

Roman Cavalry

Richard A. Gabriel

Roman Cavalry:

The Roman Cavalry Karen R. Dixon, Pat Southern, 2013-01-11 The cavalry was a vital part of the army of Rome and it played a significant role in the expansion and success of the Roman Empire Karen R Dixon and Pat Southern describe the origins of the mounted units of the Roman army and trace their development from temporary allied troops to the regular alae and cohorts They have drawn together evidence from a wide variety of sources archaeological epigraphic and literary as well as comparing ancient testimony with more recent experience of the use of cavalry The book covers the subject from the perspective of both the men and the horses How were the horses selected and disposed of how were they trained stabled and fed How were the men recruited organized and equipped and what were the conditions of service for a Roman cavalryman The cavalry had to be employed in peacetime and this is discussed as well as its role in war The image of the Roman cavalry is often one of excitement and glory but the authors are aware that a true picture must not overlook the routine and the suffering This book provides a comprehensive account of the Roman cavalry and the current state of knowledge concerning it The wide selection of illustrations includes original drawings by Karen R Dixon [The Cavalry of the Roman Republic](#) Jeremiah B. McCall, 2005-06-29 In this original and revealing work Jeremiah B McCall challenges the generally accepted view of the Roman cavalry and explores the fundamental connections between war and society in republican Rome c 300 100 BC McCall describes the citizen cavalry s equipment tactics and motivation in battle and argues for its effectiveness in the field This success is proof that it cannot finally have been disbanded for purely military reasons he shows that victories in the law courts and lavish displays of wealth came to supersede cavalry service as a way of building the reputations of the Roman elite The clear structure and fresh approach of the book combining insights from both Roman military and social history will be useful to readers at all levels of study [Roman Cavalry Tactics](#) M.C. Bishop, 2025-08-28 A fully illustrated study of the Roman cavalry s evolution this fascinating book chronicles tactics and composition from the time of the Republic to the fall of the Dominate The cavalry wings that probed ahead of the Roman Army played a key role in its campaigns of conquest masking its marching flanks and seeking to encircle enemies in battle However the original small cavalry arm provided by the citizen nobility had proved inadequate before the end of the Republic and Julius Caesar s cavalry was largely made up of hired allies During the Early Principate the armies under Augustus continued in this vein incorporating large numbers of non citizen auxiliary cavalry units The provinces came under increasing attack throughout and following the chaotic mid 3rd century and Rome took lessons from its barbarian enemies in how to improve its military mobility adopting both new heavily armoured shock cavalry and horse archers and vitally shaping the tactics employed during the Dominate In this engaging study Roman Army expert M C Bishop charts how the cavalry grew to become the dominant force in Roman field armies by the twilight of the Western Empire Eight newly commissioned artwork plates and a rich selection of artefact photographs and archaeological sources provide vivid detail and insight helping to bring to the life the evolving tactics clothing and weaponry

of Rome's cavalry from the 2nd century BC through to the 5th century AD **Roman Heavy Cavalry (2)** Andrei Evgenevich Negin, Raffaele D'Amato, 2020-11-26 In the twilight of the Western Roman Empire in the 5th 6th centuries the elite of the field armies was the heavy armoured cavalry the cataphracts clad in lamellar scale mail and padded fabric armour After the fall of the West the Greek speaking Eastern or Byzantine Empire survived for nearly a thousand years and cavalry remained predominant in its armies with the heaviest armoured regiments continuing to provide the ultimate shock force in battle Accounts from Muslim chroniclers show that the ironclad cataphract on his armoured horse was an awe inspiring enemy they advanced against you iron covered one would have said that they advanced on horses which seemed to have no legs This new study replete with stunning full colour illustrations of the various units offers an engaging insight into the fearsome heavy cavalry units that battled against the enemies of Rome's Eastern Empire *The Roman Cavalry* Karen R. Dixon, Pat Southern, 2000 **Roman Cavalry Equipment** Ian P. Stephenson, Karen R. Dixon, 2003 With the help of 200 colour photographs the chief archaeologist from Channel 4's Time Team shows how England's changing landscape from prehistoric times to the present day can be interpreted from the air **Roman Cavalry Tactics** M.C. Bishop, 2025-08-28 A fully illustrated study of the Roman cavalry's evolution this fascinating book chronicles tactics and composition from the time of the Republic to the fall of the Dominate The cavalry wings that probed ahead of the Roman Army played a key role in its campaigns of conquest masking its marching flanks and seeking to encircle enemies in battle However the original small cavalry arm provided by the citizen nobility had proved inadequate before the end of the Republic and Julius Caesar's cavalry was largely made up of hired allies During the Early Principate the armies under Augustus continued in this vein incorporating large numbers of non citizen auxiliary cavalry units The provinces came under increasing attack throughout and following the chaotic mid 3rd century and Rome took lessons from its barbarian enemies in how to improve its military mobility adopting both new heavily armoured shock cavalry and horse archers and vitally shaping the tactics employed during the Dominate In this engaging study Roman Army expert M C Bishop charts how the cavalry grew to become the dominant force in Roman field armies by the twilight of the Western Empire Eight newly commissioned artwork plates and a rich selection of artefact photographs and archaeological sources provide vivid detail and insight helping to bring to the life the evolving tactics clothing and weaponry of Rome's cavalry from the 2nd century BC through to the 5th century AD *The Cambridge History of Greek and Roman Warfare* Philip Sabin, Hans van Wees, Michael Whitby, 2007-12-06 Second volume of a systematic and up to date account of Roman warfare from the Late Republic to Justinian *The Roman Army* Pat Southern, 2007-10-01 Written by a leading authority on Roman military history this fascinating volume spans over a thousand years as it offers a memorable picture of one of the world's most noted fighting forces paying special attention to the life of the common soldier Southern here illuminates the Roman army's history culture and organization providing fascinating details on topics such as military music holidays strategy the construction of Roman fortresses and forts the most common

