Origin Of The Cross And Sexual Worship:

The Masculine Cross and Ancient Sex Worship Abisha S. Hudson, 1904 **Origin of the Cross and Sexual Worship** Sha Rocco, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **The Masculine Cross and Ancient Sex Worship** Sha Rocco, 1889 The Masculine Cross and Ancient Sex Worship Sha Rocco, 1904 A tremendous and controversial undertaking for its time this book unearths some of the most fascinating connections between the world of Christianity and sexual imagery adventure and exotica Without missing a beat Rocco has seen to it that her readers are not only kept fascinated but that her own theories and precepts remain strong in the reader s mind It doesn t matter that her words reach out from a past century Their ring is clear and their message loud even by today s standards Rocco moves from an intrinsic philosophy of the cross and its shape and form in theoretical gendering while leaving no stone unturned in her discussions of the Triad and Vocabulary of the ancients This woman finds sex in every nook and cranny of history letting nothing stand in her way to complete sexual discovery Her writing style remains clear and easy to read while packed with the most interesting of facts theories and suggestions **Phallic Worship** Hargrave Jennings, 1880 Phallic Worship: A Description of The Mysteries of The Sex Worship of The Ancients With The History of The Masculine Cross Anonymous, Sex Worship has prevailed among all peoples of ancient times sometimes contemporaneous and often mixed with Star Serpent and Tree Worship The powers of nature were sexualised and endowed with the same feelings passions and performing the same functions as human beings Among the ancients whether the Sun the Serpent or the Phallic Emblem was worshipped the idea was the same the veneration of the generative principle Thus we find a close relationship between the various mythologies of the ancient nations and by a comparison of the creeds ideas and symbols can see that they spring from the same source namely the worship of the forces and operations of nature the original of which was doubtless Sun worship It is not necessary to prove that in primitive times the Sun must have been worshipped under various names and venerated as the Creator Light Source of Life and the Giver of Food In the earliest times the worship of the generative power was of the most simple and pure character rude in manner primitive in form pure in idea the homage of man to the supreme power the Author of life Afterwards the worship became more depraved a religion of feeling sensuous bliss corrupted by a priesthood who were not slow to take advantage of this state of affairs and inculcated with it profligate and mysterious ceremonies union of gods with women religious prostitution and other degrading rites Thus it was not long before the emblems lost their pure and simple meaning and became licentious statues and debased objects Hence we have the depraved ceremonies at the worship of Bacchus who became not only the representative of the creative power but the God of pleasure and licentiousness

The corrupted religion always found eager votaries willing to be captives to a pleasant bondage by the impulse of physical bliss as was the case in India and Egypt and among the Ph nicians Babylonians Jews and other nations Sex worship once personified became the supreme and governing deity enthroned as the ruling God over all dissent therefrom was impious and punished The priests of the worship compelled obedience monarchs complied to the prevailing faith and became willing devotees to the shrines of Isis and Venus on the one hand and of Bacchus and Priapus on the other by appealing to the most animating passion of nature **The Modern Review** ,1924 The Cambridge Companion to Religious Studies Robert A. Orsi,2011-12-19 The Cambridge Companion to Religious Studies is both informative and provocative introducing readers to key debates in the contemporary study of religion and suggesting future research possibilities A group of distinguished scholars takes up some of the most pressing theoretical questions in the field What is a religious tradition How are religious texts read What takes place when a religious practitioner stands before a representation of gods or goddesses ghosts ancestors saints and other special beings What roles is religion playing in contemporary global society The volume emphasizes religion as a lived practice stressing that people have used and continue to use religious media to engage the circumstances of their lives The volume s essays should prove valuable and interesting to a broad audience including scholars in the humanities and social sciences and a general readership as well as students of religious studies *Aleister Crowley and Western Esotericism* Henrik Bogdan,Martin P. Starr,2012-09-20 Henrik Bogdan and Martin P Starr offer the first comprehensive examination of one of the twentieth century s most distinctive occult iconoclasts Aleister Crowley 1875 1947 one of the most influential thinkers in contemporary western esotericism Phallic Worship; A description of the mysteries of the sex worship of the ancients, with the history of the masculine cross Hargrave Jennings,2025-08-15 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Sex Mythology F. F. Arbuthnot,1898 Paschal Beverly Randolph John Patrick Deveney,1997-01-01 His most enduring claim to fame is the crucial role he played in the transformation of spiritualism a medium s passive reception of messages from the spirits of the dead into occultism the active search for personal spiritual realization and inner vision *A History of Sanskrit Literature* Akshaya Kumari Devi,1939 Sex and Sex Worship (phallic Worship) a Scientific Treatise on Sex Otto Augustus Wall,1919 The New International Encyclopaedia ,1923 The New International Encyclopædia Frank Moore Colby,Talcott Williams,1922 The Immoral Reverend Robert H. Rimmer,2000-04-17 A CHURCH OF MODERN MORALITIES In the city of Adamsport Massachusetts very similar to Quincy where Bob Rimmer has lived most of his life Matt Godwin with both an MBA and a Doctor of Divinity degree from Harvard after fifteen years in the business world is about to be elected president of a multi billion dollar conglomerate created by his father But defying both his wife and his father Matt returns to the Unitarian Universalist pulpit He has a vision of a church that offers an entirely new approach to

Christian morality Inspired by the never ending mystery and wonder of procreation life and death his religion will preach the exaltation of the human body and mind and human sexuality will have a joyous laughing sacramental quality Matt s religious humanism is portrayed amidst a background of obsession and adventure Attempting to build a new style church Matt s need for funds leads him on a search for millions of dollars in gold bullion dumped by an American transport plane during World War II in the Himalayas when we were at war with the Japanese With the help of an Islamic Arab oil billionaire he rebuilds and recreates a former Unitarian Universalist church and offers a sexual religious agenda that shocks the conservative Christian community Originally published in 1985 Bob Rimmer has elaborated the Church of Modern Moralities with a new 21st century franchised religion in his novel published by toExcel in 1998 It s called Wondering and has churches called Love Dromes Don t miss it After you ve read it you ll become a Wonderer too *erotogenesis of Religion* Theodore Schroeder,1916 **Sex Worship** Clifford Howard,1902 **The Origins and Role of Same-Sex Relations in Human Societies** James Neill,2011-10-17 This groundbreaking work draws on a vast range of research into human sexuality to demonstrate that homosexuality is not a phenomenon limited to a small minority of society but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors Through a survey of the patterns of sexual expression found among animals and among societies around the world and an examination of the functional role homosexual behavior has played among animal species and human societies alike the author arrives at some provocative conclusions that a homosexual or bisexual phase is a normal part of sexual development that same sex relations play an important balancing role in regulating human reproduction that many societies have institutionalized homosexual traditions in the past and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon unique among world societies throughout history This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers psychologists anthropologists and historians The view that emerges of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature represents a new way of thinking about sex
