Orthodoxy The American Spectator Anniver:

The Death of Liberalism R. Emmett Tyrrell, 2012-05-07 The grave is dug the headstone carved the hearse idling out front A once potent political and cultural scourge of our time Liberalism is breathing its last and loudest breaths In this provocative postmortem R Emmett Tyrrell Jr traces the dubious rise and inevitable fall of the deeply flawed Liberal Progressive movement which has culminated in the nation's first stealth socialist President Barack Obama the unwitting pallbearer for American Liberalism While exposing this nonsensical worldview Tyrrell also winsomely reaffirms the timeless values Liberalism has endeavored to undermine free enterprise personal liberty limited government empiricism reason and common sense Ultimately Tyrrell welcomes conservatives moderates independents and the heretofore apolitical to step forward at this crucial juncture and take the final steps necessary to administer Liberalism's last rites From Harry Truman to Ed Koch to McGovern Liberalism has been in decline With Obama Liberalism is dead Now comes Crony Capitalism This is a hilarious and profound book especially because Tyrrell sees the value of Fox News and Talk Radio Sean Hannity author of *Conservative Victory* and radio host of *The Sean Hannity Show* and Fox News Channel's *Hannity* R Emmett Tyrrell chronicles with growing joyfulness the high points of Liberalism's demise until we get to 2010 and Liberalism's lurch into the grave A wonderful read and a fitting send off to a very dreary ideology Mark Levin host of *The Mark Levin Radio Show* and author of the bestsellers *Liberty and Tyranny* and *Ameritopia* *The Death of Liberalism* is a dashing sharp well argued and succinct tract for the times Mr Tyrrell is a controversialist of stature a polemicist of robust energy and a man who knows how to present his case with power and precision Paul Johnson author of *Modern Times* *Intellectuals* and *A History of the American People*

After the Hangover R. Emmett Tyrrell, 2010-04-19 Looking for real hope and change The man *Hardball* host Chris Matthews calls the legendary R Emmett Tyrrell Jr has done it again Tyrrell author of such tours de force as New York Times bestseller *Boy Clinton* *The Political Biography* *The Liberal Crack Up* and *The Conservative Crack Up* serves up an insightful and delightful exploration of the past present and future of American conservatism or what he terms America's longest dying political philosophy And its future is bright Tyrrell begins with a sparkling distillation of conservative theory and history complete with personal anecdotes from his decades in the movement inspired by its luminaries bored by its dim bulbs He explains the nature of the conservative temperament its political libido and how it plays out in today's curious political culture examines the vital role of a true political culture and solidarity in opposing the left and then offers a comprehensive agenda for the future of the movement that every political player on both the right and the left will have to read to grapple with in 2010 and 2012 Tyrrell also considers American Liberalism its excesses quirks and near suicidal instinct Far from offering mere indictment however Tyrrell also delivers a unique perspective on Liberalism's strengths such as its intramural ecumenism and rare ability to rally around shared causes explaining how conservatives could learn and profit from the example It goes without saying that through it all Tyrrell's famous humor crackles and lifts the spirit Conservatives looking

for perspective on the current scene a richer understanding of their shared past and hope for the future will find After the Hangover as refreshing as it is restorative PREVIOUS ACCLAIM The legendary R Emmett Tyrrell Jr CHRIS MATTHEWS No columnist no author has had a greater influence upon the course of American political history over the past decade than that ribald contrarian R Emmett Tyrrell Jr Even the slain giants die laughing TOM WOLFE Washington would not be the same without Bob Tyrrell and neither would the American conservative movement While dilettantes come and go the relentless and irrepressible Tyrrell is forever DAILY TELEGRAPH LONDON Tyrrell is the master of a particular form taking broken shards of silliness deviance hypocrisy crime and treason shaping them into Erasmian examples of human folly and doing so with style and flow ARAM BAKSHIAN Tyrrell alerts us to the dangers our political system faces and he does it with the insight wit and style that mark him as a great American writer BOB BARR R Emmett Tyrrell Jr has written a stimulating book which should cause many Americans to rethink positions they have taken in the debates of the past decade HENRY KISSINGER For a man I disagree with as much as Emmett Tyrrell I must say that I enjoyed the sheer hell out of his book NORMAN MAILER

