LAW AND ORDER UPDATE

WE'RE REVOLTING! SAYS REBEL RABBLE

Slasher Spartacus, darling of the Gladiator Arena, has put the wind up a few togas. The ex-soldier from Thrace has horrified citizens by quitting his job in the arena to concentrate on a major rebellion.

After defeating four Roman armies, Spartacus is currently hiding out in Tarentum with 6,000 renegade gladiators and slaves.

The Roman Senate has sent two top generals and 40,000 troops to settle the matter.

Generals Pompey and

Spartacus, yesterday.

Crassus told the *Record*: "We intend to slice Spartacus and his shabby bunch of nobodies into pieces. Then we're going to crucify whoever's left."

Concerned citizens of Pompeii, near Naples, were told yesterday "Your town is safe" by Roman Senator Livius Impulvius.

Town officials hope this announcement will quell fears of an eruption from nearby Mount Vesuvius which could easily cover the town in ash and red-hot lava.

"House prices have just collapsed," said a local merchant, "and nobody will invest in the town."

EXTINCT

Anxiety has been mounting following reports of billowing smoke emerging from the so-called "extinct" mountain. But Impulvius has dismissed these sightings as "a bit of dust flying around."

"Besides," he told the *Record*, "such talk of impending disaster is all poppycock. I've spent considerable sums of money

Pompeian citizens contemplating a red-hot future.

consulting all manner of fortune tellers and soothsayers, and what they have to say about Pompeii is most encouraging.

Time and time again I get the same message. 'Pompeii will become one of the most famous towns in Ancient Times. Its

buildings, businesses, even its house decorations, will become the object of intensive study, and influence European art and design well into the 20th century.' That doesn't sound like a town that's about to get covered in red-hot ashes to me!"

The Roman Record Paul Dowswell, 1997 A humorous tabloid style summary of the news from Ancient Rome **Records of Roman History** Francis Hobler, 2022-07-27 Reprint of the original first published in 1860 **Records of Roman History, from Cnaeus Pompeius to Tiberius Constantinus, as Exhibited on the Roman Coins** Francis Hobler, 1860

Records of Roman History Francis Hobler, 1860 *History of the British Flora* Godwin, 1984-07-19 The chief aim of this book is the reconstruction of the processes and events that have determined the present flora and vegetation of the British Isles first of all through the long ages when natural conditions prevailed and cycles of glaciations and recessions and slow geological processes were in charge and afterwards through the nearer and much shorter span of time during which from the Neolithic onwards human interference has progressively and severely altered the scene This is an exercise in biogeography that Darwin called that grand subject that almost keystone to the laws of nature But instead of adopting Darwin's conjectural approach based largely on circumstantial evidence what this 1975 second edition achieves is a factual reconstruction of events by records of the actual presence of individual species or genera in large numbers at particular sites and specified times through the geological and historic record A Historical Guide to Roman York Paul Chrystal, 2021-12-30 Considering that York was always an important Roman city there are few books available that are devoted specifically to the Roman occupation even though it lasted for over 300 years and played a significant role in the politics and military activity of Roman Britain and the Roman Empire throughout that period The few books that there are tend to describe the Roman era and its events in date by date order with little attention paid either to why things happened as they did or to the consequences of these actions and developments This book is different in that it gives context to what happened here in the light of developments in Roman Britain generally and in the wider Roman Empire the author digs below the surface and gets behind the scenes to shed light on the political social and military history of Roman York Eboracum explaining for example why Julius Caesar invaded what indeed was really behind the Claudian invasion why was York developed as a military fortress why as one of Roman Britain's capitals Why did the emperors Hadrian and Severus visit the fortress You will also discover how and why Constantine accepted and projected Christianity from here York's role in the endless coups and revolts besetting the province the headless gladiators and wonderful mosaics discovered here and why the Romans finally left York and Roman Britain to its own defence These intriguing historical events are brought to life by reference to the latest local archaeological and epigraphical evidence to current research and to evolving theories relating to the city's Roman treasures of which can be seen in the Yorkshire Museum in York or in situ **Architectural Record**, 1908

Rome's Great Eastern War Gareth C. Sampson, 2021-08-31 This military history of Ancient Rome analyses the empire's revitalized push against rising enemies to the East In the century since Rome's defeat of the Seleucid Empire in the 180s BC the East was dominated by the rise of new empires Parthia Armenia and Pontus each vying to recreate the glories of the Persian Empire By the 80s BC the Pontic Empire of Mithridates had grown so bold that it invaded and annexed the whole of Rome's eastern empire and occupied Greece itself But as Rome emerged from the devastating effects of the First Civil War a new breed of general emerged with it eager to reassert Roman military dominance and carve out a fresh empire in the east In Rome's Great Eastern War Gareth C Sampson analyses the military campaigns and battles between a revitalized Rome and the various powers of the eastern Mediterranean hinterland He demonstrates how this series of conflicts ultimately heralded a new phase in Roman imperial expansion and reshaped the ancient East

A History of the Pyrrhic War Patrick Alan Kent, 2019-08-28 A History of the Pyrrhic War explores the multi polar nature of a conflict that involved the Romans peoples of Italy western Greeks and Carthaginians during Pyrrhus western campaign in the early third century BCE The war occurred nearly a century before the first historical writings in Rome resulting in a malleable narrative that emphasized the moral virtues of the Romans transformed Pyrrhus into a figure that resembled Alexander the Great disparaged the degeneracy of the Greeks and demonstrated the malicious intent of the Carthaginians Kent demonstrates the way events were shaped by later Roman generations to transform the complex geopolitical realities of the Pyrrhic War into a one dimensional duel between themselves and Pyrrhus that anticipated their rise to greatness This book analyses the Pyrrhic War through consideration of geopolitical context as well as how later Roman writers remembered the conflict The focus of the war is taken off Pyrrhus as an individual and shifted towards evaluating the multifaceted interactions of the peoples of Italy and Sicily A History of the Pyrrhic War is a fundamental resource for academic and learned general readers who have an interest in the interaction of developing imperial powers with their neighbors and how those events shaped the perceptions of later generations It will be of interest not only to students of Roman history but also to anyone working on historiography in any period