battle formations and the many tools of war from spears bows and arrows swords and slingshots to the large catapulta which fired giant arrows and bolts and the ballista which hurled huge stones Perhaps most interesting are the details Southern provides about everyday life in the Roman army everything from the soldiers pay they were paid three times per year but money was deducted for such items as food clothing weapons the burial club the pension scheme and so on to their often brutal life if whole units turned and ran about one tenth of the men concerned were chosen by lot and clubbed to death and the rest were put on barley rations instead of wheat Moreover soldiers who lost weapons or their shields would fight savagely to get them back or would die in the process rather than suffer the shame that attached to throwing weapons away or running from the battle Attractively illustrated this book offers a fascinating look at the life of the Roman soldier drawing on everything from Rome s rich historical and archaeological record to soldier s personal correspondence to depictions of military subjects in literature and art **Soldiers' Lives through History - The Ancient World** Richard A.

Gabriel,2006-11-30 Once warfare became established in ancient civilizations it s hard to find any other social institution that developed as quickly In less than a thousand years humans brought forth the sword sling dagger mace bronze and copper weapons and fortified towns The next thousand years saw the emergence of iron weapons the chariot the standing professional army military academies general staffs military training permanent arms industries written texts on tactics military procurement logistics systems conscription and military pay By 2 000 B C E war was an important institution in almost all major cultures of the world This book shows readers how soldiers were recruited outfitted how they fought and how they were cared for when injured or when they died It covers soldiers in major civilizations from about 4000 B C E to about 450 C E Topics are discussed cross culturally drawing examples from several of the cultures armies and time periods within each chapter in order to provide the reader with as comprehensive an understanding as possible and to avoid the usual Western centric perspective too common in analyses of ancient warfare The Romans and The Antonine Wall of Scotland John Richardson,2019-01-28

With the coming of the Roman General Gaius Julius Caesar to Britain in both 55BC and 54BC life changed forever for the tribes inhabiting the British islands Emperor of Rome Antoninus Pius succeeded Emperor Hadrian on his death in AD 138 It was Antoninus who gave orders for the Roman Army to march into Scotland Under his instructions the new Roman frontier was built The Antonine Wall in Scotland The Antonine Guard belong to a History Society driven to inform on Scotland s ancient history The Sixth Legion stood as example and source for research for the modern Antonine Guard A founder member of this Society John S Richardson grew up with a fascination for civilizations of the past and has a lifelong interest in the history of Egypt Greece and Rome This book he wrote especially for you **Cynoscephalae**

197 BC Mark van der Enden,2025-06-19 A fascinating illustrated study of how the Roman Republican legions defeated the Macedonian army s much vaunted phalanxes The battle of Cynoscephalae represents a key moment in the history of the Greco Roman world In this one battle the Macedonian hold over mainland Greece was broken with the Roman Republic rising

in its place as the pre eminent power in the Greek East At Cynoscephalae the proud Macedonian kingdom of Antigonid monarch Philip V was humbled its army shattered Yet the battle and campaign leading up to it was hard fought and protracted Philip V had defied Rome and its allies in the First Macedonian War and was poised to do so again with the pike phalanx continuing to be a daunting opponent for the Roman legionaries Here classical archaeologist Dr Mark van der Enden drawing on primary sources and recent scholarship explores the battle not as an isolated event but as the culmination of three years of intensive campaigning the battle of the Aous gorge 198 BC is also considered The opposing armies their weaponry organization tactics and commanders are covered in detail and revealed in battlescene artworks and photos of material culture Maps and diagrams explore the movements to battle and command decisions taken Also examined is the performance of the Roman manipular legion over the Antigonid pike phalanx and whether Flamininus victory truly demonstrated the superiority of Roman arms

