The Origins of the Cultural Revolution Roderick MacFarquhar, 1999-11 This is the final volume in a trilogy that examines the politics personalities economics culture and international relations of China from the mid 1950s to the mid 1960s It seeks to answer the central question Why did Chairman Mao Zedong launch the Cultural Revolution 1966-76 which plunged China into chaos and almost destroyed its Communist Party The Coming of the Cataclysm starts with the great famine of the early 1960s which resulted in tens of millions of deaths and set in train a series of emergency measures that increasingly divided Mao from his comrades in arms His anger that they were prepared to adopt capitalist methods to rescue the country was sharpened by his belief that Moscow had actually gone capitalist and sold out to the imperialist West From 1961 to 1966 the period covered by this volume the increasingly urgent question for Mao was how to prevent a similar revolutionary degeneration in China The Cultural Revolution was his answer Drawing upon new evidence from Party documents personal interviews books and journals MacFarquhar details the growing rift between Mao and his colleagues as they attempted to cope with domestic privation and an increasingly hostile international environment until the Chairman finally decided to smash the unity of the Yan'an Round Table by unleashing society against the party state

The Origins of the Cultural Revolution: The coming of the cataclysm, 1961-1966 Roderick MacFarquhar, 1974 This is the final volume in a trilogy that examines the politics personalities economics culture and international relations of China from the mid 1950s to the mid 1960s It seeks to answer the central question Why did Chairman Mao Zedong launch the Cultural Revolution 1966-76 which plunged China into chaos and almost destroyed its Communist Party The Coming of the Cataclysm starts with the great famine of the early 1960s which resulted in tens of millions of deaths and set in train a series of emergency measures that increasingly divided Mao from his comrades in arms His anger that they were prepared to adopt capitalist methods to rescue the country was sharpened by his belief that Moscow had actually gone capitalist and sold out to the imperialist West From 1961 to 1966 the

period covered by this volume the increasingly urgent question for Mao was how to prevent a similar revolutionary degeneration in China The Cultural Revolution was his answer Drawing upon new evidence from Party documents personal interviews books and journals MacFarquhar details the growing rift between Mao and his colleagues as they attempted to cope with domestic privation and an increasingly hostile international environment until the Chairman finally decided to smash the unity of the Yan an Round Table by unleashing society against the party state

A History of the Chinese Cultural Revolution Jean Daubier,1974 Turbulent Decade Jiaqi Yan,Gao Gao,1996-01-01 The Great Proletarian Cultural Revolution occurred in the second decade after Mao Zedong and his comrades came to power in 1949 A comprehensive narrative account of this colossal event written by Yan Jiaqi one of the principal leaders of China s pro democracy movement and his wife Gao Gao a noted sociologist appeared in Hong Kong in 1986 and was quickly banned by the Communist government Not surprisingly censorship and restricted circulation in China resulted in underground reproduction and serialization The work was thus widely read coveted and appreciated by a populace who had just freed itself from the cultural drought and political dread of the event Yan and Gao later spent two years revising and expanding their work The present volume Turbulent Decade A History of the Cultural Revolution is based on the revised edition and has been masterfully edited and translated by D W Y Kwok in consultation with the authors Following Professor Kwok s eloquent introduction and a short foreword in which the authors analyze the basic causes of the Cultural Revolution Part One of the narrative focuses on the years 1965 1967 In two short years Mao managed to turn public opinion against Liu Shaoqi president of the Republic and launch the Cultural Revolution The reader is introduced to the Red Guards and encounters the cult of personality the first resistance to the Cultural Revolution the attack on Zhou Enlai and the persecution and death of Liu Shaoqi Part Two examines the rise and fall of Lin Biao during the years 1959 1971 Lin s bid for power which began with the consolidation of his personal clique in the army and mass level persecution in the late stages of the Cultural Revolution ended in a failed coup and his death in an air crash Part Three follows Jiang Qing from 1966 to her arrest in 1976 for her part in instigating mass violence and the persecution of key figures including Zhou Enlai During this period the political fortunes of Deng Xiaoping rose and fell for a second time the first protest at Tiananmen Square in 1976 ended in a bloody suppression and that same year the Gang of Four were arrested Unlike social scientific treatments of political phenomena Turbulent Decade includes little discussion of economics still less of international relations and no institutional analysis Instead the authors fervent belief in the truthful telling of history through its leading personalities pervades the work

Mao's Last Revolution Roderick MacFarquhar,Michael Schoenhals,2006-08-18 The Cultural Revolution was a watershed event in the history of the People s Republic of China the defining decade of half a century of communist rule Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party Tens of thousands of

officials were humiliated tortured and even killed Order had to be restored by the military whose methods were often equally brutal In a masterly book Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In often horrifying detail they document the Hobbesian state that ensued The movement veered out of control and terror paralyzed the country Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao's wife and leader of the Gang of Four while Mao often played one against the other After Mao's death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority In its invaluable critical analysis of Chairman Mao and its brilliant portrait of a culture in turmoil Mao's Last Revolution offers the most authoritative and compelling account to date of this seminal event in the history of China

