

McCamey, 2010-12-09 Focusing on the thought provoking contemporary issues that underscore the challenging world of policing this easy to understand text balances theory research and practice to give students a comprehensive overview of both the foundations of policing and the expanded role of today's police officers The engaging writing style and stories from the field coupled with unique coverage of the issues of policing in multicultural communities the impact of globalization on policing make this book a must have for policing courses

Organized Crime Geoff Dean, Petter Gottschalk, Ivar Fahsing, 2010 Organized crime in the twenty first century is a knowledge war that poses an incalculable global threat to the world economy and harm to society the economic and social costs are estimated at upwards of 20 billion a year for the UK alone SOCA 2006 7 Organized Crime Policing Illegal Business Entrepreneurialism offers a unique approach to the tackling of this area by exploring how it works through the conceptual framework of a business enterprise Structured in three parts the book progresses systematically through key areas and concepts integral to dealing effectively with the myriad contemporary forms of organised crime and provides insights on

where how and when to disrupt and dismantle a criminal business activity through current policing practices and policies From the initial set up of a crime business through to the long term forecasting for growth and profitability the authors dissect and analyse the different phases of the business enterprise and propose a Knowledge Managed Policing KMP approach to criminal entrepreneurialism Combining conceptual and practical issues this is a must have reference for all police professionals policing academics and government policy makers who are interested in a Strategy led Intelligence supported Knowledge Managed approach to policing illegal business entrepreneurialism

Criminology Gregg Barak,2009-09-16 Criminology An Integrated Approach is the first criminology textbook to provide an integrated perspective on the developing global and historical relations that unite the studies of criminology criminologists criminal justice justicians and crime crime control in the 21st century In order to achieve this integration the book is divided into three parts Part I a unifying analysis of crime and crime control does three things First the studies of criminology and criminal justice are reunited in the context of globalization Second the official and unofficial forms of crime and criminal behavior are examined domestically and globally Third unlike most criminology texts theories are also used to explain the administration of criminal justice the behavior of law enforcement and crime control as well as the policies of sentencing and punishment Part II explaining criminal behavior and crime outlines the changing historical conditions of criminological inquiry and provides detailed overviews of the various contributions made from economics and law biology psychology and sociology These criminological theories are also subject to a critique based on the partialities of most of these explanations and on the need for developing integrated explanations Part III integrating criminological strands is divided between presenting elaborations of contemporary criminological integrations that transcend disciplinary boundaries and elaborating on both domestic and international policies of crime reduction and justice enhancement in an age of globalization

Organized Crime Frank Shanty,Patit Paban Mishra,2007-09-24 This fascinating work is a two volume guide to the shadow world the critical issues and the global reach of organized crime Despite its impact on international security and the world economy organized crime is an unusual topic for a reference book Difficult to research the high profit high risk subculture of drug lords diamond smugglers and sex slavers is rarely investigated by scholars Organized Crime An International Encyclopedia ventures behind the scenes into this hazardous territory In the first volume expert contributors offer a global perspective on issues such as weapons and arms trafficking high tech and cyber crimes the future of organized crime and the connection between organized crime and armed conflicts The second volume consists entirely of primary documents national and international laws and treaties that reflect the international community s many attempts largely ineffective to combat organized crime Together the two volumes provide students and general readers with a road map to a shadow world with far reaching impact on the world we know

Routledge Handbook of International Criminology Cindy J. Smith,Sheldon X. Zhang,Rosemary Barberet,2011-05-03 The Routledge Handbook of International Criminology brings together the latest thinking and findings

from a diverse group of both senior and promising young scholars from around the globe This collaborative project articulates a new way of thinking about criminology that extends existing perspectives in understanding crime and social control across borders jurisdictions and cultures and facilitates the development of an overarching framework that is truly international The book is divided into three parts in which three distinct yet overlapping types of crime are analyzed international crime transnational crime and national crime Each of these perspectives is then articulated through a number of chapters which cover theory and methods international and transnational crime analyses and case studies of criminology and criminal justice in relevant nations In addition questions placed at the end of each chapter encourage greater reflection on the issues raised and will encourage young scholars to move the field of inquiry forward This handbook is an excellent reference tool for undergraduate and graduate students with particular interests in research methods international criminology and making comparisons across countries

Criminal Markets and Mafia Proceeds Ernesto

Savona, Francesco Calderoni, 2016-03-22 This book estimates the proceeds of crime and mafia revenues for different criminal markets such as sexual exploitation drugs illicit cigarettes loan sharking extortion racketeering counterfeiting illicit firearms illegal gambling and illicit waste management It is the first time that scholars have adopted detailed methodologies to ensure the highest reliability and validity of the estimation Overall estimated proceeds of crime amount to 22.8 billion 1.5% of the Italian GDP Of this up to 10.7 billion 0.7% of the GDP may be attributable to the Italian mafias These figures are considerably lower than the ones most frequently circulated on the news without any details about their methodology which were defined by a UN study as gross overestimates Far from underestimating criminal revenues the results of this study bring the issue of the proceeds of crime to an empirically based debate providing support for improved future estimates and more effective policies The volume's contributions were inspired by a project awarded by the Italian Ministry of Interior to Transcrime which produced the first report on mafia investments www.investimentioc.it This book was originally published as a special issue of Global Crime

Organized Crime and Corruption in Georgia Louise Shelley, Erik R. Scott, Anthony

Latta, 2007-09-12 Georgia is one of the most corrupt and crime ridden nations of the former Soviet Union In the Soviet period Georgians played a major role in organized crime groups and the shadow economy operating throughout the Soviet Union and in the post Soviet period Georgia continues to be an important source of international crime and corruption Important changes have been made since the Rose Revolution in Georgia to address the organized crime and pervasive corruption This book based on extensive original research surveys the most enduring aspects of organized crime and corruption in Georgia and the most important reforms since the Rose Revolution Endemic crime and corruption had a devastating effect on government and everyday life in Georgia spurring widespread popular discontent that culminated with the Rose Revolution in 2003 Some of the hopes of the Rose Revolution have been realized though major challenges lie ahead as Georgia confronts deep seated crime and corruption issues that will remain central to political economic and social life in the years to come

Organized Crime World Perspectives Introduction

In the digital age, access to information has become easier than ever before. The ability to download Organized Crime World Perspectives has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Organized Crime World Perspectives has opened up a world of possibilities. Downloading Organized Crime World Perspectives provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Organized Crime World Perspectives has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Organized Crime World Perspectives. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Organized Crime World Perspectives. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Organized Crime World Perspectives, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Organized Crime World Perspectives has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF

resources available and embark on a journey of continuous learning and intellectual growth.
