text A very broad range of methods is introduced from traditional criticisms such as source criticism and historical criticism to more modern methods such as feminist criticism and liberation criticism Readers will understand how different meanings and emphases can be drawn from a text depending upon the method of interpretation chosen They will also be given the skills to start analyzing and examining texts for themselves in a meaningful and insightful way *Help for Holiness* Paul F. Evans, 2018-10-30 At one time there was a great deal of interest in the topic of holiness but not so much anymore Theological wrangling and impossible legalism has left many in the church frustrated and confused with part of that confusion arising from idealism in the pulpit that rang hollow in the lives and experiences of ordinary believers But what if there was significant help from God in the enterprise of living a morally triumphant life where habitual sinning was not inevitable and where the development of godly character was possible and found through a maturing relationship with God and growth in the Christian life The apostle Paul certainly thought so In *Help for Holiness* author and senior pastor Paul F Evans revisits the topic of holiness and explores Paul's admonition that believers shouldn't seek more rules legalism nor give in to moral pessimism that says we cannot help but sin every day in word thought and deed Instead through morally transformative justification and regeneration followed by a commitment to the crucifixion of the old life in the death of Christ we can be raised to new life which through ongoing surrender to the Spirit can in fact produce the conduct and character God is looking for In this postmodern world we do not need to abandon an emphasis on righteous and holy living God really has made a provision for us to succeed morally Holiness was started by grace and God will complete it in us by grace through the Spirit **Pneumaformity** Mark J. Keown, 2024-09-17 Prominent recent studies elevate the themes of Christoformity and Cruciformity in Paul but few sufficiently account for how a believer is actually transformed into the image of Christ Pneumaformity fills the gap in Pauline studies by surveying Paul's letters for teachings on the Spirit's agency in the life of God people This study aptly demonstrates that the Holy Spirit is the instrument through whom such radical living is possible This study dives into Paul's teachings on the following aspects of the Spirit's agency and more The Spirit's participation in conversion The Spirit's role in forming Christian character The Spirit's integrating work within the Christian community The Spirit and missional engagement The Spirit's place in the believer's final eschatological transformation Keown shows how Paul infuses his christological language with pneumatological realities offering readers a fuller understanding of the Spirit's work in individuals the church and the world *Pillars in the History of Biblical Interpretation, Volume 2* Stanley E. Porter, Sean A. Adams, 2016-11-03 This two volume set is part of a growing body of literature concerned with the history of biblical interpretation The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed Volume 1 contains fourteen essays on twenty two interpreters who were principally active before 1980 and volume 2 has nineteen essays on

twenty seven of those who were active primarily after this date Each chapter provides a brief biography of one or more scholars as well as a detailed description of their major contributions to the field This is followed by an often new application of the scholar s theory By focusing on the individual scholars and their work the book recognizes that interpretive approaches arise out of certain circumstances and that scholars are influenced by and have influences upon both other interpreters and the times in which they live This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed

The Psychotheology of Sin and Salvation Paul V. Axton, 2015-10-22 Through the employment of the work of Slavoj i ek and his engagement with the Apostle Paul Axton argues that Paul in Romans 6 8 understands sin as a lie grounding the subject outside of Christ and salvation is an exposure and displacement of this lie The theological significance of i ek along with Sigmund Freud and Jacques Lacan is his demonstration of the pervasive and systemic nature of this lie and its description as he finds it in Romans 7 The specific overlap of the two disciplines of psychology and theology is found in the psychoanalytic understanding that the human Subject or the psyche is structured in three registers the symbolic the imaginary and the real These three registers function like a lie analogous to the Pauline categories of law ego and the body of death which constitute Paul s dynamic of sin s deception Axton argues that if sin is understood as a lie grounding the Subject the exposure of the lie or the dispelling of any notion of mystery connected to sin is integral to salvation and the reconstructing of the Subject in Christ While the lie of sin is mediated by the law new life in the Spirit is not through the law but is a principle unto itself which though it accounts for the law is beyond the law

Romans (Understanding the Bible Commentary Series) James R. Edwards, 2011-08-01 Martin Luther called Romans the clearest gospel of all But centuries of interpretive tradition and dogma have muddled the waters Edwards s careful exposition pays attention to literary detail and historical context to clarify the Epistle s significance for its original readers and for the church today The NIBC format section by section exposition of the NIV all Greek transliterated and separate textual and technical notes make this commentary ideal for laypeople and pastors

A Light to the Nations Stanley M. Burgess, Paul W. Lewis, 2017-03-02 The essays in this volume which are written by friends colleagues and former students are dedicated to Gary B McGee as a memorial to his life work and service As a professor with a clear calling to teach he modeled this passion at the Open Bible College Des Moines Iowa Central Bible College Springfield Missouri and the Assemblies of God Theological Seminary Springfield Missouri He exuded the understanding that quality teaching superior scholarship a genuine Pentecostal spirituality and an irenic spirit can and should go together Within the title of this volume A Light to the Nations two aspects become clear First each person is called to be a light to the nations as Gary McGee modeled Second and foundational to the first is the reality that Jesus Christ is the ultimate light and our energies study discussions and life in general should rely on this fact As a reflection of Gary McGee s life and ministry these two aspects are focused through three lenses which are the three sections of this volume Ecumenism

Missions and Pentecostalism The essays represent a diversity of subjects and denote various explorations by colleagues and friends of Gary B McGee *The Bible Study Union Lessons* ,1912 Becoming Disciples Through Bible Study Robert Schnase,2005
