History of Romania Kelly Mass, The earliest evidence of human habitation in what is now Romania dates back to prehistoric times but one of the first recorded mentions comes from the writings of the ancient Greek historian Herodotus In his work *Histories* Book IV written around 440 BC Herodotus described the Getae a Thracian tribe residing in the region that would later become Romania According to Herodotus the Getae were defeated by Persian Emperor Darius the Great during his military campaign against the Scythians This reference marks an important historical mention of the people inhabiting the area The Dacians a branch of the Thracian people are believed to have been closely related to the Getae

mentioned by the Greeks The Dacians inhabited a region known as Dacia which included present day Romania Moldova parts of northern Bulgaria and surrounding areas Their culture society and military strength developed significantly making them a prominent force in southeastern Europe The Dacians are often regarded as the ancestors of modern Romanians and their legacy is a crucial element of Romanian national identity **Area Handbook for Romania** Eugene K. Hungarian Religion, Romanian Blood R. Chris Davis, 2019-01-08 Amid the rising nationalism and racial politics that culminated in World War II European countries wishing to purify their nations often forced unwanted populations to migrate The targeted minorities had few options but as R Chris Davis shows they sometimes used creative tactics to fight back redefining their identities to serve their own interests Davis's highly illuminating example is the case of the little known Moldavian Csangos a Hungarian and Romanian speaking community of Roman Catholics in eastern Romania During World War II some in the Romanian government wanted to expel them The Hungarian government saw them as Hungarians and wanted to settle them on lands confiscated from other groups Resisting deportation the clergy of the Csangos enlisted Romania's leading racial anthropologist collected blood samples and rewrote a millennium of history to claim Romanian origins and national belonging thus escaping the discrimination and violence that devastated so many of Europe's Jews Roma Slavs and other minorities In telling their story Davis offers fresh insight to debates about ethnic allegiances the roles of science and religion in shaping identity and minority politics past and present Third Axis, Fourth Ally Mark Axworthy, Cornel I.
