## Origins Of The Russian Civil War:

**The Origins of the Russian Civil War** Geoffrey Swain, 2013-11-26 Concentrating on the turbulent months from February 1917 to November 1918 Geoffrey Swain explores the origins of the Civil War against the wider background of revolutionary Russia He examines the aims of the anti Bolshevik insurgents themselves but he also shows how far the fear of civil war governed the action of the Provisional Government and even the plans of the Bolsheviks If the war itself can seem a fairly straightforward line up of revolutionaries and counter revolutionaries this study reveals how complex were the motives of the people who precipitated it Red Victory W. Bruce Lincoln, 1989 A chronicle of the Russian Civil War from 1918 to 1921

**The "Russian" Civil Wars, 1916-1926** Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author s concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow

Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world s first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916 1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War The Roots and Consequences of Civil Wars and Revolutions Spencer C. Tucker, 2017-02-16 This book treats 30 important civil wars and

revolutions across the world including Africa Asia the Americas Europe and the Middle East covering a broad swath of recorded history from ancient times to the present Human history as a whole results from social changes technological advances and evolutions in thinking and religion all of which often lead to wars and conflicts Behind each major war are myriad interrelated causes This book examines 30 of the most significant civil wars and revolutions in recorded history from ancient times to the modern era identifying the origins consequences and subtle impacts of many of these conflicts that are still being felt today A comprehensive overview essay as well as explanations of the causes and consequences of each conflict give readers the context needed to understand the importance of these seminal events Additional learning tools include a detailed timeline that sets all of the key events in the conflict in the proper context maps of several of the key battles that help readers visualize the strategies of both sides and a lengthy bibliography that offers a wealth of options to students looking to investigate any of the conflicts further     The Bolshevik Revolution and Russian Civil War Rex A. Wade,2001 Examines the Bolshevik Revolution and the Russian Civil War through narrative history and analysis biographies and primary documents also includes a glossary an annotated bibliography and a time line     *The Russian Revolution and Civil War 1917-1921* Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state     **Red Victory** W. Bruce Lincoln,1999-05-07 Shortly after withdrawing from World War I Russia descended into a bitter civil war unprecedented for its savagery epidemics battles mass executions forced labor and famine claimed millions of lives From 1918 to 1921 through great cities and tiny villages across untouched forests and vast frozen wasteland the Bolshevik Reds fought the anti Communist Whites and their Allies fourteen foreign countries contributed weapons money and troops including 20 000 American soldiers This landmark history re creates the epic conflict that transformed Russia from the Empire of the Tsars into the Empire of the Commissars while never losing sight of the horrifying human cost     Russia in Flames Laura Engelstein,2017-09-01 October 1917 heralded as the culmination of the Russian Revolution remains a defining moment in world history Even a hundred years after the events that led to the emergence of the world s first self proclaimed socialist state debate continues over whether as historian E H Carr put it decades ago these earth shaking days were a landmark in the emancipation of mankind from past oppression or a crime and a disaster Some things are clear After the implosion of the three hundred year old

Romanov dynasty as a result of the First World War Russia was in crisis one interim government replaced another in the vacuum left by imperial collapse In this monumental and sweeping new account Laura Engelstein delves into the seven years of chaos surrounding 1917 the war the revolutionary upheaval and the civil strife it provoked These were years of breakdown and brutal violence on all sides punctuated by the decisive turning points of February and October As Engelstein proves definitively the struggle for power engaged not only civil society and party leaders but the broad masses of the population and every corner of the far reaching empire well beyond Moscow and Petrograd Yet in addition to the bloodshed they unleashed the revolution and civil war revealed democratic yearnings even if ideas of what constituted democracy differed dramatically Into that vacuum left by the Romanov collapse rushed long suppressed hopes and dreams about social justice and equality But any possible experiment in self rule was cut short by the October Revolution Under the banner of true democracy and against all odds the Bolshevik triumph resulted in the ruthless repression of all opposition The Bolsheviks managed to harness the social breakdown caused by the war and institutionalize violence as a method of state building creating a new society and a new form of power *Russia in Flames* offers a compelling narrative of heroic effort and brutal disappointment revealing that what happened during these seven years was both a landmark in the emancipation of Russia from past oppression and a world shattering disaster As regimes fall and rise as civil wars erupt as state violence targets civilian populations it is a story that remains profoundly and enduringly relevant *A Short History of the Russian Revolution* Geoffrey Swain, 2017-01-30

In 1917 revolutionary fervour swept through Russia ending centuries of imperial rule and instigating political and social changes that would lead to the formation of the Soviet Union Arising out of proletariat discontent with the Tsarist autocracy and Lenin's proclaimed version of a Marxist ideology the revolutionary period saw a complete overhaul of Russian politics and society and led directly to the ensuing civil war The Soviet Union eventually became the world's first communist state and the events of 1917 proved to be one of the turning points in world history setting in motion a chain of events which would change the entire course of the twentieth century Geoffrey Swain provides a concise yet thorough overview of the revolution and the path to civil war By looking with fresh perspectives on the causes of the revolution as well as the international response Swain provides a new interpretation of the events of 1917 published to coincide with the 100th anniversary of the revolution **The Roots and Consequences of 20th-Century Warfare**

