Romanian Modernism The Architecture Of Bucharest 1920 194:

Romanian Modernism Luminita Machedon, Ernest Rowland Scoffham, 1999 Modern architecture flourished in Romania between the two World Wars and is still visible as a neglected and almost forgotten past amid the contradictions of present day Bucharest Much of the text is based on archival research in Bucharest Urban Phantasmagorias Iulia Stătică, 2023-11-30 Urban Phantasmagorias examines the legacies of socialist housing in the city of Bucharest during the period of communist rule in Romania The book explores the manner in which the socialist state reconfigured the city through concrete acts of demolition and construction as well as indirectly through legal frameworks aimed at the regulation of women s reproductive agency in an attempt to materialize its idea of modernity It follows the effects of this state agenda with a focus on the period between 1965 and 1989 through an investigation of the transformations representations meanings and uses of domestic spaces The book draws on Walter Benjamin s concept of phantasmagoria which provides a critical framework through which it articulates the dynamic relationship between ideology architecture and everyday practices and reassesses their impact upon individual subjectivity and agency The woman emerges as a central subject of the book upon whom the phantasmagoric effects of the socialist state s modernizing agenda have an acute impact at the level of lived domesticity and everyday life Through a focus on the lived experiences of women the book illuminates the prismatic effect of the state s infrastructural and legal intentions including the ways in which these were subverted through women s lived bodily experiences of the home The book establishes both theoretically and through the concrete case of the city of Bucharest the methodological significance of Benjamin s notion of phantasmagoria as an epistemological approach to a modern communist cityscape Urban Phantasmagorias is an important contribution to scholarship in architectural history and theory urban and gender studies and post socialist and Eastern European studies **Performing Modernism** Alexandra Chiriac, 2022-07-18 Der Band befasst sich mit der Moderne in Design und darstellender Kunst im Rum nien der Zwischenkriegszeit Er folgt den transnationalen Wegen bemerkenswerter j discher K nstler innen Schauspieler innen und Regisseur innen der Avantgarde die in den 1920er und 30er Jahren in Bukarest t tig waren Das Buch deckt einerseits die Geschichte von Bukarests erster moderner Designinstitution auf und untersucht die Verbindungen zu deutschem Design und Bauhaus Der Fokus liegt andererseits auf innovativen Kollaborationen im Bereich des jiddischen Theaters darunter der Aufenthalt der weltbekannten Wilnaer Truppe in Rum nien Die Autorin zeigt auf wie Bukarest mit Berlin Riga und Chicago in Verbindung stand und beleuchtet den Beitrag j dischen Kulturschaffens zur Avantgardebewegung in Europa und dar ber hinaus **Na styku dwóch epok** Maria Sołtysik, 2003 **Romanian Modernism** Luminita Machedon, Ernie Scoffham, 1999 **Arts & architecture 1920 - 1940** Mariana Celac, 1993 The Socialist Life of Modern Architecture Juliana Maxim, 2018-12-07 The Socialist Life of Modern Architecture is the first systematic architectural history of Romania under socialism written in English It examines the mechanisms through which modern architecture was invested with political meaning and in reverse

how specific architectural solutions came to define the socialist experience Each of the book s three parts traces the historical development of one key aspect of Romania s architectural culture between the years 1949 1964 the planning and construction of housing districts in Bucharest the role of typification of design and standardization of construction in a project of cultural transformation the production and management of a folk architectural tradition Going beyond buildings and architects to consider the use of photography painting and novels as well as narrations of history and the formation of an ethnographic architectural heritage the author explores how buildings came to participate in the cultural imagination of socialism and became in fact a privileged medium of socialism Part of the growing interest in the significance of Soviet Bloc architecture this is an important contribution to the fields of architectural history cultural history and visual culture