The Origins of the Cultural Revolution: Contradictions among the people, 1956-1957 Roderick MacFarquhar, 1974 This is the final volume in a trilogy that examines the politics personalities economics culture and international relations of China from the mid 1950s to the mid 1960s It seeks to answer the central question Why did Chairman Mao Zedong launch the Cultural Revolution 1966-76 which plunged China into chaos and almost destroyed its Communist Party The Coming of the Cataclysm starts with the great famine of the early 1960s which resulted in tens of millions of deaths and set in train a series of emergency measures that increasingly divided Mao from his comrades in arms His anger that they were prepared to adopt capitalist methods to rescue the country was sharpened by his belief that Moscow had actually gone capitalist and sold out to the imperialist West From 1961 to 1966 the period covered by this volume the increasingly urgent question for Mao was how to prevent a similar revolutionary degeneration in China The Cultural Revolution was his answer Drawing upon new evidence from Party documents personal interviews books and journals MacFarquhar details the growing rift between Mao and his colleagues as they attempted to cope with domestic privation and an increasingly hostile international environment until the Chairman finally decided to smash the unity of the Yan'an Round Table by unleashing society against the party state

The World Turned Upside Down Yang Jisheng, 2021-01-19 Yang Jisheng's The World Turned Upside Down is the definitive history of the Cultural Revolution in withering and heartbreaking detail As a major political event and a crucial turning point in the history of the People's Republic of China the Great Proletarian Cultural Revolution 1966-1976 marked the zenith as well as the nadir of Mao Zedong's ultra leftist politics Reacting in part to the Soviet Union's revisionism that he regarded as a threat to the future of socialism Mao mobilized the masses in a battle against what he called bourgeois forces within the Chinese Communist Party CCP This ten year long class struggle on a massive scale devastated traditional Chinese culture as well as the nation's economy Following his groundbreaking and award winning history of the Great Famine Tombstone Yang Jisheng here presents the only history of the Cultural Revolution by an independent scholar based in mainland China and makes a crucial contribution to understanding those years lasting influence today The World Turned Upside Down puts every political incident major and

minor of those ten years under extraordinary and withering scrutiny and arrives in English at a moment when contemporary Chinese governance is leaning once more toward a highly centralized power structure and Mao style cult of personality

East Asian Institute, Royal Institute of International Affairs, Columbia University. Research Institute on Communist Affairs, 1974 *The Cultural Revolution* Frank Dikötter, 2017-06-06 The concluding volume following Mao's Great Famine and The Tragedy of Liberation in Frank Dikötter's award winning trilogy chronicling the Communist revolution in China After the economic disaster of the Great Leap Forward that claimed tens of millions of lives from 1958-1962 an aging Mao Zedong launched an ambitious scheme to shore up his reputation and eliminate those he viewed as a threat to his legacy The Cultural Revolution's goal was to purge the country of bourgeois capitalistic elements he claimed were threatening genuine communist ideology Young students formed the Red Guards vowing to defend the Chairman to the death but soon rival factions started fighting each other in the streets with semiautomatic weapons in the name of revolutionary purity As the country descended into chaos the military intervened turning China into a garrison state marked by bloody purges that crushed as many as one in fifty people The Cultural Revolution A People's History 1962-1976 draws for the first time on hundreds of previously classified party documents from secret police reports to unexpurgated versions of leadership speeches After the army itself fell victim to the Cultural Revolution ordinary people used the political chaos to resurrect the market and hollow out the party's ideology By showing how economic reform from below was an unintended consequence of a decade of violent purges and entrenched fear The Cultural Revolution casts China's most tumultuous era in a wholly new light **The Chinese Cultural Revolution** Paul Clark, 2008 **Origins of the Cultural Revolution, V 3** Roderick Macfarquhar, **The Cultural Revolution in China**, 1968 **Historical Dictionary of the Chinese Cultural Revolution** Guo Jian, Yongyi Song, Yuan Zhou, 2015-07-23 As the world's only English language historical dictionary of the Chinese Cultural Revolution 1966-1976 this book offers a comprehensive coverage of major historical figures events political terms and other matters relevant to this unique period of

The Cultural Revolution: A Very Short Introduction Richard Curt Kraus, 2012-01-06 China's decade long Great Proletarian Cultural Revolution shook the politics of China and the world Even as we approach its fiftieth anniversary the movement remains so contentious that the Chinese Communist Party still forbids fully open investigation of its origins development and conclusion Drawing upon a vital trove of scholarship memoirs and popular culture this Very Short Introduction illuminates this complex often obscure and still controversial movement Moving beyond the figure of Mao Zedong Richard Curt Kraus links Beijing's elite politics to broader aspects of society and culture highlighting many changes in daily life employment and the economy Kraus also situates this very nationalist outburst of Chinese radicalism within a global context showing that the Cultural Revolution was mirrored in the radical youth movement that swept much of the world and that had imagined or emotional links to China's red guards Yet it was also during the Cultural Revolution that China and the United States tempered their long hostility one of the innovations in this period that sowed the seeds for China's subsequent decades of spectacular economic growth
