With Pleasure Paul R. Abramson, Steven D. Pinkerton, 2002-10-17 Challenging everything from the mandates of the Catholic Church to the hotly debated ethics of pornography and from the controversy surrounding gay rights to issues of gender and feminism With Pleasure explores a new theory of human sexuality that ignites every hot topic in the public domain What role authors Paul Abramson and Steven Pinkerton ask does sexual pleasure play in our lives Is the pursuit of sexual enjoyment in our blood Our brains Our very nature Regardless of the source it can be agreed that the joys of sex are widely appreciated Why then is pleasure so often overlooked in discussions of sexual behaviour and why do cultural historical and religious treatises so often fail to emphasise or outright ignore this obvious aspect of human sexuality Responding to these and many other questions about our most private affairs With Pleasure provides a profoundly original challenge to the cherished truisms of human sexuality Abramson and Pinkerton proclaim the paramount importance of pleasure while at the same time overthrowing traditional ideas about gender pornography contraception homosexuality abortion and much more Supported by rigorous research and co written by one of the foremost authorities on sex With Pleasure argues that human sexuality cannot be understood if its significance is limited to reproduction alone The authors posit that in humans reproduction itself occurs as a byproduct of pleasure not the other way around and that it is the strong drive for pleasure that makes people overcome many obstacles and even life threatening dangers such as AIDS to have sex Ranging from discussions about the church to current debates about pornography and from evolutionary theory to questions about the future of sex and pleasure Abramson and Pinkerton argue persuasively that the pleasurable of sex cannot be restricted to purely reproductive behaviour With Pleasure advances a startling and original new theory about human sexuality one which the authors believe will replace all existing notions about sex The book standing in direct and deliberate opposition to traditions that try to confine sexuality to procreation is sure to ignite a firestorm of controversy

Orgasmology Annamarie Jagose, 2012-12-24 For all its vaunted attention to sexuality

queer theory has had relatively little to say about sex the material and psychic practices through which erotic gratification is sought In *Orgasmology* Annamarie Jagose takes orgasm as her queer scholarly object From simultaneous to fake orgasms from medical imaging to pornographic visualization from impersonal sexual publics to domestic erotic intimacies Jagose traces the career of orgasm across the twentieth century Along the way she examines marriage manuals of the 1920s and 1930s designed to teach heterosexual couples how to achieve simultaneous orgasms provides a queer reading of behavioral modification practices of the 1960s and 1970s aimed at transforming gay men into heterosexuals and demonstrates how representations of orgasm have shaped ideas about sexuality and sexual identity A confident and often counterintuitive engagement with feminist and queer traditions of critical thought *Orgasmology* affords fresh perspectives on not just sex sexual orientation and histories of sexuality but also agency ethics intimacy modernity selfhood and sociality As modern subjects we presume we already know everything there is to know about orgasm This elegantly argued book suggests that orgasm still has plenty to teach us

Young, **Evil CEO's Imprisoned Wife** Ju SanYiYi, 2019-12-29 because of a similar face She was imprisoned by demons The man raised his devilish eyes Lift your thin cool lips Despite the fear in the eyes of women Her slender fingers slowly opened up her clothes It was a merciless provocation a demand from the devil It was also revenge One night of lovemaking She must not be willing to be confined by demons for the sake of a false love Let him trap himself in his carefully designed cage of vengeance Life is better than death However when the truth was revealed the demon realized that he hated that face But the one he loved

Tantra & Erotic Trance John Ryan Haule, 2012 Human sexuality is a problematic thing It gets us into trouble breaks our hearts involves us in painful compulsive relationships even transmits deadly diseases It would surely scare us off if it were not for its siren call to higher forms of union and moments of bodily bliss When examined more closely however and especially when we turn our gaze inward to see what sexual arousal is doing to our consciousness we find we are in an altered state a form of erotic trance that reveals dimensions of ourselves our partner and possibilities for human life that otherwise would not have been discovered Procreative sex forms the foundation of the nuclear family and the glue that holds society together what we might call the horizontal potential of sex Tantra however is about its vertical dimension about tuning our awareness to bring higher spiritual realities into focus It all begins by mastering our bodily reflexes This first volume of *Tantra and Erotic Trance* deals with the preliminary stages of mastery and the transformations of consciousness that they make possible The whole project is imagined as a ladder with its feet on the earth and its top leaning into Indra's heaven Each rung represents a new level of awareness a mastery of what just the rung below had appeared to us as a poorly understood gift

to reclaim And the possibility of achieving immortality through heirs drove men to construct patriarchal cultures that went on to dominate so much of human history From the nature of courtship to the evolution of language Shlain s brilliant and wide ranging exploration stimulates new thinking about very old matters
