Roman Catholicism Yesterday And Today:

Roman Catholicism Yesterday and Today Robert A. Burns, 1992 **Catholic History for Today's Church** John W. O'Malley, SJ, 2015-09-15 We can't understand the issues swirling in today's Catholic church without understanding the past. In *Catholic History for Today's Church*, acclaimed historian John W. O'Malley SJ illuminates some of today's most contentious issues from celibacy to the role of the pope through their history. In his characteristically engaging style, O'Malley's essays provide readers with an overview of each theme in history, then explore how that past connects with life today. Many of the essays highlight his expertise on the papacy and the papal curia, as well as the significance and legacies of the Council of Trent and Vatican II. By taking a historical approach, O'Malley shows how contemporary issues arose, assesses where they are today, and suggests how they might be changed for the better. *Catholic History for Today's Church* takes an invaluable long view on topics that too often find us shortsighted.

The Origin of the Roman Catholic Church in Korea Jai-Keun Choi, 2006 Hailed by leading South Korean academics as the most significant research on the history of Korean Catholicism to date, Professor Jai Keun Choi of Yonsei University in Korea explores the origin of the Roman Catholic Church in the Korean peninsula. Professor Choi raises important historical questions: What were the historical forces that allowed Roman Catholicism to take root in the 19th century Choson Korea despite official governmental efforts to stamp out Catholicism through systematic persecution? What was the Korean populist reaction to Roman Catholic missions? What was the role that native Korean converts played in the spread of Catholicism throughout Korea? With a keen eye to the delicacies of conflicting historical forces, Professor Choi adroitly explains the complexities of the clash of civilizations in the experience of Choson Korea, where Korean Confucianism responded with greatest hostility to Roman Catholicism from the West. This book makes a significant scholarly contribution not only in the study of Korean history but also in such academic disciplines as sociology of religion, anthropology, political science, and international relations.

The Philippines Yesterday and Today Delia Kuhn, Ferdinand Kuhn, 1966 Introductory survey of the country's American, Spanish, and pre-Spanish history and its political, economic, and social institutions since 1946. **The Founding of the Roman Catholic Church in Oceania, 1825 to 1850** Ralph M. Wiltgen, 2010-06-01 The *Founding of the Roman Catholic Church in Oceania, 1825-1850* is the first detailed and documentary history of the seminal period of Roman Catholic missionary activity. Beginning with the founding of the Prefecture Apostolic of the Sandwich Islands in 1825, there was continued development in Australia, New Zealand, Melanesia, Micronesia, and Polynesia for the next quarter century. By 1850, this vast area of the South Seas could boast of one archdiocese, eight dioceses, and eight vicariates apostolic. This lively, dramatic narrative is told largely through the words of the participants, drawn from diaries, documents, and letters found in the archives of the Vatican and several religious orders. The comprehensive tale ranges from the politics of the Vatican to sufferings on outpost islands. The focus of attention shifts from Rome to Paris, Valparaíso, Sydney, Honiara, Auckland, and many other places in a study of men and institutions, faith, and

emotion rivalries and confusions murder and annexation God and mammon Originally published in 1979 this important historical study had been out of print and virtually unavailable for many years until this new edition was completed

Process Thought and Roman Catholicism John Becker, Marc A. Pugliese, 2022-03-21 This collection of essays explores convergences and divergences between process thought and Roman Catholicism with the goal of identifying reasons for why process philosophy and theology has not had the same impact in Roman Catholic circles as in Protestantism and of constructively navigating avenues of promising engagement between Process thought and Roman Catholicism In creatively considering the Roman Catholic tradition from the vantage point of Process thought different theoretical perspectives are brought to bear on Catholic characteristics of historical theology fundamental theology systematic theology moral theology social justice and theology of religions While the contributors draw upon a broad range of resources from the disciplines of the physical and social sciences philosophy and ethics from a process perspective the primary methodology employed is theological reflection

Roman Catholicism After Vatican II Robert A. Burns, 2001 The second Vatican Council which concluded in December 1965 inaugurated a reformation process in the Catholic Church that continues to this day Grounding his discussion in the documents that came out of Vatican II Robert Burns addresses four critical questions that face the Church largely as an outcome of this first truly global Church council First Burns presents an overview of the evolving Roman Catholic understanding of Jesus Christ He follows with an analysis of authority within the Church a matter of some contention in today's democratic societies and a discussion of Catholicism as a global church incorporating people and practices from many cultures Finally Burns examines the validity of other religions in relation to the Christian claim that salvation through Jesus is unique and final A readable introduction for all Catholics interested in learning more about their church the book includes features such as chapter summaries and study questions that also make it an ideal textbook for undergraduates or parish study

Back to the Future of the Roman Catholic Church Carmen J. Calvanese,2014-11-04 This book explores the notion that the Roman Catholic Church risks imploding from within as a result of its inflexibility towards movements in favor of reasonable change and modernization Attendance at Sunday Mass has dramatically decreased the loss of the youth in these churches is a case in point At the same time the lack of vocations to the priesthood and religious life is at crisis proportions as is further evidenced by the closing of parishes and the curtailing of religious services including the rising phenomenon of priest less Parishes Young men today even if they aspire to the priesthood experience both unrest and rejection at the continued demand of the Church s leadership that priests commit themselves to the lifelong discipline of celibacy Back to the Future of the Roman Catholic Church addresses the root causes of the various developments that have provoked discontent with Church policies and defections from parish life on the part of those who appear to have lost faith in their hierarchical leaders at the highest levels of Church governance Finally this book probes the ways in which the Church can emerge from its crises to become once again faithful to its origins as founded by Jesus Christ **Korea and the Imperialists** Young Park,2009 KOREA AND THE IMPERIALISTS Until the Korean War in 1950 except for evangelist Christian missionaries

Americans were not interested in Korea or considered it important in the scheme of things Many did not know Korea had existed as an independent kingdom for centuries and others thought Korea might be a part of China or Japan Nationalism geopolitics and imperialism were the major determinants of international events in the late nineteenth and early twentieth century Greed and racism were the prime motivators of imperialism and non White societies of the world were the victims Korea was one of many countries that was invaded and made a sphere of influence With the support of America and Britain Japan destroyed Korea s traditional national identity and made Korea a colony in the Japanese Empire It was the perfect example of how imperialism profoundly affected the social economic and political life of countries subjugated by imperialist powers After World War II Korea was not granted independence because the Americans did not believe Koreans were capable of self government Korea was divided into two military occupation zones resulting in the creation of a Russian and an American satellite state In an effort to unite Korea North Korea invaded South Korea The U S China and the two Korean states fought a meaningless war and Korea remains divided Who are the Koreans Why are there two Koreas What is Korea s national identity What role does imperialism and racism play in the destruction of national identities Hopefully this brief history of Korea and the Imperialists will provide some answers *The authenticated report of the discussion ... in ... the Roman Catholic college of Downside ... on the 25th, 26th, and 27th ...