Spencer C. Tucker, 2016-09-06 This unique reference book introduces readers to the causes and effects of the 20th century's most significant conflicts and explains how the impact of these conflicts still resonates today *The Roots and Consequences of 20th Century Warfare* Conflicts That Shaped the Modern World introduces students to the causes and effects of the 20th century's most significant conflicts Covering conflicts that occurred in all regions of the world readers will gain knowledge on the causes and consequences of each conflict and become familiar with the historical context needed to understand the roots and consequences of these seminal events The text also identifies key opponents in each conflict and illuminates the reasons

why each country or group decided to fight the scope of their involvement in the war and the impact of the war Reference entries on key battles are presented in chronological order supplying engaging details on the events and people who shaped each war The book also supplies maps of the key battles to illuminate the strategic movements of both sides of the conflict A lengthy bibliography offers a wealth of options to readers seeking more sources of information on any of the conflicts

*Russian Civil War* Michael Foley, 2020-01-31 This historical study examines how the Bolshevik Revolution and Russian Civil War influenced events on the world stage in the Great War and beyond The Russian Revolution of 1917 is remembered as the catalyst for a bloody conflict between the Communist Red Army and the anti Communist White Army But in reality the conflict was far more complex and multifaceted involving forces from outside Russia In this probing history Michael Foley examines the Russian Civil War in terms of its relationship to the larger conflict raging across Europe It is an epic tale of brutal violence and political upheaval featuring a colorful cast of characters including Tsar Nicholas II Vladimir Lenin Leon Trotsky Joseph Stalin and Winston Churchill *The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24* Evgeny Sergeev, 2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain's role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocal attempts to avoid political controversies and London's contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s *The Russian Civil War* V.P. Butt, Geoffrey Swain, A.B. Murphy, N.A. Myshov, 2016-01-07 Russia's experiences during the Civil War determined the framework within which the Russian people were governed throughout the Soviet period These newly released documents reveal how the events of 1918-22 reflected struggles and tensions in Russian society that were more complex than the simple Red White propaganda war In this collection the authors have sought out documents which highlight the complexities of the struggle exploring episodes which shed light on what was a multifaceted struggle which left wounds on Russian society which never healed **A Companion to Russian History** Abbott Gleason, 2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences

of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field

**A Concise History of the Russian Revolution** Richard Pipes, 2011-04-27 An authoritative history of the Russian Revolution and the violent and disruptive acts that created the first modern totalitarian regime portraying the crisis at the heart of the tsarist empire A deep and eloquent condemnation of the revolution and its aftermath The New York Times Drawing on archival materials released in Russia Richard Pipes chronicles the upheaval that began as a conservative revolt but was soon captured by messianic intellectuals intent not merely on reforming Russia but on remaking the world He provides fresh accounts of the revolution s personalities and policies crises and cruelties from the murder of the royal family through civil war famine and state terror Brilliantly and persuasively Pipes shows us why the resulting system owes less to the theories of Marx than it did to the character of Lenin and Russia s long authoritarian tradition What ensues is a path clearing work that is indispensable to any understanding of the events of the century

*Stories of the Most Dangerous Wars in Human History* Hseham Amrahs, 2024-01-07 One of the key themes of this book is the evolution of warfare As technology advanced so did the nature of warfare From swords and shields to tanks and fighter jets each era has seen significant advancements in weapons and military technology The book explores how these advancements changed the way wars were fought and how they impacted the outcome of battles Another important theme is the political and social ramifications of war Many wars have had far reaching consequences that have affected the course of history long after the battles were fought The book examines how wars have shaped societies and economies and how they have influenced international relations and diplomacy It is worth noting that the book does not glorify war nor does it seek to justify or excuse acts of violence Instead it aims to provide an objective and informative account of the most dangerous wars in history By examining the causes and consequences of these conflicts we can gain a better understanding of the human condition and how we interact with one another

**Party, State, and Society in the Russian Civil War** Diane P. Koenker, William G. Rosenberg, Ronald Grigor Suny, 1989-12-22 This volume is a valuable source of information that also represents a genuinely collaborative approach to understanding Soviet history The collection is so rich that every scholar and teacher of Soviet history will want to consult it Highly recommended Choice Documentation of this well edited volume is exhaustive It can be highly recommended for undergraduate and graduate students and specialists History This is a surprisingly readable well structured book that is an absolute necessity for a college library as well as a useful addition to a scholar s personal library Perspectives on Political Science essential reading abundant empirical research and fresh interpretations The Russian Review To what extent were the social responses and political choices of the Civil War years the product of social and economic circumstances and to what extent were they the result of the independent exercise of conscious political will This landmark volume presents the leading edge of current scholarship on the social history of the Russian Civil War

### Origins Of The Russian Civil War Introduction

In today's digital age, the availability of Origins Of The Russian Civil War books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Origins Of The Russian Civil War books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Origins Of The Russian Civil War books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Origins Of The Russian Civil War versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Origins Of The Russian Civil War books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Origins Of The Russian Civil War books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Origins Of The Russian Civil War books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free

access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Origins Of The Russian Civil War books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Origins Of The Russian Civil War books and manuals for download and embark on your journey of knowledge?

### FAQs About Origins Of The Russian Civil War Books

1. Where can I buy Origins Of The Russian Civil War books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
