BASIL BLACKWELL · OXFORD · 1938

Origins Of Latin Loveelegy

Archibald A. Day

Origins Of Latin Loveelegy:

The Cambridge Companion to Latin Love Elegy Thea S. Thorsen, 2013-11-21 Latin love elegy is one of the most important poetic genres in the Augustan era also known as the golden age of Roman literature This volume brings together leading scholars from Australia Europe and North America to present and explore the Greek and Roman backdrop for Latin love elegy the individual Latin love elegists both the canonical and the non canonical their poems and influence on writers in later times The book is designed as an accessible introduction for the general reader interested in Latin love elegy and the history of love and lament in Western literature as well as a collection of critically stimulating essays for students and scholars of Latin poetry and of the classical tradition

The Origin of Latin Love-Elegy Archibald A. Day, The origins of Latin love-elegy, 1972

Latin Love Elegy Robert Maltby, 1980 This book offers a representative selection of the three main exponents of Latin love elegy Propertius Tibullus and Ovid A few elegiac poems by Catullus are included for purposes of comparison The book includes a general introduction to the elegy select bibliography Latin text of twenty poems and commentary to introduce each poem notes both grammatical and to aid literary analysis

Catullus to Ovid Joan Booth, 1999-12-09 This text offers introduction Latin text translation and literary commentary on 17 poems The poems have been selected to represent each author s particular qualities and literary merits and invites comparison and contrast between them

The origins of Latin love-elegy, 1972

Latin Literature Gian Biagio Conte, 1999-11-19 This history of Latin literature offers a comprehensive survey of the 1000 year period from the origins of Latin as a written language to the early Middle Ages It offers a wide ranging panorama of all major Latin authors

The Arts of Love Duncan F. Kennedy, 1993 The five chapters that make up this short book examine the love elegies of the Roman poets Tibullus Propertius and Ovid from the point of view of the way the meanings attributed to the poems arise out of the interests and preoccupations of the cultural situation in which they are read Each study is centred around a reading of a poem or poems together with a discussion of a variety of sophisticated theoretical approaches drawn from modern scholars and theorists such as Paul Veyne Roland Barthes an Michel Foucault In each case the modes of analysis involved are pressed hard to see where they may lead and equally where they may show signs of strain All Latin texts and terms are translated or closely paraphrased

Subjecting Verses Paul Allen Miller, 2009-01-10 The elegy flared into existence commanded the cultural stage for several decades then went extinct This book accounts for the swift rise and sudden decline of a genre whose life span was incredibly brief relative to its impact Examining every major poet from Catullus to Ovid Subjecting Verses presents the first comprehensive history of Latin erotic elegy since Georg Luck s Paul Allen Miller harmoniously weds close readings of the poetry with insights from theoreticians as diverse as Jameson Foucault Lacan and Zizek In welcome contrast to previous thematic studies of elegy efforts that have become bogged down in determining whether particular themes and poets were pro or anti Augustan Miller offers a new symptomatic history He asks two obvious but rarely posed questions what historical conditions were necessary

to produce elegy and what provoked its decline Ultimately he argues that elegiac poetry arose from a fundamental split in the nature of subjectivity that occurred in the late first century a split symptomatic of the historical changes taking place at the time Subjecting Verses is a major interpretive feat whose influence will reach across classics and literary studies Linking the rise of elegy with changes in how Romans imagined themselves within a rapidly changing society it offers a new model of literary theory that neither reduces the poems to a reflection of their context nor examines them in a vacuum **Brill's**

Companion to Propertius Hans-Christian Günther,2006-07-01 The present volume provides a comprehensive guide to one of the most difficult authors of classical antiquity All the major aspects of Propertius work its themes the poetical technique its sources and models as well as the history of Propertian scholarship and the vexed problems of textual criticism are dealt with in contributions by Joan Booth James Butrica Francis Cairns Elaine Fantham Paolo Fedeli Adrian Hollis Peter Knox Robert Maltby Tobias Reinhardt and Richard Tarrant due space is also given to the reception of the author from antiquity and the renaissance Simona Gavinelli up to the modern age Bernhard Zimmermann At the centre stands an interpretation of the four transmitted books by Gesine Manuwaldt Hans Peter Syndikus John Kevin Newman and Hans Christian Günther

