Playboys Sex In Cinema 197:

The Foreign Film Renaissance on American Screens, 1946-1973 Tino Balio, 2010-11-05 Largely shut out of American theaters since the 1920s foreign films such as *Open City* *Bicycle Thief* *Rashomon* *The Seventh Seal* *Breathless* *La Dolce Vita* and *L'Avventura* played after World War II in a growing number of art houses around the country and created a small but influential art film market devoted to the acquisition distribution and exhibition of foreign language and English language films produced abroad Nurtured by successive waves of imports from Italy Great Britain France Sweden Japan and the Soviet Bloc the renaissance was kick started by independent distributors working out of New York by the 1960s however the market had been subsumed by Hollywood From Roberto Rossellini's *Open City* in 1946 to Bernardo Bertolucci's *Last Tango in Paris* in 1973 Tino Balio tracks the critical reception in the press of such filmmakers as François Truffaut Jean-Luc Godard Federico Fellini Michelangelo Antonioni Tony Richardson Ingmar Bergman Akira Kurosawa Luis Buñuel Satyajit Ray and Milos Forman Their releases paled in comparison to Hollywood fare at the box office but their impact on American film culture was enormous The reception accorded to art house cinema attacked motion picture censorship promoted the director as auteur and celebrated film as an international art Championing the cause was the new cinephile generation which was mostly made up of college students under thirty The fashion for foreign films depended in part on their frankness about sex When Hollywood abolished the Production Code in the late 1960s American made films began to treat adult themes with maturity and candor In this new environment foreign films lost their cachet and the art film market went into decline

Sex and Film B. Forshaw, 2015-02-27 *Sex and Film* is a frank comprehensive analysis of the cinema's love affair with the erotic Forshaw's lively study moves from the sexual abandon of the 1930s to filmmakers circumvention of censorship the demolition of taboos by arthouse directors and pornographic films and an examination of how explicit imagery invaded modern mainstream cinema

Swinging Single Hilary Radner, Moya Luckett, 1999 Critics and defenders alike connect today's widespread anxieties about sexuality and culture to the political activism of the 1960s and the counterculture's preoccupation with the individual pursuit of pleasure In contrast the essays in *Swindling Single* attribute the new sexual mores of that era not to its political upheavals but to a confluence of social cultural and economic factors that encouraged personal gratification and altered traditionally defined gender roles Contributors analyze a broad range of topics the commercialization of avant garde and exploitation films new visions of female sexuality in *That Girl* and *The Avengers* the social context of such cultural icons as Hugh Hefner and Charles Manson the intersection of race and sexuality in Eldridge Cleaver's *Soul on Ice* and depictions of sexual pleasure in pornography and scientific films

The Space of Sex Shelton Waldrep, 2021-05-20 As film and television become ever more focused on the pornographic gaze of the camera the human body undergoes a metamorphosis becoming both landscape and building part of an architectonic design in which the erotics of the body spread beyond the body itself to influence the design

of the film or televisual shot The body becomes the mise en scene of contemporary moving imagery Opening The Space of Sex Shelton Waldrep sets up some important tropes for the book the movement between high and low art the emphasis on the body looking and framing the general intermedial and interdisciplinary methodology of the book as a whole The Space of Sex s second half focuses on how sex gender and sexuality are represented in several recent films including Paul Schrader s The Canyons 2013 Oliver Stone s Savages 2012 Steven Soderbergh s Magic Mike 2012 Lars Von Trier s Nymphomaniac 2013 and Joseph Gordon Levitt s Don Jon 2013 Each of these mainstream or independent movies and several more are examined for the ways they have attempted to absorb pornography if not the pornography industry specifically into their plot According to Waldrep the utopian elements of seventies porn get reprocessed in a complex way in the twenty first century as both a utopian impulse the desire to have sex on the screen to re eroticize sex as something positive and lacking in shame with a mixed feeling about pornography itself with an industry that can be seen in a dystopian light In other words sex in our contemporary world still does not come without compromise

Let's Go Stag! Dan Erdman,2021-11-18 For much of the 20th century the underground pornography industry made up of amateurs and hobbyists who created hardcore explicit stag films went about its business hounded by reformers and law enforcement from local police departments all the way up to the FBI Rumors of this illicit activity circulated and became the stuff of urban myth but this period of pornography history remains murky Let s Go Stag reveals the secrets of this underground world Using the archives of civic groups law enforcement bygone government studies and similarly neglected evidence archivist Dan Erdman reconstructs the means by which stag films were produced distributed and exhibited as well as demonstrate the way in which these practices changed with the times eventually paving the way for the pornographic explosion of the 1970s and beyond Let s Go Stag is sure to point the way for countless future researchers and remain the standard work of history for this era of adult film for a long time to come
