Proceedings (American Oriental Society). 1874-1893, 1852 Silent Teachers Nil Ö. Palabıyık, 2023-03-17 Silent Teachers considers for the first time the influence of Ottoman scholarly practices and reference tools on oriental learning in early modern Europe Telling the story of oriental studies through the annotations study notes and correspondence of European scholars it demonstrates the central but often overlooked role that Turkish language manuscripts played in the achievements of early orientalist Dispersing the myths and misunderstandings found in previous scholarship this book offers a fresh history of Turkish studies in Europe and new insights into how Renaissance intellectuals studied Arabic and Persian through contemporaneous Turkish sources This story hardly has any dull moments the reader will encounter many larger than life figures including an armchair expert who turned his alleged captivity under the Ottomans into bestselling books a drunken dragoman who preferred enjoying the fruits of the vine to his duties at the Sublime Porte and a curmudgeonly

German physician whose pugnacious pamphlets led to the erasure of his name from history Taking its title from the celebrated humanist Joseph Scaliger's comment that books from the Muslim world are silent teachers and need to be explained orally to be understood this study gives voice to the many and varied Turkish language books that circulated in early modern Europe and proposes a paradigm shift in our understanding of early modern erudite culture Journal of the American Oriental Society, 1889

Harlot or Holy Woman? Phyllis A. Bird, 2020-01-16 Harlot or Holy Woman presents an exhaustive study of *qedeh* a Hebrew word meaning consecrated woman but rendered prostitute or sacred prostitute in Bible translations Reexamining biblical and extrabiblical texts Phyllis A. Bird questions how *qedeh* came to be associated with prostitution and offers an alternative explanation of the term one that suggests a wider participation for women as religious specialists in Israel's early cultic practice Bird's study reviews all the texts from classical antiquity cited as sources for an institution of sacred prostitution alongside a comprehensive analysis of the cuneiform texts from Mesopotamia containing the cognate *qadi tu* and Ugaritic texts containing the masculine cognate *qd* Through these texts Bird presents a portrait of women dedicated to a deity engaged in a variety of activities from cultic ritual to wet nursing and sharing a common generic name with the *qedeh* of ancient Israel In the final chapter she returns to biblical texts reexamining them in light of the new evidence from the ancient Near East Considering alternative models for constructing women's religious roles in ancient Israel this wholly original study offers new interpretations of key texts and raises questions about the nature of Israelite religion as practiced outside the royal cult and central sanctuary