The Cambridge Companion to Latin Love Elegy Thea Selliaas Thorsen,2013 Latin love elegy is one of the most important poetic genres in the Augustan era also known as the golden age of Roman literature This volume brings together leading scholars from Australia Europe and North America to present and explore the Greek and Roman backdrop for Latin love elegy the individual Latin love elegists both the canonical and the non canonical their poems and influence on writers in later times The book is designed as an accessible introduction for the general reader interested in Latin love elegy and the history of love and lament in Western literature as well as a collection of critically stimulating essays for students and scholars of Latin poetry and of the classical tradition **Latin Love Poetry** Denise Eileen McCoskey,Zara Martirosova

Torlone,2013-12-17 I hate and I love The Roman poet Catullus expressed the disorienting experience of being in love in a stark contradiction that has resonated across the centuries While his description might seem to modern readers natural and spontaneous it is actually a response planned with great care and artistry It is that artistry and the way in which Roman love poetry works that this book explores Focusing on Catullus and on the later genre of elegy so called for its metre and a form of poetry practiced by Tibullus Propertius and Ovid Denise Eileen McCoskey and Zara Martirosova Torlone discuss the devices used by the major Roman love poets as well as the literary and historical contexts that helped shape their work Setting poets and their writings especially against the turbulent backdrop of the Augustan Age 31 BCE 14 CE the book examines the origins of Latin elegy highlights the poets key themes and traces their reception by later writers and readers

A History of Roman Literature Michael von Albrecht,1997 The Cambridge History of Classical Literature E. J. Kenney,W. V. Clausen,1983 *Elegies* Tibullus,2012-01-12 The Roman poet Tibullus was one of a group of poets known as the Latin elegists His poems are notable for their emphasis on the personal specifically the subject matter of love

Tibullus Michael C. J. Putnam, 1973 The work of the Latin elegiac poet Tibullus c 55 19 b c is characterized by an artful witty simplicity and it relies on repetition ambiguity irony and paradox for its effect His poetry appealed to his countrymen in his own time as it still does to students today and this textbook is designed to explain and enhance that appeal The commentary presented here is limited to the sixteen poems which comprise the first two books of the corpus Tibullianum that is to poems authentically by Tibullus The notes focus on the needs of students approaching Latin elegy for the first time but they will also prove useful to the more experienced student of Latin or to scholars in other languages The editor has tried to balance matters of fact with occasional fresh interpretations One introduction records what is known of the poet s life and discusses the rise of Latin elegy The meter of the poems is explained and Tibullus style is examined **A History of Roman Literature (2 vols.)** M. von Albrecht, 2019-09-16 Michael von Albrecht s A History of Roman Literature originally published in German can rightly be seen as the long awaited counterpart to Albin Lesky s Geschichte der Griechischen Literatur In what will probably be the last survey made by a single scholar the whole of Latin literature from Livius Andronicus up to Boethius comes to the fore Literature is taken here in its broad antique sense and therefore also includes e g rhetoric philosophy and history Special attention has been given to the influence of Latin literature on subsequent centuries down to our own days Extensive indices give access to this monument of learning The introductions in Von Albrecht s texts together with the large bibliographies make further study both more fruitful and easy *Latin Erotic Elegy* Paul Allen Miller, 2013-04-15 This indispensable volume provides a complete course on Latin erotic elegy allowing students to trace a coherent narrative of the genre s rise and fall and to understand its relationship to the changes that marked the collapse of the Roman republic and the founding of the empire The book begins with a detailed and wide ranging introduction looking at major figures the evolution of the form and the Roman context with particular focus on the changing relations between the sexes The texts that follow range from the earliest manifestations of erotic elegy in Catullus through Tibullus Sulpicia Rome s only female elegist Propertius and Ovid An accessible commentary explores the historical background issues of language and style and the relation of each piece to its author s larger body of work The volume closes with an anthology of critical essays representative of the main trends in scholarship these both illuminate the genre s most salient features and help the student understand its modern reception **The Classical World** , 1910 *The Classical Weekly* , 1922

Getting the books **Origins Of Latin Loveelegy** now is not type of challenging means. You could not single-handedly going gone book addition or library or borrowing from your associates to gate them. This is an certainly simple means to specifically acquire guide by on-line.
