Orthodoxy and Heterodoxy William Greenough Thayer Shedd, 1893

Orthodoxy and Heterodoxy William Greenough Thayer Shedd, 1893 This volume is a polemic by a master wordsmith defending the historic faith exhorting the really orthodox in all denominations to preserve their historic creeds and maintain their ancient discipline Composed of numerous articles relating to principles in theology and ethics which are eternal and vehemently opposed in the standing conflict between orthodoxy and heterodoxy Shedd notes that in this war t here is nothing new in the orthodoxy of today and nothing new in the newest heterodoxy A scholar vested in ancient learning can trace both alike in the antagonisms of the past Speaking generally the orthodox respects and cultivates systematic theology the heterodox contemns and vilifies it The former maintains the carefully stated creeds of the evangelical denominations the latter seeks to revise relax and nullify them Orthodoxy defines Christianity to be an exclusive religion distinct from all others and intended to convert them heterodoxy explains it to be a conglomerate of all religions and destined to be merged and lost in them Publisher *Orthodoxy and Heterodoxy* Andrew Stephen Damick, 2011-01-01 Are you an Orthodox Christian who wonders how to explain to your Baptist grandmother your Buddhist neighbor or the Jehovah s Witness at your door how your faith differs from theirs Or are you a member of another faith who is curious what Orthodoxy is all about Look no further In *Orthodoxy Heterodoxy* Fr Andrew Stephen Damick covers the gamut of ancient heresies modern Christian denominations fringe groups and major world religions highlighting the main points of each faith This book is an invaluable reference for anyone who wants to understand the faiths of those they come in contact with as well as their own P 4 of cover

Orthodoxy and Heterodoxy William G. T. Shedd, 2017-02-05 Excerpt from *Orthodoxy and Heterodoxy* A Miscellany Orthodoxy is embodied in the dogmatic systems of ancient mediaeval and modern Christendom which present a massive body of Biblical truth against which in every generation the antagonistic theories of the heterodox strike in vain And there is little originality in the sense of new discovery upon either side The conservative only restates the old faith The radical only revamps the old error Each draws from his predecessors the best part of his defence or of his attack There is nothing new in the orthodoxy of to day and nothing new in the newest heterodoxy A scholar versed in ancient learning can trace both alike in the antagonisms of the past Speaking generally the orthodox respects and cultivates systematic theology the heterodox contemns and vilifies it The former maintains the carefully stated creeds of the evangelical denominations the latter seeks to revise relax and nullify them Orthodoxy defines Christianity to be an exclusive religion distinct from all others and intended

to convert them heterodoxy explains it to be a conglomeration of all religions and destined to be merged and lost in them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
