*Orphic Discipline and Psychology* G. R. S. Mead, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Orpheus. (Theosophy of the Greeks)*. George Robert Stow Mead, 1896 **Shamanism and Psychology in Ancient Greece and India** Richard Valentine, 2025-05-05 This book offers a historical introduction to psychology It investigates the evolutionary origins of our capacity to practice psychology including the necessary social conditions and the specialised language involved It then turns to two cultural containers in which it first emerged those of ancient Greece and ancient India This is the second book in a new series which presents the emergence of Western psychology in a global context The author begins by building a bridge between evolutionary psychology and the history of psychology From one side this bridge is an evolutionary account of human culture From the other it is a narrative of human evolution using the latest fossil and genetic evidence Finally linguistics and anthropology link the appearance of our species with the emergence of ancient psychologies Central to this is the role of the shaman figure in all ancient cultures which is connected to the origins of psychological language The key words psyche mind conscious and unconscious and logos talk discourse reason will find their permanent meanings in Greece before they are combined to form psychology in Plato Parallel terms in India such as atman the universal self and manas mind also find their range of meanings Ancient Europe and ancient India two wings of the Indo European world are introduced as distinct cultures related by language each developing distinct psychological traditions Descriptions and explanations of mental phenomena are traced from Homer to Plato and in India from the Vedas to the Upanishads In each case these are related to the competing psychologies of religious cults as manifestations of shamanism leading to the birth of world psychologies Presented in an accessible manner this is an excellent resource for students and teachers of psychology philosophy history linguistics archaeology and anthropology as well as general readers who want to learn more about the origins of psychology on a global stage This title follows on from *The Global Origins of Psychology Neurology Language and Culture in the Ancient World* It applies the same framework to the Indo European world **Lucifer**, 1896 **The Orphic Voice** Elizabeth Sewell, 2022-05-03 A wondrously written book of literary criticism and philosophy that maps the relationship between poetry and natural history connecting verse from poets such as Shakespeare and Rainer Maria Rilke to the work of scientists and theorists like Francis Bacon and Michael Polanyi Taking its bearings from the Greek myth of Orpheus whose singing had the power to move the rocks and trees and to quiet the animals Elizabeth Sewell s *The Orphic Voice* transforms our understanding of the relationship between mind and nature Myth Sewell argues is not mere fable but an ancient and vital form of reflection that unites poetry philosophy and natural science Shakespeare with Francis Bacon and Giambattista Vico

Wordsworth and Rilke with Michael Polanyi All these members of the Orphic company share a common perception that discovery in science and poetry is a mythological situation in which the mind unites with a figure of its own devising as a means toward understanding the world Sewell s visionary book first published in 1960 presents brilliantly illuminating readings of A Midsummer Night s Dream and Rilke s Sonnets to Orpheus among other masterpieces while deepening our understanding not only of poetry and the history of ideas but of the biological reach of the mind **Pythagoras** ,1914

*Orpheus* George Robert Stow Mead,1896 *Nous Augoeides of the Neoplatonists* Helena Petrovna Blavatsky, Edward Bulwer-Lytton, George R.S. Mead, Thomas Taylor,2018-01-21 Augoeides is Divine Spirit our seventh and highest principle Augoeides alone can redeem the soul It is the personal god of every man Augoeides is Atman the Self the mighty Lord and Protector who shows Its full power to those who can hear the still small voice It is the Inner Man released from its gross counterpart bathing in the Light of His Essence and reflecting the Spirit of Truth Augoeides is our Luminous Self or Immortal Spirit It alone can defend champion and vindicate Truth And It will if we follow Its behests instead of demeaning It by our lower propensities Augoeides is the Soul of the Spiritual Man lit by its own Light The man who has conquered matter sufficiently to be illumined by his Augoeides feels the Spirit of Truth intuitionally and cannot err in his judgment for he is Illuminated Then the brilliant Augoeides the Divine Self will vibrate in conscious harmony with both poles of the human Entity the man of matter purified and the ever pure Spiritual Soul And the illuminated man still living but no more longing will stand in the presence of the Master Self the Christos of the mystic Gnostic blended merged into with his Augoeides for ever Augoeides is the Nous of the Greeks redeemed from the flesh luciform and pure When a soul begins understanding the works of the Father it plucks the empyrean fruits of sentient life and flies from the shameless wing of Fate towards the true Light where it becomes luciform ethereal and pure After a long rest in the Elysian fields the soul abandons her luciform abode and renews her earthly bonds by descending to objective existence Augoeides sheds more or less Its radiance on the Inner Man the Astral Soul But It never flows forth into the living man it just overshadows him Upon Its last birth the Monad radiating with all the glory of its immortal Parent loses all recollection of the past and returns to objective consciousness when the instinct of childhood gives way to reason and intelligence Upon death of the personality the Monad exultingly rejoins the radiant Augoeides and the two merge into one with a glory proportioned to the spiritual purity of the past earth life the Adam who has completed the circle of necessity and is now freed from the last vestige of his physical encasement Upon death of the soul the individual ceases to exist altogether for his glorious Augoeides has left him Adepts can project their Augoeides to any place of their choosing while their physical body is left entranced The seventh and highest aspect of the Luminous Egg or the individual magnetic aura in which every man is enveloped when it assumes the form of its body it becomes the Radiant and Luminous Augoeides It is this form which at times becomes the Illusionary Body Mayavi Rupa Adepts rarely invoke their Augoeides except for the instruction of some neophytes and to obtain knowledge of the most

solemn importance With G R S Mead s essay on the Augoeides and Bulwer Lytton s vision of his own Augoeides

Hogan,2024-02-13 This book develops a new concept martial culture with which to problematize and reframe thinking surrounding the lifeways of US servicemembers by exploring the values beliefs norms and rituals they are exposed to and practice during military service By reuniting the two concepts of servicemember and veteran into one overarching cultural model the author shows how the concept of martial culture can be

used to acknowledge the unbroken holistic multidimensional life cycle of an individual Adopting a comparative mythological approach and drawing upon Roman Navajo Hindu Norse and Japanese myths that speak to the lived experiences of servicemembers veterans and their families it weaves together ancient voices and contemporary servicemember experiential existences to offer new insight into the psychological experience of servicemembers It will be of strong interest to psychologists who seek to develop their treatment of veterans by understanding the unique lifeway of service without judgement and offering a balanced integrated spiritual connection while pushing back against both inaccurate assumptions of martial lifeways and the influences of industrialized secular approaches to service It will also appeal to those within the fields of military sociology and psychology      *Philosophy and Psychology Pamphlets* ,1919      **Journal of Religious**