War and Warfare in Late Antiquity (2 vols.), 2013-08-19 This two volume publication explores the key factors determining the course and outcome of war in Late Antiquity Volume 8 1 includes a detailed review of strategic and tactical issues and eight comprehensive bibliographic essays which provide an overview of the literature In Volume 8 2 thematic papers examine strategy and intelligence fortifications and siege warfare weaponry and equipment literary sources and topography and civil war while papers focused on particular geographic regions home in on war and warfare in the West Roman Empire in the 4th and 5th centuries and the Balkans and the Eastern frontier in the 4th to 7th centuries AD Contributors are Susannah Belcher Neil Christie Ian Colvin John Conyard Jon Coulston Jim Crow Florin Curta Hugh Elton James Howard Johnston Jordi Galbany Jordi Gu rdia John Haldon Michel Kazanski Maria Kouroumali Michael Kulikowski Christopher Lillington Martin Marta Maragall Oriol Mercadal Jordi Nadal Oriol Olesti Alexander Sarantis Conor Whately Michael Whitby and John Wilkes

The Great Armies of Antiquity Richard A. Gabriel, 2002-11-30 Gabriel examines 18 ancient army systems examining the organizational structure and weapons employed and the degree to which cultural values and imperatives shaped the form and application of military force The tactical doctrines and specific operational capabilities of each army are analyzed to explain how certain technical limitations and societal cultural imperatives affected the operational capabilities of ancient armies Cross cultural and cross historical connections ground the analysis in the larger historical context of the ancient world Sumer and Akkad The Armies of the Pharaohs The Hittites The Mitanni Armies of the Bible The Iron Army of Assyria Chinese Armies Persia and the Art of Logistics The Greeks Carthaginian Armies Armies of India Rome The Iberians Celts Germans and Goths The Army of Byzantium The Vikings The Arab Armies The Japanese Way of War The Mongols The Ottomans This book also provides an introductory overview of war in the ancient world from 2500 B C E to 1453 C E as well as an examination of the evolution of modern warfare from 1453 to 2002 C E

Armies of the Macedonian and Punic Wars Duncan Head, 2016-02-10 Armies of the Macedonian and Punic Wars is an important member of the WRG Ltd Armies and Enemies series First published in 1983 it has long been out of print and we

are delighted to make it available once more It includes details of Persian Greek Boiotian Spartan Athenian Phokian Aitolian Achaian Tarantine Syracusan Macedonian Thessalian Successor Antigonid Epeirot Ptolemaic Kyrenean Seleucid Pergamene Bactrian and Indian Greek Maccabean Thracian Bithynian Illyrian Scythian Bosporan Sarmatian Saka Parthian Indian Carthaginian Numidian Spanish Celtic Galatian Roman Latin Samnite Campanian Lucanian Bruttian Apulian and Etruscan armies **A Companion to Latin Studies** ,1910 *A Companion to Latin Studies* John Edwin Sandys,1921 **The New American Cyclopaedia** George Ripley,Charles Anderson Dana,1860 **Conflict in Ancient Greece and Rome** Sara Elise Phang,Iain Spence Ph.D.,Douglas Kelly Ph.D.,Peter Londey Ph.D.,2016-06-27 The complex role warfare played in ancient Greek and Roman civilizations is examined through coverage of key wars and battles important leaders armies organizations and weapons and other noteworthy aspects of conflict Conflict in Ancient Greece and Rome The Definitive Political Social and Military Encyclopedia is an outstandingly comprehensive reference work on its subject Covering wars battles places individuals and themes this thoroughly cross referenced three volume set provides essential support to any student or general reader investigating ancient Greek history and conflicts as well as the social and political institutions of the Roman Republic and Empire The set covers ancient Greek history from archaic times to the Roman conquest and ancient Roman history from early Rome to the fall of the Western Roman Empire in 476 CE It features a general foreword prefaces to both sections on Greek history and Roman history and maps and chronologies of events that precede each entry section Each section contains alphabetically ordered articles including ones addressing topics not traditionally considered part of military history such as noncombatants and war and gender followed by cross references to related articles and suggested further reading Also included are glossaries of Greek and Latin terms topically organized bibliographies and selected primary documents in translation The New American Cyclopaedia: a Popular Dictionary of General Knowledge ,1863

The Enigmatic Realm of **Roman Cavalry**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Roman Cavalry** a literary masterpiece penned by way of a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of people who partake in its reading experience.