The Conservative Heartland Jon K. Lauck, Catherine McNicol Stock, 2020-04-17 In the wake of the 2016 presidential election there was widespread shock that the Midwest the Democrats so called blue wall had been so effectively breached by Donald Trump But the blue wall as The Conservative Heartland makes clear was never quite as secure as so many observers assumed A deep look at the Midwest s history of conservative politics this timely volume reveals how conservative victories in state houses legislatures and national elections in the early twenty first century far from coming out of nowhere in fact had extensive roots across decades of political organization in the region Focusing on nine states from Iowa and the Dakotas to Indiana and Ohio the essays in this collection detail the rise of midwestern conservatism after World War II a trend that coincided with the transformation of the prewar Republican Party into the New Right This transformation the authors contend involved the Midwest and the Sunbelt states Through the lenses of race class gender and sexuality their essays explore the development of midwestern conservative politics in light of deindustrialization environmentalism second wave feminism mass incarceration privatization and debates over same sex marriage and abortion among other issues Together these essays map the region s complex patchwork of viable rural and urban areas variously subject to a wide array of conflicting interests and concerns the perspective they provide at once broad and in depth offers unique historical insight into the Midwest s political complexity and its status as the last real competitive battleground in presidential elections

Knowing Brother Joseph Again Davis Bitton, 2011-07-01 We live in an age of relativism What is beautiful for one is not for another what is good and moral for one is not for another and what is true for one is not for another Such an attitude widespread in the world condemns those who testify of truth I shudder at the thought that my presentation here will lead to such soft relativism I do not think that everything is up for grabs with each person s opinion being equally valid Just as Jesus was either Savior and Redeemer of the world or he was not so Joseph Smith was either a true authorized prophet of God or

he was not In recounting his visions either he spoke the truth or he did not Yet the fact remains that different people saw him in different ways Even his followers emphasized different facets at different times All human beings are complex and resist the reductionism that would dismiss them with a single adjective or noun People like Joseph Smith are rich and complex Different people saw him differently or focused on a different facet of his personality at different time Inescapably what they observed or found out about him was refracted through the lens of their own experience Some of the different flickering not always compatible views are the subject of this book Davis Bitton Davis Bitton s life was cut short before he could finish revisions on this collection of insightful essays about Joseph Smith a prophet whom he also considers a hero in both classical terms and the context of nineteenth century America Knowing Brother Joseph Again explores images of Joseph Smith from both the devotion of believers and the hostility and skepticism of opponents The Spectator ,1865 *Why Conservatives Tell Stories and Liberals Don't* David M Ricci,2015-12-03 Why do conservatives tell stories Because it helps them win elections and assail liberal policies like health care reform and economic stimulus Why is important but the what and the how behind the stories that conservatives tell are equally interesting and in this new book David Ricci reveals all He shows how conservative activists and candidates tell many tales that come together to project a large scale story a cultural narrative a vision of what America is and what it should do to prosper socially economically and politically Liberals by contrast tend to look for theories rather than stories for mathematical explanations rather than theological axioms for data rather than anecdotes and for statistics rather than homilies The difference is paradoxical Liberals are unlikely to fashion sweeping narratives that capture the public s attention and commitment Yet conservatives may tell attractive stories like the ones that got us into Iraq that momentarily capture voter support but end up costing the country more than it can afford Made In America Michael S. Horton,1998-12-16 There is a crisis of truth in our time asserts Michael Horton even in our evangelical church And it is due at least in part to our cultural accommodation Horton believes the time has come to call evangelicals back to faith and truth **Conservative Intellectuals and Richard Nixon** S. Mergel,2010-01-04 Conservative Intellectuals and Richard Nixon explores the relationship between postwar conservatives and the president from 1968 to 1974 Seemingly casting those years out of their history conservatives have never fully explored how Richard Nixon affected their movement They fail to realize the extent his presidency helped refocus their fight against liberalism and communism Mergel uses the Nixon years as a window into the Right s effort to turn ideology into successful politics It combines an assessment of Nixon s presidency through the eyes of conservative intellectuals with an attempt to understand what the Right gained from its experience with Nixon Laogai--the Chinese Gulag Hongda Harry Wu,2018-10-08 In this work the author reveals the hidden world of the laogaidui the PRC s labour reform camps The author a political prisoner for 19 years takes the reader through the harsh reality found in the camps describing their ideological origins complex structures and living conditions What makes the PRC s laogaidui unique according to Wu is the essential contribution to China s GNP of the commodities

produced by the prisoners and the camps concomitant indispensability to the nation's economic health *The American Spectator*, 1996 **Orthodoxy**, 1987 A collection of essays which appeared in the newspaper *The American Spectator* from 1969 to 1987 **The Washington Monthly**, 1987-02 Foreign Affairs, 1988 *Survey*, 1988 **The Wall Street Journal**, 1988 **Crime and the Sacking of America** Andrew Peyton Thomas, 1994 Challenges Americans to understand and solve the violent crime problems in this country *The National Review Politically Incorrect Reference Guide* Frederick W.
