Zuckerman, 1996-04-16 This is the first book to portray the history of the Russian secret police the so called Okhrana its personnel world view and interaction with both government and people during the reigns of Alexander III and Nicholas II The secret police harassed infiltrated and subverted Russian radical and progressive society as it struggled to preserve Tsardom s traditional political culture in the face of Russia s rapid socio economic transformation a transformation which the forces of order scarcely understood yet deeply despised *Roman Malinovsky, a Life Without a Cause* Ralph Carter Elwood, 1977 **Bibliographic Guide to Soviet and East European Studies** , 1981 **Subject Catalog, 1979** Library of Congress, 1979 *Library of Congress Catalogs* Library of Congress, 1980 *Subject Catalog* Library of Congress, 1979 *Canadiana* , 1981 **Reinterrogating the Classical Marxist Discourses of Revolutionary Democracy** Soma Marik, 2008 *The Russian Revolution and Civil War 1917-1921* Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **Young Stalin** Simon Sebag Montefiore, 2008-10-14 From the New York Times bestselling author of *The Romanovs* and one of our pre eminent historians comes a meticulously researched authoritative biography The New York Times the companion volume to the prize winning *Stalin* and essential reading for anyone interested in Russian history This revelatory account unveils how Stalin became Stalin examining his shadowy journey from obscurity to power from master historian Simon Sebag Montefiore Based on ten years of research *Young Stalin* is a brilliant prehistory of the USSR a chronicle of the Revolution and an intimate biography Montefiore tells the story of a charismatic darkly turbulent boy born into poverty scarred by his upbringing but possessed of unusual talents Admired as a romantic poet and trained as a priest he found his true mission as a murderous revolutionary Here is the dramatic story of his friendships and hatreds his many love affairs his complicated relationship with the Tsarist secret police and how he became the merciless politician who shaped the Soviet Empire in his own brutal image **The Non-Geometric Lenin** Carter Elwood, 2011-04-01 This book is a collection of eleven essays dealing with important but little studied episodes in Lenin s attempt to build a Bolshevik Party before 1914 It also deals with his defence of Roman Malinovsky who turned out to be a police spy and his romantic

involvement with a fellow Bolshevik Inessa Armand The last three essays paint a picture of a non geometric Lenin and his little known interests in food holidaying and sports **Longman Companion to Imperial Russia, 1689-1917** David Longley,2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 covering the eventful period from the accession of Peter the Great to the fall of Nicholas II Not only is a vast amount of material on key events and topics brought together but the book also contains fascinating background material to convey the reality of life in the period **Utopia's Discontents** Faith Hillis,2021 Utopia s Discontents provides the first synthetic treatment of the Russian revolutionary emigration before the Revolution It argues that neighborhoods created by Russian exiles became sites of revolutionary experimentation that offered their residents a taste of their anticipated utopian future **The Ballot, the Streets—or Both** August H. Nimtz,2019-11-05 Nimtz uncovers in one that attempts to chart a course between plain opportunism and anarchist rejections of the electoral arena Instead electoral campaigns are seen as crucial for developing political education and organisation and as a key way to measure your forces and communicate with the wider population As radical left reformist projects exemplified by Sanders and Corbyn once again become a political force and the left has to think about what it means to run for office in a capitalist state it s a good time to look back at how the left has historically conducted such debates **Conspirator** Helen Rappaport,2010-02-23 Helen Rappaport s Conspirator is a vivid account of Vladimir I Lenin s years of exile in Europe showing that this often overlooked period shaped the life of one of the 20th century s most important figures In the years leading up to the Russian Revolution Lenin traveled between the capital cities of Europe developing a complex network of collaborators and co conspirators that would play a significant role in the struggle to come Rappaport sheds a rare light onto Lenin s early life describing his relationship with his wife Nadezhda Krupskaya and his extraordinary and unexpected love affair with beautiful activist Inessa Armand In a riveting narrative Conspirator describes the courage and the comedy the setbacks schisms and disappointments the extreme persistence and the ruthless dedication that carried Lenin and his colleagues along the inexorable path to the Russian Revolution *The Secret File of Joseph Stalin* Roman Brackman,2004-11-23 This account of Stalin s life begins with his early years the family breakup caused by the suspicion that the boy was the result of an adulterous affair the abuse by his father and the growth of the traumatized boy into criminal spy and finally one of the 20th century s political monsters **The British Library General Catalogue of Printed Books 1976 to 1982** British Library,1983 Lenin Дмитрий Антонович Волкогонов,1994-10-12 The first biography of the Soviet founder based on full access to the newly opened Russian archives This compelling story of Lenin and the system he created demonstrates that many of the characteristics of so called Stalinism were firmly laid down in Lenin s lifetime usually on Lenin s direct orders 8 page photo insert *National Union Catalog* , Includes entries for maps and atlases
